

## Build a Secure Cyberspace 2015 “Cyber Security is Everywhere” November Seminar

Hong Kong Computer Emergency Response Team Coordination Centre (HKCERT), the Office of the Government Chief Information Officer (OGCIO) and Hong Kong Police Force (HKPF) jointly organize the seminar. With the increase in popularity of mobile devices and advancement of mobile communications services, computer users can now enjoy accessing the Internet any time. Businesses and individuals can connect to cloud services, social networking, and even online banking to handle business and personal affairs. Nevertheless, criminals and hackers’ techniques continue to evolve, which made public and businesses faced different challenges of security and fraud. In this seminar, information security experts will share the security best practices and their experience. Participants can understand how to practise cyber security so that they can continue to enjoy the convenience of the cyber space.

You are cordially invited to participate in the event. The details of the seminar are as follows:
