

After the dolls arrived the refugee camp, they were very ~~unhappy~~ unhappy. The children there were very rude ~~dirty~~ and the dolls ~~was~~ were being broken.

Hello Hello Kitty, who has no whiskers, has lost one of her ears already. Keroppi's round eyes has gone. Alice was the worst one. ~~She has~~ she has only left a little hair and her ~~broken torn~~ dress nylon inside the dress has taken out ~~from~~ by the poor children.

Then one day, Hello Kitty decided to escape from this horrible place. Keroppi and Alice wanted to join her also<sup>too</sup>. At last, they planned a plan method to escape.

In the evening, Hello Kitty jumped up from the toy box and woke the other ~~the~~ two dolls up. They tiptoed across the child's legs and reached the door. Suddenly, a loud ~~sounds~~ voice ~~was~~ was made by the child and the three dolls immediately stopped walking. Finally, they found that ~~it~~ he was just dreaming. They rushed out the door.
