

Guidelines on Kindergarten Admission Arrangements for the 2021/22 School Year

Summary

The Government has implemented the kindergarten (KG) education scheme (hereafter referred to as “Scheme”) starting from the 2017/18 school year. The KGs joining/intending to join the Scheme should read carefully the Education Bureau Circular Memorandum (EDBCM) No. 73/2020, and comply with the admission guidelines issued by the Education Bureau (EDB). The Guidelines on KG Admission Arrangements for the 2021/22 school year (hereafter referred to as “Guidelines”) aim to further explain the details to KGs, KG-cum-child care centres and schools with KG classes (hereafter collectively referred to as “KGs”). **Heads of KGs should ensure that the guidelines are circulated to all teachers and staff concerned for action.**

Details

Background

1. Under the Scheme, to maintain the flexibility and diversity of the KG sector and free choice for parents, KG student admission will remain a school-based matter. As for admission arrangements for K1 classes in KGs in the 2021/22 school year, the EDB will continue to implement the admission arrangements for K1 classes in KGs (hereafter referred to as “2021/22 K1 Admission Arrangements”).
2. The EDB encourages local KGs not joining the Scheme to participate in the 2021/22 K1 Admission Arrangements so that more KGs and parents could benefit from the admission arrangements. In this regard, the EDB will separately invite the KGs concerned. The list of KGs not joining the Scheme but participating in 2021/22 K1 Admission Arrangements will be uploaded onto the EDB’s website by mid-July 2020 for parents’ reference.
3. The EDB takes this opportunity to remind KGs that they must ensure equal opportunities in admission for all children regardless of their race, gender and ability. Their school-based admission mechanism must be fair, just and open, and in compliance with the anti-discrimination ordinances (including the Sex Discrimination Ordinance, Disability Discrimination Ordinance, Family Status Discrimination Ordinance and Race Discrimination Ordinance). In this connection, KGs must be careful about the details of admission arrangements on whether they may involve direct or indirect discrimination. When answering enquiries from parents, teachers and staff should offer assistance as appropriate and avoid misunderstanding.

Distribution of Application Forms for Admission

4. All KGs joining the 2021/22 K1 Admission Arrangements must inform parents in advance the arrangements for obtaining and submitting admission applications, including the dates for

distribution and submission of application forms, application procedures, fee (if applicable), etc. through effective channels (e.g. guidance notes in application forms, admission guidelines/leaflets, school website, etc.). KGs are also required to upload the link to the EDB's website on K1 Admission Arrangements KGs onto the school website. Relevant information announced by KGs and the application forms must be in both Chinese and English. Please refer to **Appendix 1** for the basic information required. KGs should upload the application form and other relevant information onto the school website to facilitate browsing and downloading by parents.

5. Irrespective of the means of distributing application forms, KGs should not limit the number of forms to be distributed or indicate on the application forms any wording such as “first-come-first-served” and/or “application will not be accepted once quota is exhausted” to avoid parents queuing up for a long time for application forms. Similarly, when parents submit application forms, KGs should not set a quota or indicate any wording such as “first-come-first-served” and/or “application will not be accepted once quota is exhausted”.
6. Under the premise of not setting a limit to the number of application forms to be distributed, KGs can set a period of time for parents to obtain and submit application forms. The period set should be reasonable (including ample time and Saturday(s)) so as to allow sufficient time for parents to follow up. If necessary, KGs can process applications flexibly (e.g. extending the period of distributing and collecting application forms). KGs must confirm the receipt of applications in a school-based manner.

School-based Admission Mechanism

7. KGs are required to put in place a school-based admission mechanism, which should include the admission procedure and criteria, the number of child-applicants to be interviewed, etc. KGs should continue to admit children with different backgrounds and needs if there are vacancies.
8. The school-based admission mechanism must be fair, just and open and KGs must ensure that the admission requirements are in compliance with the existing Hong Kong legislation and legislation on equal opportunities (including Sex Discrimination Ordinance, Disability Discrimination Ordinance, Family Status Discrimination Ordinance and Race Discrimination Ordinance). KGs must also comply with Personal Data (Privacy) Ordinance and Prevention of Bribery Ordinance, etc. when handling matters related to student admission.
9. KGs can formulate their school-based admission criteria by taking into consideration different perspectives, such as education professionalism, home-school cooperation, child interests and child care. For WD/LWD services, KGs are provided with additional resources by the Government. To unleash the potential of the local labour force under the population policy, when considering applications for WD/LWD services, KGs should give due priority to families that require the services (such as those with working parents) and those having genuine need for WD/LWD services due to their special circumstances such as families which need to take care of persons with disability

at home. Such relevant information should be included in the admission criteria announced by the KGs.

