Target Oriented Curriculum

Programme of Study for Mathematics

Key Stage 2

(Primary 4 - 6)

Prepared by
the Curriculum Development Council

Recommended for use in schools by
the Education Department
Hong Kong

1995

CONTENTS

		Page
Preamble		3
Chapter 1	**Introduction**	4
1.1	Purposes of the Programme of Study	4
1.2	Contents of the Programme of Study	4
1.3	Relationship between the Programme of Study and the existing Syllabus	4
Chapter 2	**Hierarchy of Learning Targets for Mathematics**	5
2.1	Learning Dimensions for Mathematics	5
2.2	Hierarchy of Learning Targets	5
2.3	Subject Learning Target for Mathematics	6
2.4	Dimension Learning Targets and Learning Objectives	6
Chapter 3	**Learning Objectives for Key Stage 2 with Illustrations**	12
3.1	NUMBER Dimension	13
3.2	MEASURES Dimension	19
3.3	ALGEBRA Dimension	24
3.4	SHAPE & SPACE Dimension	25
3.5	DATA HANDLING Dimension	29
Chapter 4	**Modules and Units**	36
Chapter 5	**Learning Tasks and Exercises**	40
5.1	Exemplar Learning Tasks	41
5.2	Exemplar Learning Exercises	51
Chapter 6	**Specific Issues in Mathematics Teaching**	55
6.1	Ways of Learning and Using Knowledge	55
6.2	Integrative Use of the Subject	56
6.3	Some Suggested Methods	57
6.4	Catering for Individual Differences	57
6.5	Resources	60

		Page
Chapter 7	**Assessment**	62
7.1	Assessment and the Learning Targets	62
7.2	Assessment Scheme: Tasks and Exercises	62
7.3	Criteria for Judging Performance	84
7.4	Bands of Performance	86
7.5	Descriptors of Performance in Mathematics for Bands 3 and 4	86
7.6	Awarding of Bands of Performance	89
Chapter 8	**Reporting**	90
8.1	Frequency of Reporting	90
8.2	Suggested Report Format	90
Chapter 9	**Scheme of Work**	96
Appendix A —	**Overview of Learning Targets and Objectives Key Stages 1 and 2**	97
Appendix B —	**Summary of Contents of *Syllabuses for Primary Schools: Mathematics, 1983***	105
Appendix C —	**Exemplar Showing the Overview of Modules and Units for Key Stage 1**	114
Appendix D —	**Descriptors of Performance in Mathematics for Bands 1 and 2**	117
Appendix E —	**Suggested Modules and Units for Each School Term in Key Stage 2**	119
Appendix F —	**Exemplar Scheme of Work**	125
Appendix G —	**Enrichment Topics**	127

PREAMBLE

The Programmes of Study for Mathematics, prepared by the Curriculum Development Council, provide practical guidelines to help teachers implement the Target Oriented Curriculum in Mathematics at Key Stages 1-4 (Primary 1 to Secondary 5). The contents of the Programmes of Study are based on the TOC Curriculum Framework as well as the existing Primary and Secondary Syllabuses. The Programme of Study for Key Stage 2 (Primary 4 to 6) is described in this document. In reading this document, teachers should use the *Syllabuses for Primary Schools: Mathematics, 1983* for reference. Those for the other Key Stages will be described in similar documents in the series.

The TOC Curriculum Framework is developed from the cross-curricular framework developed by the HKLDF/ILE TOC project Team, established through the sponsorship of the HongkongBank Language Development Fund. The contribution of the Team is acknowledged with appreciation.

Comments on the Programme of Study are welcome and should be sent to:

Principal Curriculum Planning Officer (Primary and Kindergarten),
Curriculum Development Institute,
Education Department,
13/F., Wu Chung House,
213 Queen's Road East,
Wanchai,
Hong Kong.
