For children who are eligible for receiving subsidised KG education

- If parents arrange for their children to receive KG education for more than 3 years due to personal consideration (e.g. individual conditions of the children, family factors, changing schools, etc.), the parents have to pay the full school fees before deduction of subsidy under the Scheme.
- Application for extension of validity period of RC will only be considered by EDB on case-by-case basis for students with special needs. The applicant must provide relevant proof, for example, an assessment report issued by the relevant registered medical practitioner or professional (e.g. paediatrician, psychiatrist, educational psychologist, clinical psychologist, etc.), confirming special needs of the child for pursuing KG education for a period longer than the normal three years.
- KGs should inform the parents of the above-mentioned points to note in writing (Template of the notice is at Appendix 2 of "Guidelines on Kindergarten Admission Arrangements for the 2024/25 School Year.") when the parents show intention in arranging their children to receive KG education for more than 3 years.

Each case would be considered on its individual merits. Take another example, if the **whole-month absence of students involves touring, disbursement of subsidy for these cases would not be considered.**

Speaking Children**

Non-Chinese speaking (NCS) children's early start in learning the Chinese language will facilitate their adaptation to mainstream curriculum and integration into the local community. Parents of NCS children are encouraged to send their children to kindergartens (KGs) with an immersed Chinese language environment as early as possible to facilitate their learning of the Chinese language. In this connection, the Government has rolled out a series of support measures for NCS children in KGs.

(2022 updated version)

**Support Measures for Non-Chinese Speaking
Children in Kindergartens**

Admission to KGs

- ★ All KGs must ensure equal opportunities in admission for all children regardless of their race, gender and ability and their school-based admission mechanism should be fair, just, open and comply with the anti-discrimination ordinances.
- ★ KGs are reminded to provide both Chinese and English versions of their application forms and relevant information, and to create an icon or provide a simple message in English on the school webpage to facilitate parents' access to the English version of the information. KGs are also reminded to state explicitly on the school website that if interviews are arranged for NCS children, KGs should arrange interpretation and/or translation service for applicants where necessary or allow parents and children to be accompanied by a Chinese speaking relative/friend during the interview to facilitate communication. KGs should provide the information on the school's support to NCS children, enquiry telephone number and email address for parents of NCS children on the school website.
- ★ Parent seminars on Nursery (K1) admission are organised for parents of NCS children annually. Interpretation service is provided as appropriate.
- ★ Relevant materials published by Education Bureau (EDB), such as leaflets, posters, application form and guidance notes on "Application for Registration Certificate for KG Admission" as well as the subtitles of publicity announcements, have been translated into languages of diverse race.
- ★ The KG Profile, which is published in both English and Chinese, provides a wide range of school information, including support to NCS students, which serves as useful reference for parents in making school choices.
- ★ Should individual NCS children encounter genuine difficulties in seeking admission to KGs, EDB will make referrals, as appropriate, to KGs joining the KG education scheme (Scheme-KGs) that have vacancies.

Catering for NCS Students' Needs

- ★ To support KGs in catering for the needs of NCS students, different school-based support services are offered. KGs admitting NCS students may apply for the relevant services according to their school development needs.
- ★ Professional training programmes are offered for KG teachers on teaching and learning of Chinese for NCS students.
- ★ Starting from the 2019/20 school year, we have refined the additional subsidy on support to NCS students. A 5-tiered subsidy is provided to Scheme-KGs according to the number of NCS students admitted to facilitate their support for NCS students. KGs admitting 1 NCS student also receive the subsidy. The full-year provision of the highest tier in the 2021/22 school year is about \$800,000.

★ To help KGs strengthen communication with parents of NCS students, a set of Communication Cue Cards with audio files and a set of templates for commonly used school circulars have been translated into languages of diverse race for use of KGs.

★ The KG Education Curriculum Guide sets out the direction and principles for facilitating the integration of NCS students into the local school settings, as well as introducing specific strategies and relevant resources on how teachers can help NCS students learn Chinese.
