

Second Kindergarten Premises Allocation Exercise 2022 invites applications for four kindergarten premises

The Education Bureau (EDB) announced today (July 22) that four kindergarten premises are open for application by eligible applicant bodies under the Second Kindergarten Premises Allocation Exercise 2022. Details of the four kindergarten premises are set out in the Annex.

“The four kindergarten premises include four new estate kindergarten premises, each with six to eight classrooms, located in Tai Po District, Kwai Tsing District and Wong Tai Sin District and to be available in 2022 to 2023. The EDB is entrusted by the Hong Kong Housing Authority to nominate operators for the kindergarten premises. The Exercise will be carried out on a competitive basis,” a spokesman for the EDB said.

In light of the decline in the kindergarten student population, the existing kindergartens joining the kindergarten education scheme (Scheme-KGs) are able to provide sufficient places to meet the demand. However, there are differences in the demand and supply of kindergarten places and parents’ preferences in various districts. Moreover, under the quality kindergarten education policy, the EDB endeavours to look for suitable sites for kindergartens in need. Kindergartens, especially those facing high rental expenses, dilapidated school environments and facilities, and a surplus of kindergarten places in the district, are encouraged to apply for the above-mentioned kindergarten premises for relocation. The EDB will accord priority to Scheme-KGs applying for relocation. Applications for operating new kindergartens will only be considered if no suitable applicants are found for relocation.

The EDB will assess each application based on the criteria set by the School Allocation Committee (SAC) for selecting suitable applicant bodies. The EDB will provide a template for preparation of the operation plan and will set out the selection criteria endorsed by the SAC in the “Points to Note” for applicant bodies’ reference. In short, quality of education is the prime consideration. The EDB will take into account the operation plan of the applicant bodies, the track record of the kindergartens and their needs for relocation (if applicable). The EDB will regularly report to the SAC the results of the kindergarten premises allocation exercises.

Applicant bodies should complete the application form and information on the operation plan and submit them together with the relevant supporting documents and a list of operating schools run by the applicant body, if any. When submitting the application, the

applicant body should be exempted from tax under Section 88 of the Inland Revenue Ordinance, and be:

- (1) Incorporated/will be incorporated under the Companies Ordinance (the successful applicant body would be required to ensure that its articles of association contain all the standard clauses and articles required for allocation of a school premises); or
- (2) incorporated under other ordinances, with its constitution satisfying the Permanent Secretary for Education as being fit to be considered for allocation of a school premises.
