The Challenges of Education Reform

- No quick fix
 - Conflicting values and priorities
 - Moral undertaking
 - Political interference
- 

Core Values and Beliefs

1. Every child has a capacity to learn – set high expectations
 2. Accept responsibility for students' learning – focus on learning outcome
 3. Lifelong learning and continuing improvement – aim for excellence
- 

Principles and Practice

(1) Focus on students

- Increase learning opportunities
- Provide choice to suit individual interests and aptitude
- Safeguard student interests amidst other considerations

Principles and Practice

(2) Emphasize professionalism

- Build professional capacity at all levels
- Establish robust evidence base for school improvement
- Create professional learning communities

Principles and Practice

(3) Aim for sustainable development

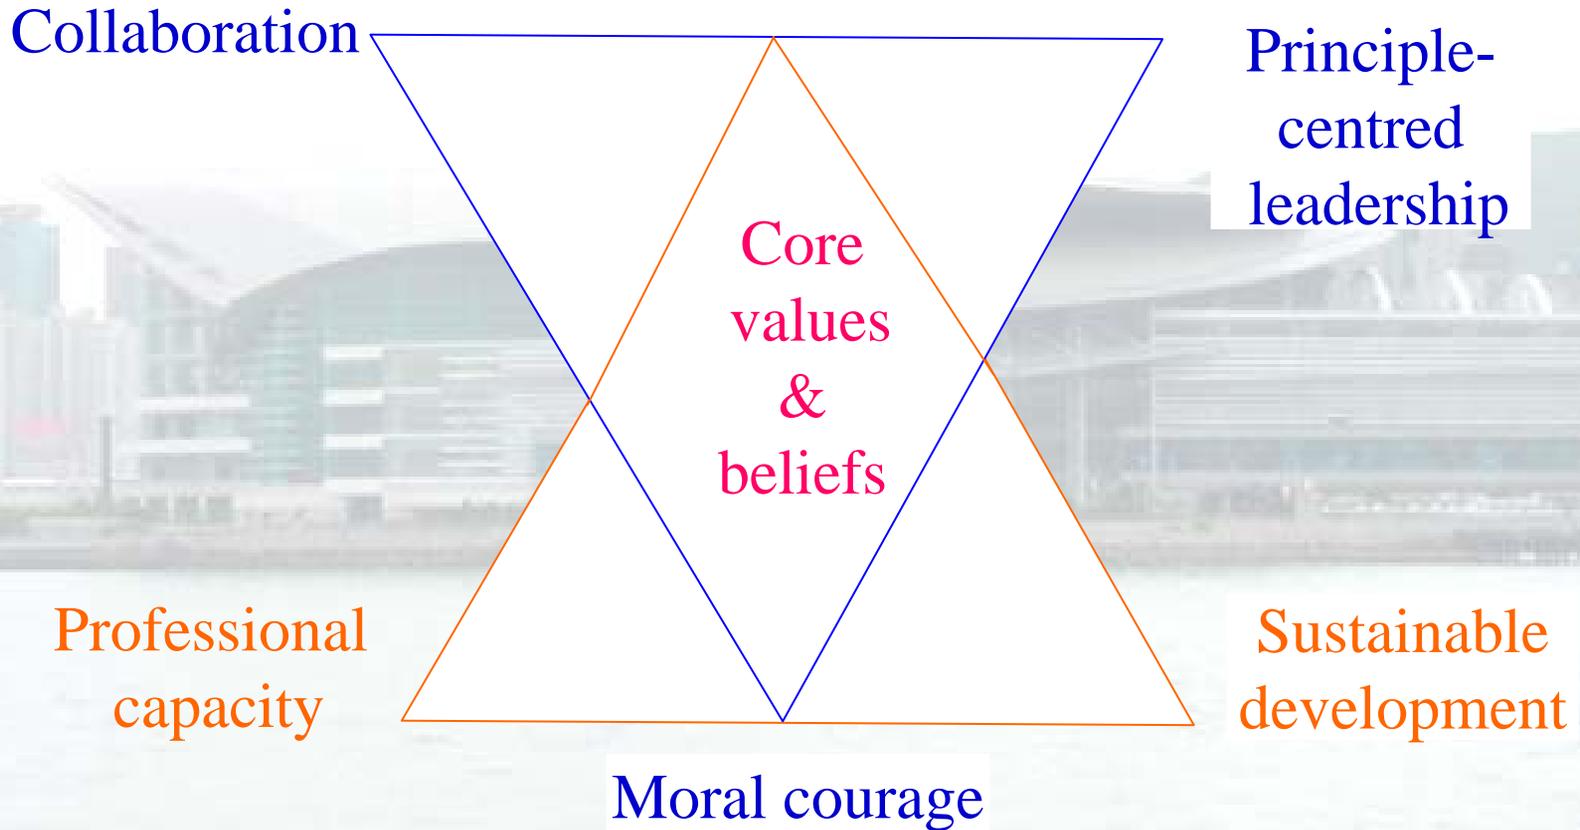

- Empower teachers and principals
- Involve key stakeholders in school-based management
- Balance support and pressure

Strategic Priorities

- (1) Align core values and priorities among educational leaders
- (2) Agree on a framework for shared responsibility
 - EMB and SARG
 - Advisory committees
 - Schools, parents, students
 - Community – LegCo, media, businesses etc
- (3) Strengthen collaboration and coordination

Principle-centred Leadership

Students

“The challenge is to be a light,
not a judge; to be a model, not
a critic.”

- Stephen Covey
