## **Classroom Exercise**

- Start with an empty spreadsheet
- Ask students to suggest an item in the balance sheet one-by-one

– Account name / amount / side

- The last item in the B/S should make the Dr and Cr sides of the T/B equal to each other
- Ask students to provide period-end adjustments as well

### **Classroom Exercise**

- Check students' understanding
- The balance sheet is balanced anyway

- AVOID ILLOGICAL ITEMS
  - Negative cost of goods sold
- AMEND THE FIGURES A BIT

– Avoid figures (answer) with decimal places
