Cyber Security Campaign 2017

Summary

The purpose of this circular memorandum is to inform heads of primary schools about the launch of “Cyber Security Campaign 2017” organised by the Cyber Security and Technology Crime Bureau of Hong Kong Police Force (HKPF) and the distribution of a leaflet on the campaign.

Details

2. To enhance the awareness on cyber security, as well as to let the public and students understand the impact and threats imposed by botnets, the HKPF has organised the “Cyber Security Campaign 2017”. The Campaign is a year-long promotion and education program supported by IT companies.

3. The HKPF will organise a series of publicity and educational activities for the public with an objective to reduce the number of botnet-infected computers in Hong Kong and to diminish the cyber threats against the local critical infrastructures, organisations and the public. The supporting IT companies have agreed to provide free scanning and removal tools for this Campaign. The public can download, scan and clean their computers, if infected. For details, please visit <http://www.cybersecuritycampaign.com.hk>.

4. A leaflet on preventive measures for cyber security will be distributed to primary schools. School Heads are requested to complete the collection form (Annex 1) and make arrangement to collect the leaflets at respective Regional Education Offices from 11 September 2017 to 12 October 2017.
