Notes:

Figures for kindergarten, primary and secondary levels refer to the beginning of the respective school/academic years. Figures for post-secondary education are as at the end of December of the respective years. The beginning and ending months of a school/academic year may vary among different educational and training institutions.

- (1) Figures include both full-time and part-time students attending long programmes lasting for at least one school/academic year. Figures do not include students attending adult education/tutorial/vocational courses offered by schools below post-secondary education level.
- (2) Figures include pupils attending kindergarten classes (i.e. nursery, lower and upper classes) in kindergarten-cum-child care centres and special child care centres registered under the Social Welfare Department.
- (3) Figures include students in special schools.
- (4) Figures also include students attending evening schools, craft level courses and Diploma Yi Jin programme.
- (5) Figures include students attending universities and colleges offering post-secondary courses including certificate/diploma, associate degree or equivalent and bachelor degree or above; and also non-local registered or exempted courses leading to non-local higher academic qualifications and operated jointly with non-local institutions.

There may be a slight discrepancy between the sum of individual items and the total as shown in the table owing to rounding.
