1. A Bachelor of Education degree with specialism in English (except add-on Education degrees) is considered as both a relevant degree and relevant teacher training and should therefore be entered for both categories.
2. To be accepted for exemption, an add-on Education degree programme has to be accompanied by a recognized relevant initial teacher training qualification.
3. Initial teacher training obtained before September 2000 is recognized for exemption regardless of the subject specialism.
4. Please provide evidence of assessment of non-local qualification(s), if any.

2. I understand that I may be requested to provide further documentary evidence, where required on my qualifications. Failure to comply with this requirement may render the application difficult to be processed and hence exemption will not be granted.
3. I understand that the acceptance of qualifications for exemption is for the purpose of granting exemption from the Language Proficiency Requirement (English Language) only and does not have any implication for qualification assessment for appointment.
4. I agree that the personal data provided above can be used by the Vetting Committee on Exemption from the Language Proficiency Requirement and the Education Bureau for vetting of the application for exemption from the Language Proficiency Requirement and related activities.
