

“Pyramid as 1/6 of a Cube” Folding Instructions

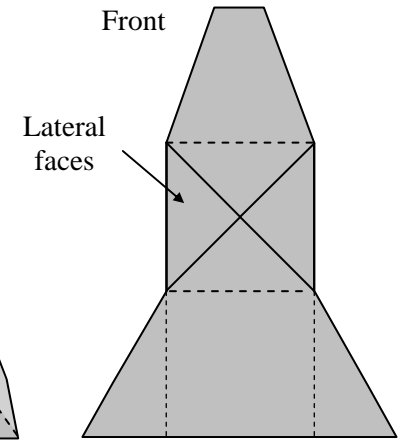

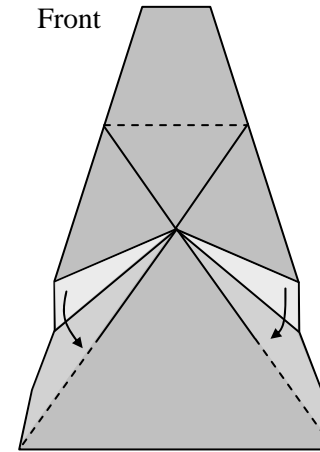

1. Fold along Lines 1 and then unfold to leave two creases*.

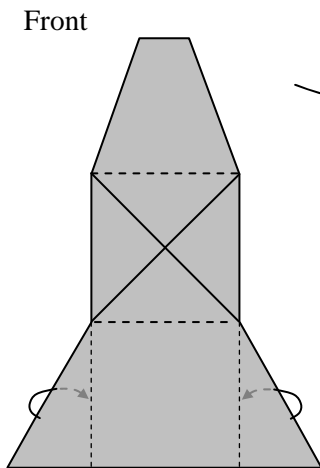

2. Turn the paper over and fold along Lines 2 as in the diagrams below.

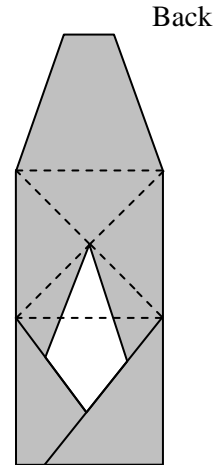

3. Fold along Lines 3 as in the diagrams below.

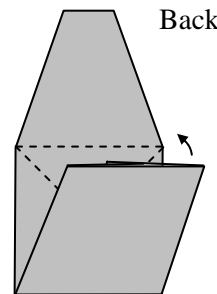

4. Fold the two “wings” along Lines 4 to the back.

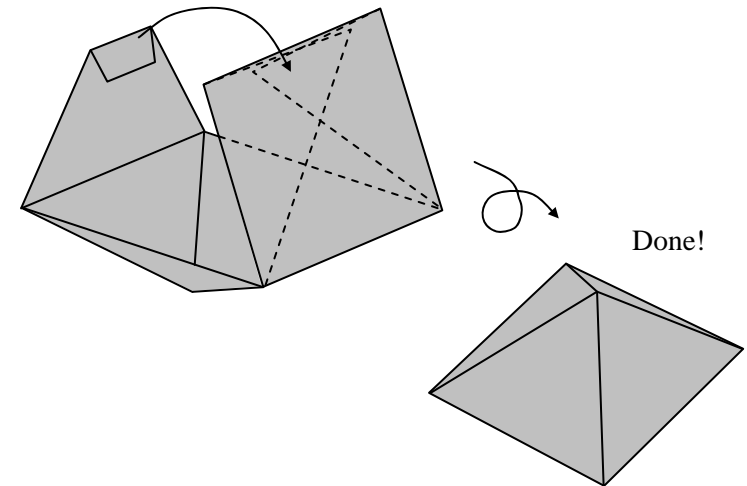

turn over

5. Fold the base of the pyramid along Line 5.

6. Fold along Line 6 to form the flap and put it into the “pocket” of the base to finish the pyramid.

*Remark: Although Lines 1 may not be printed exactly as the diagonals of the A4 paper, please fold along Lines 1 instead of the real diagonals of the paper.