10. With regard to age of admission to K1 classes, ideally, children should attain the age of three before they are sent for school education as children of that age are physically and intellectually ready for KG education. In view of the general request for dovetailing the admission age for KGs and primary schools, the admission age for KGs as at September was relaxed to 2 years 8 months starting from the 2001/02 school year. Under this principle, KGs can admit children of that age according to their own school-based admission mechanism. Please refer to the EDBC No. 43/2000 for details.

Interview Arrangements

11. KGs should not start the recruitment procedure for K1 applicants (e.g. interviewing the child-applicants) for the next school year earlier than November each year.
12. If interviews are required as a part of the admission procedures, KGs have to respect the pattern of children's development and KGs should not require children to answer questions involving skills or knowledge, or do tasks that are intellectually, physically and emotionally beyond their age. Should KGs choose not to interview all child-applicants, they must specify the selection criteria for interview in advance.
13. All staff involved in the selection of child-applicants are required to declare conflict of interests (e.g. has kinship with an applicant). All documents must be recorded properly. Schools should consider assigning another staff for interview if a staff has declared a conflict of interest.
14. Admission criteria, particulars of the applicants (e.g. their application forms and identity documents, etc.), interview records (e.g. assessment and selection results, etc.), etc. should be properly kept for records. KGs should also provide timely response to parents' enquiries about admission arrangements and handle related complaints.

“Not More Than One Place for Each Child” Measure

15. Under the Scheme, parents are required to use a valid registration document for K1 registration in the 2021/22 school year. The EDB will issue a registration document to each child who can receive education in Hong Kong. Children eligible for receiving subsidy under the Scheme will be issued a “Registration Certificate for KG Admission” (hereafter referred to as “RC”). If a child is not eligible for receiving subsidy under the Scheme¹, a “Kindergarten Admission Pass” (hereafter referred to as “AP”) will be issued for registration to a Scheme-KG but the parents concerned are

¹ Upon obtaining permission from the Director of Immigration, non-local children (such as children holding a form of recognizance and children whose parent(s) is/are holding a student visa) can receive education in Hong Kong but they are not eligible for subsidy under the Scheme.

required to pay full school fees (i.e. before deduction of subsidy under the Scheme) as shown on the Fees Certificate of the KG admitting the child.

16. KGs are advised to remind parents through their school website and other effective channels (e.g. guidance notes in application forms, admission guidelines/leaflets, etc.) of timely applications for the RC from September to November 2020 and provide parents links for their access to relevant EDB websites.
17. Under special circumstances, if a child cannot present one of the above-mentioned valid formal registration documents (For example, a child has been issued an RC and admitted to a K1 class in a Scheme-KG in the 2020/21 school year, the RC would be kept by the attending KG. If there are special circumstances that parents wish to arrange for the child to repeat K1 class in the 2021/22 school year in the same KG, they will not be able to submit RC for completing the registration procedure for repeating K1 class during the Centralised Registration Dates.) , parents of the child concerned have to apply for a Provisional Registration Letter for provisional K1 registration for the 2021/22 school year. If Provisional Registration Letter is used in the registration, parents have to submit a valid formal registration document (i.e. RC or AP) to that KG on or before the first day of formally attending the KG. Details on application for the Provisional Registration Letter will be announced in late October 2020.
18. KGs should not require parents to complete the registration procedure, or pay the registration fee or other fees (e.g. for purchasing school uniforms, tea and snacks, etc.) in any forms before the Centralised Registration Dates.
19. KGs should ensure that there are enough school places before issuing the offer letters to the child-applicants. Any offer of school places should not be based on “first-come-first-served” or “with set quota” to avoid parents queuing up or having any misunderstanding.
20. After the Centralised Registration Dates, KGs may fill the vacancies by admitting children on the waiting list or those who have not yet secured a place. If KGs admit children after the Centralised Registration Dates, they should inform parents of the date set by the KGs for completing the registration procedure. These parents are still required to complete the registration by submitting a valid registration document to the KG. After registration, if parents would like to enrol their children in another Scheme-KG but do not intend to give up the registered KG place, they will be unable to submit the registration document to another KG. Even if they are willing to pay full school fees, the KG concerned cannot admit their children. To fully implement this measure, principles of the above arrangement are also applicable to K2 and K3. In short, premised on the principle that each child should only attend one KG, and for enabling children to have equal opportunities for receiving subsidized KG education as well as making good use of Government resources, regardless of the level, all Scheme-KGs can only admit children with a valid registration document.

