

## Developing students' holistic thinking skills

Subject: Integrated Humanities

Level: Secondary 1-3

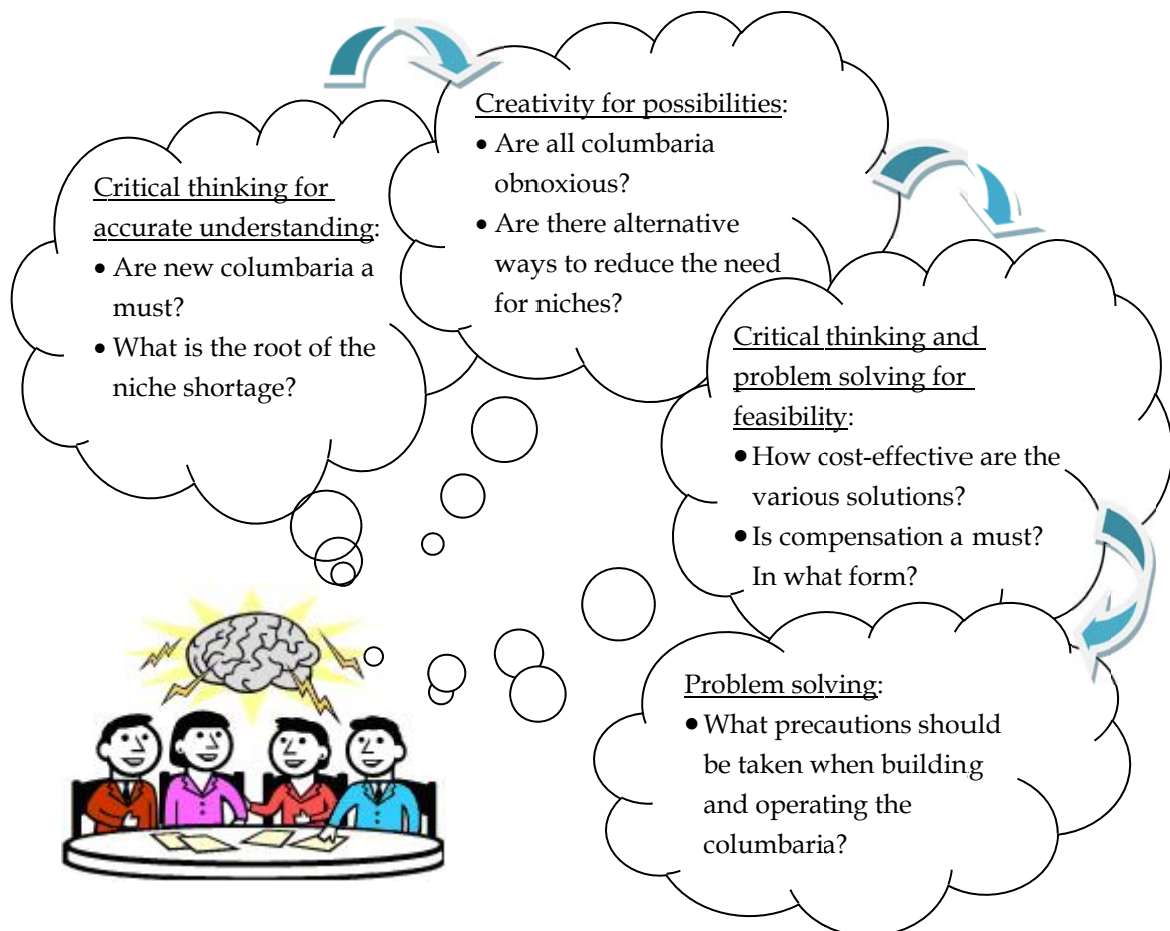

Topic: Location of new columbaria

### Case

There is an acute shortage of columbarium niches in Hong Kong. The Government is facing great pressure from various stakeholders regarding the location of new columbaria.

### Activity

Discuss in groups and suggest a solution to the problem of locating new columbaria among the 18 districts in Hong Kong.

### **Applying the framework in other PSHE subjects**

The preceding framework can be adapted to structure enquiries in different PSHE subjects, such as analysing challenges encountered by historical figures in Chinese History or History, handling moral dilemmas in Religious Education and making decisions about spending money in Life and Society (Secondary 1-3).

If you are interested in generic skills and their integrative use, read also Examples 6, 10 and 11.
