

Application for an additional laboratory technician post (2025/26 School Year)
Declaration Form

IMPORTANT:

- This Form is applicable to schools which were given approval for an additional laboratory technician post in the 2024/25 school year, and have a genuine need to apply for an additional laboratory technician post in the 2025/26 school year.*
- Please submit this duly completed Form together with the filled Form B of the EDBCM No. 40/2025. A separate written application for an additional laboratory technician post in the 2025/26 school year is **NOT** required.*

School Name: _____

School Number: _____ (6 digits)

Name of Contact Person: _____ **Contact number:** _____

Rank	Approved Establishment of Laboratory Technician (LT) in the 2024/25 School Year	<u>Proposed</u> Establishment of Laboratory Technician (LT) in the 2025/26 School Year (The <u>proposed number</u> of LTs should be the same as <u>the result calculated</u> in Form B of EDBCM No. 40/2025)
LT I		
LT II/III		

Considering the following conditions (Items 1 to 5), our school wish to apply for an additional LT post in the 2025/26 school year.

1	The projected number of junior secondary classes in the 2025/26 school year will be *the same as / greater than those in the 2024/25 school year.	
	The number of senior secondary science subject groups in the 2025/26 school year will be *the same as / greater than those in the 2024/25 school year. ¹	
	Please provide the data below:	
	2	
<u>Projected number</u> of S4-S6 science subject groups for the 2024/25 school year submitted in March 2024 via Form B of the EDBCM No. 41/2024		
<u>Actual number</u> of S4-S6 science subject groups offered in the 2024/25 school year		

¹ Please refer to the data your school submitted in March 2024 via Form B of the EDBCM No. 41/2024 for comparison.

3	The average duration of each practical period in the 2025/26 school year will be *the same as / longer than that in the 2024/25 school year.
4	The number of practical periods per teaching cycle in the 2025/26 school year will be *the same as / greater than that in the 2024/25 school year.
5	The laboratory utilisation rate in the 2025/26 school year will be *the same as / higher than that in the 2024/25 school year.

***Delete where appropriate**

Declaration

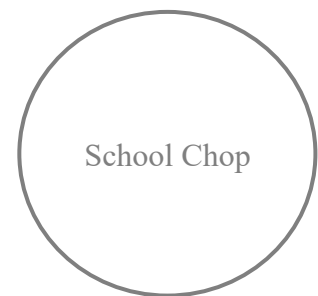

I understand that –

1. This application will be considered only if our school’s numbers of junior secondary classes, senior secondary science subject groups and practical periods, average duration per practical period and laboratory utilisation rate remain unchanged or increase in the 2025/26 school year.
2. With reference to the 2024/25 school year², if there is a decrease in the number of junior secondary classes, the number of senior secondary science subject groups, the number of practical periods, the average duration per practical period, or the laboratory utilisation rate in the 2025/26 school year, our school will be required to submit a separate written application for an additional laboratory post in the 2025/26 school year with full justifications, together with relevant supporting documents such as laboratory timetables, to the respective District School Development Section when submitting the completed Form B of EDBCM No. 40/2025.
