Workshop on Revised Senior Secondary ICT Curriculum Elective Module A

Using different DBMS tools / platforms in teaching database concept and SQL commands

● ● ●

Chu Ka Tim
Chairman, Hong Kong Association for Computer Education
Vice Principal, Hong Kong True Light College

Learning SQL….

- SQL Is the Most crucial but hardest part in 2A
- Students requires lots of practical time to master
- Teachers have to prepare different types of scenarios and tables
- The concepts of database design is the prior knowledge

Choosing a DBMS tool...

- Online/offline
- Free/paid
- User friendliness
- Extension/Compatibility

HKACE is supporting ....

- 10/6 2:30-4:30PM:

  Elective Module B - Teaching the Development of Internet Applications and Web Applications Using Different Tools Workshop (CDI020221385) (Online)

- 10/6 5-6PM:

  Metaverse & Electronic Payment (Online)

- 13/6 2:30-5:00PM:

  Elective Option C - Fostering Self-Directed Learning by Online Programming Judge and Applications of Programming in Real Life (CDI020221386) (Online)

- 30/6 3-5PM:

  無人機教育新發展(Online)

- 2/7 Morning:

  HKACE AGM @ MIT HK Innovation Node (F2F)
