Background

Ongoing Renewal of School Curriculum – Focusing, Deepening, Sustaining

In order to sustain the Learning to Learn curriculum reform launched in 2001 and to keep abreast of the various contextual changes in society over the past decade or so, we are entering a stage of sustainable and ongoing curriculum renewal and updating (also known as “Learning to Learn 2.0”). In this new phase of curriculum renewal, the educational aims of promoting whole-person development and lifelong learning as well as the overall curriculum framework and learning goals will be kept. The curriculum will remain learner-centred and continue to focus on learning and teaching. However, to maintain Hong Kong’s competitive edge and to prepare our students well for the local and global changes taking place in various fields, key emphases under the ongoing curriculum renewal are recommended for sustaining, deepening and focusing on in school-based curriculum development so that the positive impacts of the Learning to Learn curriculum reform can be reinforced and students will be better equipped for future challenges.

Purpose

The purpose of this questionnaire is to collect views from **principals, vice-principals, subject panel heads and teachers** on the broad direction of the onward curriculum development of the English Language Education Key Learning Area (KLA) in the context of the enhanced version of Learning to Learn 2001 (Please refer to the *Consultation Brief on the Updating the English Language Education Curriculum (Primary 1 to Secondary 6)* at <http://www.edb.gov.hk/renewal> for details). It is part of the consultation on the updating of the KLA curriculum guides, during which the content would be revisited and key emphases under the ongoing curriculum renewal would be proposed for further development of the school-based curriculum in each KLA. In parallel, other stakeholders will be consulted through various channels, including consultation seminars and focus group interviews. The feedback collected will be consolidated to facilitate further deliberations on the updating of the curriculum guides of the KLAs concerned.

Return of Questionnaire

Panel heads of English Language and/or Literature in English are advised to exchange views with the principal, vice-principal(s) and the panel members of the subject(s) concerned before responding to the questions and send the completed questionnaire with the signature of the principal and the school chop by hand or by mail using the self-addressed envelope enclosed to the Council and Secondary Section of the Curriculum Development Institute, Education Bureau (13/F, Wu Chung House, 213 Queen's Road East, Wanchai, Hong Kong) **by 15 February 2016**. For the English Language Education KLA, schools are expected to return ONE questionnaire only. For enquiries, please contact Ms Jenny YEUNG at 2892 6124. All information will be kept strictly confidential and used for the purpose of updating the English Language Education KLA Curriculum Guide. No information on individual schools will be revealed.

Please refer to the Consultation Brief available at <http://www.edb.gov.hk/renewal> for the major updates of the English Language Education KLA Curriculum (Primary 1 – Secondary 6) when responding to the following questions. **Blacken** the appropriate **circles**. State your comments and provide information in the space provided when necessary.
