

AiTLE 簡介會： 加強學校資訊保安 與數據保護簡介會

Association of IT Leaders in Education

- **Association of IT Leaders in Education (AiTLE)**
 - formed by a group of school IT Coordinators in 2002/2003
 - to promote quality of education through the use of IT
 - in form of peer-sharings, seminars and workshops
 - Now has > 1380 members
 - In frequent contact of schools & teachers
 - Through activities
 - Different formats of free consultancy services
 - In frequent contact with vendors/SI & professionals

The background of the slide is a grayscale image of a circuit board. It features a complex network of black lines representing traces and several solid black circles representing vias or components. The lines are interconnected, forming a grid-like structure with various paths and junctions. The overall appearance is technical and digital.

School Info Security problems, and Prevention Advices

Mr. Albert Wong
Chairman, Association of IT Leaders in Education (AiTLE)
