To build on the strengths in the promotion of reading and to provide more opportunities for students to be exposed to language use in different contexts, schools have launched various reading programmes at all levels to facilitate reading across the curriculum and connect students' learning experiences. Effective practices have also been adopted to support the diversified medium of instruction arrangements at secondary level under the fine-tuning of medium of instruction for secondary schools. **Reading Fair 2012** is organised with the focus on promoting professional interflow and sharing good practices of schools in reading across the curriculum to the effect of connecting students' learning experiences and enhancing their learning capability not only in languages but also for life-long learning.
