Matching Platform Quality Education Fund (QEF) e-Learning Ancillary Facilities Programme

The matching platform of the [QEF e-Learning Ancillary Facilities Programme](#) is an initiative developed in collaboration between the QEF and Hong Kong Education City Limited, which aims to facilitate:

1. the project proponents (tertiary institutions / school sponsoring bodies) for the QEF e-Learning Ancillary Facilities Programme to identify partner schools and/or other collaborating partners; and
2. interested local schools in seeking partnership with project proponents for e-learning related projects.

If you are interested in using the platform, please fill out the respective online form below. The information provided will be displayed on the matching platform within around 3 working days after submission and checking provided that the submitted information is complete. [Project proponents](#) and [local schools](#) are encouraged to visit the platform, browse the posts of other users, and approach each other to initiate discussion on collaboration.

The EDB is going to organise two identical online briefing sessions regarding the QEF e-Learning Ancillary Facilities Programme for tertiary institutions and school sponsoring bodies on 3 November and 9 November 2021. Invitation emails to the contact persons of tertiary institutions and school sponsoring bodies have already been issued on 27 October 2021.

Please input information to the respective online form by clicking the following buttons:

 Project Proponents¹

 Local Schools²

¹Project proponents refer to all UGC-funded universities, self-financing tertiary institutions and school sponsoring bodies.

²Local schools refer to government schools, aided schools (including special schools), caput schools, schools under the Direct Subsidy Scheme and kindergartens joining the Kindergarten Education Scheme.

Resources.EdCity.hk (revamped with Faceted Search)

The screenshot shows the Resources.EdCity.hk website interface. At the top, there's a search bar with the text 'chinese' and a 'SEARCH' button. Below the search bar, there are tabs for 'Resources Depository', 'EDB Resources', 'EdCity Resources', and 'Community Resources'. The 'Resources Depository' tab is selected. Below the tabs, it shows 'Results 1 - 10 of about 3638. Search took 0.07 seconds.' Two search results are displayed: 'Chinese Festivals and Culture' by Educational Television, dated 18/12/2017, and 'Lunar New Year' dated 3/2/2019. On the right side of the search results, there's a 'Faceted Search' panel with sections for 'Sorting' (set to Relevance), 'Resource Type' (listing EDB Resources (2332) and EdCity Resources (1306)), and 'Key Learning Area' (listing Chinese Language Education (1387), Chinese Language (1152), Chinese Literature (110), Putonghua (99), English Language Education (28), English Language (25), Mathematics Education (11), Science Education (18), Technology Education (9), Technology and Living (14), Information and Communication, and Technology (4)). A large blue arrow points from the 'Key Learning Area' section of the faceted search panel to a larger, detailed view of the 'Key Learning Area' on the right side of the slide.
