Preamble		i
Acronyms		iii
Chapter 1	**Introduction**	1
1.1	Background	1
1.2	Rationale	1
1.3	Curriculum Aims	2
1.4	Interface with the Junior Secondary Curriculum and Post-secondary Pathways	3
Chapter 2	**Curriculum Framework**	5
2.1	Design Principles	5
2.2	The Mathematics Education Key Learning Area Curriculum Framework	7
2.3	Aims of Senior Secondary Mathematics Curriculum	10
2.4	Framework of Senior Secondary Mathematics Curriculum	11
2.5	Compulsory Part	13
2.6	Extended Part	43
Chapter 3	**Curriculum Planning**	89
3.1	Guiding Principles	89
3.2	Curriculum Planning Strategies	91
3.3	Progression	94
3.4	Curriculum Management	99
Chapter 4	**Learning and Teaching**	103
4.1	Knowledge and Learning	103
4.2	Guiding Principles	104
4.3	Choosing Learning and Teaching Approaches and Strategies	106
4.4	Classroom Interaction	114
4.5	Learning Community	117

4.6 Catering for Learner Diversity 118
4.7 Use of Information Technology (IT) in Learning and Teaching 119

Chapter 5 Assessment 121
5.1 The Roles of Assessment 121
5.2 Formative and Summative Assessment 122
5.3 Assessment Objectives 123
5.4 Internal Assessment 124
5.5 Public Assessment 128

Chapter 6 Learning and Teaching Resources 137
6.1 Purpose and Function of Learning and Teaching Resources 137
6.2 Guiding Principles 137
6.3 Types of Resources 138
6.4 Use of Learning and Teaching Resources 142
6.5 Resource Management 143

Appendices 145
1 Reference Books for Learning and Teaching 145
2 Useful Websites 155

Glossary 165