21. Should parents intend to change to another KG after registration, they must get back the registration document from the KG that they have registered with. The KGs should return the registration document to the parents as soon as possible. Once the parents get back the registration document, the KG will no longer keep the school place for that child. Normally, registration fee paid will not be refunded.
22. In general, the validity period of RC is 3 years. If parents arrange for their children to repeat their study in certain level and hence receive KG education for more than 3 years due to personal consideration (e.g. individual conditions of the children, family factors, changing schools, etc.), the parents have to pay full school fee before deduction of subsidy under the Scheme. Under special circumstances, parents may apply for extension of the validity period of the RC. Application for extension of the validity period of RC will only be considered by the EDB on a case-by-case basis for students with special needs. The applicant must provide relevant proof, for example, an assessment report issued by the relevant registered medical practitioner or professional (e.g. paediatrician, psychiatrist, educational psychologist, clinical psychologist, etc.), confirming special needs of the child for pursuing KG education for a period longer than the normal three years. In this connection, KGs should inform the parents of the above-mentioned points to note in writing (Template of the notice is at **Appendix 2**) when the parents show intention in arranging for their children to repeat certain level and receive KG education for more than 3 years.

Admission Support for Non-Chinese Speaking (NCS) Children

23. KGs should upload the application form and other relevant information onto the school website to facilitate browsing and downloading by parents. Relevant information announced by KGs and the application forms must be in both Chinese and English. To facilitate parents of NCS children in obtaining relevant information, KGs should create an icon or provide a simple message in English (e.g. “For admission information in English, please call xxxx xxxx to contact Ms/Mr XXX of our school.”) on the home page of the school website prominently, to let parents of NCS children know instantly how to obtain the English version of the information when browsing the home page of the school website. At the same time, KGs should also provide the link to the English version of the EDB’s website on K1 Admission Arrangements in KGs (https://www.edb.gov.hk/k1-admission_e) on the school website prominently (e.g. home page of the school website/the webpage providing the admission information in English) to facilitate parents browsing relevant information provided by the EDB.
24. Equal opportunities for admission to KGs must be provided by KGs for all children (regardless of their race, gender and ability), including handling the applications from NCS children properly with due regard to the difference in their culture and customs from local practices. If there are vacancies, KGs should continue to admit children with different backgrounds and needs. To facilitate parents of NCS children in enquiring about school-based admission mechanism, KGs can consider providing the contact number of a designated staff. At the same time, KGs should ensure that all staff

involved in the admission procedures have a clear understanding of the measures catering for NCS children and their parents, and implement such measures properly, e.g. providing parents of NCS children with the English version of application form and admission guidelines. In this regard, the Equal Opportunities Commission has published an “Easy Guide on Promoting Racial Equality in Schools Kindergarten Admission (Applicable to Kindergartens with Local Curriculum)”. For details, please refer to:

http://www.eoc.org.hk/EOC/GraphicsFolder/inforcenter/rise/leaflet_output_for_web_2pages.pdf

25. When interviewing NCS children, KGs should arrange interpretation and/or translation service for applicants where necessary, e.g. making good use of the interpretation and/or translation service provided by the Centre for Harmony and Enhancement of Ethnic Minority Residents (CHEER) funded by the Home Affairs Department. KGs may also allow parents and children to be accompanied by a Chinese speaking relative/friend during the interview to facilitate communication. **KGs should take the initiative to inform parents of NCS children that the above assistance could be offered.** Besides, KGs should put in place effective means of communication and provide assistance to NCS children and their parents as far as practicable.

Application Fee and Registration Fee

26. According to regulation 61(1) of the Education Regulations, KGs must first obtain the written approval of the Permanent Secretary for Education before collections of or adjustments to application fee and registration fee are made. Under the KG education policy, the approved ceilings of application fee and registration fee for KGs joining / intending to join the Scheme are as follows:
- (i) Application fee (\$40)
 - (ii) Registration fee
 - \$970 for HD session
 - \$1,570 for WD session
27. Schools are not allowed to collect fees exceeding the approved ceilings.

Information on Vacancies

28. The EDB will collect information from KGs on K1 vacancies about a week after the Centralised Registration Dates through an electronic platform, and publish a list of KGs in various districts in late January 2021 showing the KGs that still have K1 vacancies, KGs with no vacancy and KGs which are processing applications of children on the waiting list and welcome enquiries on their vacancy situation so as to help parents find a K1 place for their children.
29. Under the KG education policy, while student admission in principle continues to be school-based, Scheme-KGs should comply with the requirements as stipulated in paragraphs 4 to 6 of the EDBCM No. 73/2020. Under special circumstances, if Scheme-KGs still have vacancies and individual

children (including those at risk of developmental delay and NCS children) encounter difficulties in applying for admission, Regional Education Offices or Joint Office for Kindergartens and Child Care Centres will make referrals as appropriate.

