How to check the progress of students?

Step 1 : Click "Student Report"

Step 2 : After clicking the "Apply" button, the student information will be displayed.

Please ensure that all students have logged into the platform for the first time for the teacher to view their progress on this platform.

Please note: If a student has already logged into the platform, that student will appear in the student report. Otherwise, if the student has not logged into the platform, their information will not be displayed in the student report.
