

**Title of School-based Support Service (On-site Support)
(2024/25):**

Strengthening Interdisciplinary Coordination and
Collaboration to Plan and Implement STEAM Education

**Online Application
Code
S4**

1. Objectives

This support service aims to:

- give impetus to schools to refine planning of STEAM Education and develop effective learning, teaching and assessment strategies to help students acquire a solid foundation in science, technology and mathematics, foster creative thinking, problem solving and entrepreneurial spirit, and develop positive values and attitudes.

2. Foci of Support

- To strengthen interdisciplinary coordination and collaboration, and refine holistic planning of STEAM Education in schools
- To develop learning activities “for all”, “for fun” and “for diversity”, cater for different learning needs of students, and enable them to integrate and apply knowledge and skills in science, mathematics and technology
- To incorporate more innovation and technology learning elements into STEAM education
- To enhance the professional capacity of teachers (especially the STEAM Coordinators) and build a professional team in schools to continuously develop STEAM education
