

Entrance Requirements of University Grants Committee-funded Institutions on Mathematics

Students applying for the 4-year undergraduate programmes offered by the UGC-funded institutions have to attain Level 2 for Mathematics in HKDSE (Please visit the website <http://334.edb.hkedcity.net/new/en/multiplepathway.php> for general entrance requirements of individual institutions). Institutions may set additional faculty/programme requirements in consideration of the specific nature and needs of the programmes, as well as students' abilities required to benefit from their studies. The additional requirements or selection criteria on the Compulsory Part (CP) and the Extended Part (EP), which is comprised of Module 1 (M1) and Module 2 (M2), of Mathematics are as follows*:

1. City University of Hong Kong

The minimum General Entrance Requirements for admission to bachelor's degree programmes are as follows:

Minimum Level Required	Core Subjects				Elective Subjects	
	English	Chinese	Mathematics	Liberal Studies	Elective 1	Elective 2
	Level 3	Level 3	Level 2	Level 2	Level 3	Level 3

Notes:

Besides Category A elective subjects, Mathematics extended modules (M1/M2) (except for JS1801) can also be used to meet the elective requirement. If students take both M1 and M2, they are counted as one subject only.

The minimum General Entrance Requirements for admission to government-funded Associate of Science programmes offered by the Division of Building Science and Technology, and the Department of Architecture and Civil Engineering are as follows:

Minimum Level Required	English	Chinese	Three other subjects
	2	2	2

Notes:

Besides Category A elective subjects, Mathematics extended modules (M1/M2) can also be used to meet the requirement for "Any 3 Subjects". If students take both M1 and M2, they are counted as one subject only. Please refer to the entrance requirements webpage of JS1091 and JS1093 for details.

The following table shows the programmes which have extra entrance requirements on Mathematics and/or higher weightings (i.e. weighting factors being larger than 1) for CP or M1/M2, with the weighting factors together with other HKDSE subjects listed:

2. Hong Kong Baptist University

(A) General Entrance Requirements

HKDSE Subjects	Core Subjects				No. of Elective(s) Required
	English	Chinese	Math (CP)	Liberal Studies	
Minimum Level Required	Level 3	Level 3	Level 2	Level 2	2 (Level 3)

- The first elective must be Category A subjects (unless specified) excluding Extended Part of Mathematics (Module 1 or Module 2). Individual programmes may consider Extended Part of Mathematics (Module 1 or Module 2), Category B subjects (Applied Learning) and/or Category C subjects (Other Languages) for fulfillment of elective requirement.
- For the second elective arrangement, please refer to the programme entrance requirements of individual programmes for details.

(B) Subject Weights for Score Calculation

Each study programme would have its own specified score formulae for calculating applicants' admissions scores. The study programmes would take 4 HKDSE Core subjects and 2 best elective subjects, Best 5 or Best 6 into score calculation. The subject weights of all Category A subjects for 2020 entry will be set as '1' unless specified by individual study programmes.

The following programmes offer higher weighting to the Compulsory Part of Mathematics:

Programme Code	Programme Title	Weighting
JS2040	English Language & Literature and English Language Teaching (Double Degree)	1.5
JS2410	Bachelor of Chinese Medicine and Bachelor of Science in Biomedical Science	1.25
JS2420	Bachelor of Pharmacy in Chinese Medicine	1.25

* The heavier weight of 1.5 will be given to the best one of CP or M1/M2.

In MBChB programmes, M1/M2 will contribute to the total HKDSE score only if the grade in M1/M2 is better than the worst of the seven subjects (4 cores + the best 3 electives). In that case, the score for the worst subject is replaced by a new score comprising half the original score of that subject and half the score of the extended mathematics module.

Note:

Either Category C Other Language or M1/M2 but not both will be considered as an elective subject.

For admission consideration of all programmes except JS4501 Medicine (MBChB) Programme and JS4502 Medicine (MBChB) Programme Global Physician-Leadership Stream (GPS):

5. The Education University of Hong Kong

General Entrance Requirement

Chinese Language:	Level 3
English Language:	Level 3
Mathematics Compulsory Part:	Level 2
Liberal Studies:	Level 2
One Elective Subject:	Level 2

Remarks:

Mathematics Extended Part (i.e. Module 1 (M1) / Module 2 (M2)) will be counted as an elective subject for the purpose of meeting the general entrance requirements with effect from 2020/21, but cannot be used as a substitute for the Mathematics Compulsory Part. In case applicants have taken both M1 and M2, only the module with best result will be taken into consideration.