Education Bureau

July 2020 (Updated version)

List of basic Information on School-based Admission Arrangements
(Relevant information must be provided in both Chinese and English)

1. KGs are required to upload the information below onto school website and via different channels to inform parents in advance on or before 17 September 2020 (Thursday).

(i) Information on Admission Application

- Ways to distribute application forms
- Date and period for distribution of application forms
- Application procedure
- Application fee (if applicable)
- Ways to submit application forms
- Date and time for submission of application forms

(ii) School-based Admission Mechanism

- Number of child-applicants to be interviewed
- Interview format and arrangements
- Admission criteria

(iii) Registration Procedure

- Arrangements on announcement of admission results
- Centralised Registration Dates
- Arrangements on submission of a valid registration document and registration fee (including the amount)
- Arrangements on registration for children on waiting list
- Arrangements for children changing school after registration

(iv) EDB's website on Admission Arrangements for Nursery (K1) Classes in Kindergartens
(https://www.edb.gov.hk/k1-admission_e)

2. Points to Note for Updating/Creating KGs' School Websites:

A. Requirements of School Websites

- (i) To facilitate parents of NCS children in obtaining relevant information on admission arrangements, KGs should create an icon or provide a simple message in English (e.g. "For admission information in English, please call xxxx xxxx to contact Ms/Mr XXX of our school.") **on the home page of the school website prominently**, to let parents know instantly how to obtain the English version of the information when browsing the home page of the school website. The icon/simple message should not be displayed at an inconspicuous location or on webpages other than the home page (e.g. relevant English icon/simple message can only be seen after clicking on other Chinese icons on the home page).
- (ii) Both English and Chinese versions of admission information on the school websites should be identical.
- (iii) KGs should provide the link to the English version of the EDB's website on K1 Admission Arrangements in KGs (https://www.edb.gov.hk/k1-admission_e) **on the school website prominently** (e.g. home page of the school website/the webpage providing the admission information in English) to facilitate parents browsing relevant information provided by the EDB.
- (iv) KGs should also provide the link to the Chinese version of the EDB's website on K1 Admission Arrangements in KGs (https://www.edb.gov.hk/k1-admission_tc) on the school website.

B. Examples of Website Design

(i) Home page (in Chinese)

An English message is provided in the Chinese version of the main menu of the home page or an icon is created on the home page prominently so as to facilitate parents of NCS children in obtaining the admission information in English.

(ii) Webpage providing information on admission arrangements

XXX Kindergarten
Arrangements for Repeat Study/
Extension of Kindergarten Education for More Than 3 Years

dd mm 20XX

To: Parent/Guardian of _____(name of student)

We are informed that you intend to arrange for your child to repeat his/her study and extend the kindergarten (KG) education for more than 3 years. In this connection, please note the following items:

- In general, the validity period of Registration Certificate for KG Admission (RC) is 3 years. If the parents arrange for their children to repeat their study in certain level due to personal consideration (e.g. individual conditions of the children, family factors, changing schools, etc.) and the KG education required is more than 3 years, the parents have to pay the full school fee before deduction of subsidy under the KG education scheme.
- Under special circumstances, parents may apply for the extension of the validity period of the RC. Application for extension of validity period of RC will only be considered by the Education Bureau (EDB) on a case-by-case basis for students with special needs. The applicant must provide relevant proof, for example, an assessment report issued by the relevant registered medical practitioner or professional (e.g. paediatrician, psychiatrist, educational psychologist, clinical psychologist, etc.), confirming special needs of the child for pursuing KG education for a period longer than the normal three years.
- As it takes time to wait for Government assessment services, if necessary, parents should arrange for their children to receive assessment as soon as possible. Parents may seek assessment service through the referrals from Maternal and Child Health Centre or public hospitals to Child Assessment Centre under Department of Health/Hospital Authority, or arrange for their children to receive assessment by the relevant registered medical practitioner or professional (e.g. paediatrician, psychiatrist, educational psychologist, clinical psychologist, etc.).
- For enquiries about the applications for the extension of the validity period of the RC, please call the EDB at 3540 6808 / 3540 6811. Parents of non-Chinese speaking children may call the EDB Hotline at 2892 6676. (Working hours: Mondays to Fridays 8:30 a.m. to 1:00 p.m., 2:00 p.m. to 6:00 p.m., closed on Saturdays, Sundays and Public holidays).
