

PREAMBLE

This syllabus is one of a series prepared for use in secondary schools by the Curriculum Development Council, Hong Kong. The Curriculum Development Council, together with its **key learning area committees**, is widely representative of the local educational community, membership including heads of schools and practising teachers from government and non-government schools, lecturers from tertiary institutions, officers of the Hong Kong Examinations Authority and those of the Curriculum Development Institute, the Advisory Inspectorate Division and other divisions of the Education Department. The membership of the Council also includes parents and employers.

All syllabuses prepared by the Curriculum Development Council for Secondary 1 to 5 normally lead to appropriate examinations at the Certificate of Education level provided by the Hong Kong Examinations Authority.

This syllabus is recommended by the Education Department for use in Secondary 1 to 5. Once the syllabus has been implemented, progress will be monitored by the Advisory Inspectorate Division and the Curriculum Development Institute of the Education Department. This will enable the **Key Learning Area Committee on Mathematics Education** of the Curriculum Development Council to review the syllabus from time to time in the light of teaching and learning experiences.

All comments and suggestions on the syllabus may be sent to:

Principal Curriculum Development Officer (Mathematics)
Curriculum Development Institute,
Education Department,
13/F, Wu Chung House,
213 Queen's Road East,
Wanchai,
Hong Kong.
