*"Gratitude turns what
we have into enough."*

Introduction of SOW Campaign

Sayings of wisdom (SOW), which are inspiring words that provoke thinking, share insights and experience, and explore meaning in life, are treasures cherished in both Chinese and western cultures. To unearth these priceless treasures, the Curriculum Development Institute of the Education Bureau has launched the campaign “Promoting Positive Values and Attitudes through English Sayings of Wisdom” since 2020. This territory-wide and cross-curricular campaign connects English Language education with values education. It aims to enrich students’ English learning experiences and nurture positive values and attitudes in them through a variety of student activities and learning and teaching resources illustrating the meaning of the SOW.

Centring around the theme “hope” in the 2021/22 school year, inspirational quotes have been selected and it is hoped that the inspiring words and messages in the SOW have helped spread positive vibes and messages to schools and society at large, and enable students to have a positive outlook on life.

Highlights of SOW Campaign 2021/22

The Education Bureau would like to extend our sincere gratitude to all the participating schools, teachers and students for supporting the SOW Campaign. We hope that our concerted efforts continue to enrich students’ learning experiences, and nurture their positive values and attitudes.

SOW to help
you grow!