Specific requirements on Mathematics:

Faculty	Programme	Programme code	Specific minimum requirements on Mathematics	Remarks
Liberal Arts and Social Sciences	Bachelor of Education (Honours) (Primary) – Mathematics	JS8246	CP (Level 3) and M1/M2 (Level 2) or Level 5 or above in CP but did not take M1/M2 in HKDSE	For BEd(P)-MA and BEd(S)-MA, preferred HKDSE subjects with the highest weighting for admission score calculation include: Mathematics (Compulsory Part) / M1 / M2 / Information and Communication Technology / Design and Applied Technology / Combined Science / Integrated Science / Physics / Chemistry / Biology.
	Bachelor of Education (Honours) (Secondary) in Mathematics	JS8391	Upon admission, applicants who do not sit for M1/M2 are required to take and pass the Course “Calculus” during the study period of the respective programmes in order to meet the graduation requirements.	

<p>Bachelor of Education (Honours) (Secondary) - Information and Communication Technology</p>	<p>JS8361</p>		<p>Preferred subjects with the highest weighting for admission score calculation include: English Language, Mathematics (Compulsory), Extended Part of Mathematics (i.e. M1 / M2), Information and Communication Technology.</p>

6. The Hong Kong Polytechnic University

(A) General entrance requirements

The minimum requirements for JUPAS applicants applying for the admission to the University's full-time government-funded bachelor's degree are as follows:

HKDSE Subjects	Core Subjects				Elective Subjects (including M1/M2)	
	English	Chinese	Mathematics (CP)	Liberal Studies	1st Elective	2nd Elective
Level Requirement	3	3	2	2	3	3

For admission to the BSc(Hons) in Nursing and BSc(Hons) in Mental Health Nursing, students must have Level 3 or above in at least two HKDSE elective subjects from Category A.

The minimum requirements for JUPAS applicants applying for the admission to the University's Higher Diploma programmes are as follows:

HKDSE Subjects	Core Subjects		Other Subjects		
	English	Chinese	1	2	3
Level Requirement	2	2	2	2	2

Students not having the level requirement for the other subject for meeting the general entrance requirement may be specially considered if they have attained Level 2 or above in one of the Extended modules of Mathematics.

For further details, please visit:

<http://www51.polyu.edu.hk/eprospectus/ug/jupas/general-entrance-requirements>

(B) Admission score calculation

- For the Degree Programmes, individual programmes select either 5 or 6 HKDSE subjects for calculation of admission scores starting from the 2017-18 admissions exercise. Admission score calculation mechanisms adopted by programmes looking for 5 subjects are either "Any Best 5 Subjects" or "Chinese & English Languages + Any Best 3 Subjects" while those looking for 6 subjects are either "Any Best 6 Subjects" or "4 Core + Best 2 Elective Subjects". After all, individual programmes adopt only one of the mechanisms mentioned for calculating the admission score for initial prioritization of applicants.
- For the Degree Programmes, Extended Modules of Mathematics will be treated as a single subject in calculating the admission scores.
- For Higher Diploma Programmes which have specified M1 or M2 as subjects with the highest weighting, if the weighted subject score of M1 or M2 is higher than that of the

“last best weighted subject” under “Chinese & English Languages + Any Best 3 Subjects”, the “last best weighted subject”, and M1 or M2 will each carry 50% weight in the admission score calculation.

- For students who study both M1 and M2, they will only be considered as one subject and the best grade will be taken into consideration during admission selection.
- The following conversion points are applied for HKDSE subjects:

Category A: Core and Elective Subjects Level Attainments	Converted Level Points for Scores Calculation
5**	8.5
5*	7
5	5.5
4	4
3	3
2	2
1	1

(B) Selection Principles and Subject Weighting for 2020 JUPAS Admissions

After having fulfilled the university entrance requirements and programme entrance requirements, the undergraduate programmes will use either 'Best 5 subjects' or 'Best 6 subjects' principles (the combination of the best 5 or 6 subjects being not bounded to '4C+1X' or '4C+2X') to consider candidates' admission. The term "subjects" refer to Category A subjects and M1/M2 are excluded, unless otherwise specified.

Some programmes give heavier weighting to certain HKDSE subjects and different programmes may consider a selection of factors in addition to HKDSE results.

Faculty	Programme	Programme code	Best 5	Best 6	Heavier weighting*		Remarks
					CP	M1/M2
