

HKSAR Government Scholarship Fund

Report on the Distribution of Scholarships in the 2013/14 Academic Year

Establishment of the HKSAR Government Scholarship Fund

In order to further develop Hong Kong into a regional education hub, the Government established the \$1 billion HKSAR Government Scholarship Fund in March 2008 to provide government scholarships to outstanding local and non-local students, so as to –

- (a) attract outstanding non-local students to study in publicly-funded degree or above level programmes in Hong Kong;
- (b) reward outstanding local students who choose to pursue their studies in such programmes in Hong Kong;
- (c) recognise the achievements of outstanding local and non-local students, with a view to attracting them to stay in Hong Kong after graduation; and
- (d) promote the further development of Hong Kong as a regional education hub and enhance Hong Kong's competitiveness in the long run.

2. Participating institutions¹ distributed scholarships to outstanding local and non-local students enrolled in their publicly-funded full-time degree or above level programmes, with selection made having regard to the following considerations –

- (a) excellent performance in academic studies;
- (b) recognised contribution to the institution/society;
- (c) demonstrated leadership and good communication skills; and/or
- (d) strong commitment to the Hong Kong community.

¹ Participating institutions are the eight University Grants Committee-funded institutions (i.e. City University of Hong Kong (CityU), Hong Kong Baptist University (HKBU), Lingnan University (LU), the Chinese University of Hong Kong (CUHK), the Hong Kong Institute of Education (HKIEd), the Hong Kong Polytechnic University (PolyU), the Hong Kong University of Science and Technology (HKUST), and the University of Hong Kong (HKU)) and the Hong Kong Academy for Performing Arts (HKAPA).

3. Both local and non-local students are eligible for scholarships under the Fund, with \$40,000 per year for local students and \$80,000 per year for non-local students.

4. In 2011, the Government injected another \$250 million into the Fund to extend the benefits to students of full-time publicly-funded sub-degree programmes offered by five institutions². The following selection criteria are adopted for awarding scholarships –

- (a) high standard of academic performance;
- (b) demonstration of leadership and good communication skills;
- (c) valuable contribution to the institution/community; and/or
- (d) strong commitment to the Hong Kong community.

The scholarship award for the sub-degree students is between \$20,000 and \$30,000 for both local and non-local students.

Targeted Scholarship Scheme

5. Starting from the 2012/13 academic year, up to ten targeted scholarships will be offered to first-year non-local full-time students from ASEAN countries³, India and Korea, who are enrolled in publicly-funded degree programmes in Hong Kong. The targeted scholarships cover the tuition fee of the students, and each award is subject to a ceiling of \$120,000 per year.

Additional injection of \$1 billion into the Fund

6. An additional \$1 billion was injected into the Fund in 2012, and two new scholarships and awards, namely the Talent Development Scholarship (TDS) and Reaching Out Award (ROA) have been established in 2012/13 academic year to benefit a wider range of students not only with outstanding academic performance, but also achievements and talents in other non-academic fields.

7. The scholarship amount for each awardee in TDS and ROA is \$10,000 for both local and non-local students at all levels.

² There are currently five institutions offering full-time publicly-funded sub-degree programmes, i.e. CityU, PolyU, HKIEd, HKAPA and Vocational Training Council (VTC).

³ ASEAN countries comprise Brunei, Cambodia, Indonesia, Laos, Myanmar, Philippines, Malaysia, Singapore, Thailand and Vietnam.

Further injection of \$20 million into the Fund

8. Another \$20 million was injected into the Fund in 2013 to set up the Endeavour Merit Award (EMA) to give recognition to deserving publicly-funded post-secondary students with special educational needs (SEN⁴) in the pursuit of excellence in academic and other areas. The award amount is \$10,000 for both local and non-local students at all levels.
