Notes
(1) Figures include ordinary secondary day schools, but not special schools and secondary day courses operated by private schools offering tutorial, vocational and adult education courses.
(2) Figures refer to the position as at mid-September of the respective years.
(3) Figures on operating classes in a very small number of schools (primarily outside the public sector) involve a small number of combined classes, i.e. classes operated in the same classroom comprising students of different grades. When counting the total number of classes in a school, combined class is treated as one class. When counting the number of classes broken down by grade, combined class is split into different classes in proportion to the number of students from different grades and the number is rounded to the nearest integer. Accordingly,

figures on operating classes for individual grades may not add up to the total number of classes in schools.

(4) Figures on accommodation refer to the number of students that can be accommodated in operating classes (excluding vacant classrooms) in accordance with the planned class sizes as adopted by schools concerned.

(5) Upon implementation of the New Senior Secondary Academic Structure, there are no subsidised secondary 7 places under local curriculum starting from 2012.
