Summary

The purpose of this circular memorandum is to inform heads of primary and secondary schools of the details of the **“Smart e-Master” Information Kit on e-Learning** (Information Kit). Schools are invited to attend the related briefing cum sharing session.

Details

2. The framework on “Information Literacy for Hong Kong Students” was updated in 2016 to enable schools to incorporate information literacy into their curriculum so as to foster students’ ability and correct attitude to use information. To further support teachers to develop students’ information literacy and proper attitude in using information technology, the Education Bureau (EDB) has produced the “Smart e-Master” Information Kit on e-Learning for upper primary and junior secondary students. The Information Kit contains 10 sets of animations and comics, learning and teaching exemplars and on-line quizzes. The Information Kit has been uploaded to the website of the Hong Kong Education City (<http://www.hkedcity.net/edb/smartemaster>) and the relevant poster (Appendix) will be sent to schools by post for display in school premises.

3. We will organise a briefing cum sharing session on 17 December 2018 to introduce the Information Kit and share the good practices of schools in the implementation of information literacy. Schools are invited to nominate representatives to attend the briefing cum sharing session and enrol through the Training Calendar System [Course ID: EI0020180409].

4. Apart from the above Information Kit, EDB has produced a series of video clips “A Healthy Internet Starts with You” for parent education in collaboration with relevant Government departments and Non-Government Organisations. For details, please refer to the relevant website (https://edcity.hk/r/healthyinternet_video).
