As announced in the EDBCM No. 137/2024, the Test will be conducted on **15 July 2025 (Tuesday)**. **Schools opting for conducting the Test must conduct the Test for the three subjects at the specified times on the aforementioned date in the order of Mathematics, English Language and Chinese Language.** The first subject (Mathematics) will start at **9:00 a.m.**, the second subject (English Language) at **10:20 a.m.** and the third subject (Chinese Language) at **11:40 a.m.**. Should schools opt for not conducting the Test, no test materials will be delivered to them on the Test Day.

Quantity of Test Materials Required and Briefing Session

4. To ensure that there are sufficient test materials for Secondary One (S1) entrants taking the Test, schools opting for conducting the Test are required to complete Part C of Annex 2. The EDB will deliver the quantity of test materials to schools on the Test Day based on the estimated number of S1 classes taking the Test. No Sampling and External Invigilator Arrangements

6. As this year's Test is conducted on a voluntary basis, there will not be any collection of sampled answer sheets/booklets from schools and no arrangement for external invigilator.

Checking of Test Materials

7. The test materials in sealed carton boxes (the Test Material Boxes), a Principal's Packet and a blue-coloured box (Blue Box) will be delivered to schools by a delivery service company commissioned by the EDB **between 7:00 a.m. and 8:00 a.m. on 15 July 2025 (Tuesday)** the Test Day. The number of Test Material Boxes received should be the same as the number of S1 classes reported at Part C of Annex 2 (i.e. test materials for the three subjects all packed in a box and one box for one class). Couriers with staff cards bearing the delivery service company's name will request schools to acknowledge the safe collection of the test materials by signing and stamping the school chop on a receipt. Please note: **schools must ensure that there are staff on duty during the above time period to collect and acknowledge receipt of the test materials.**

8. Upon receipt of the Test Material Boxes, the school co-ordinator should open the boxes and check against the Checklist of Test Materials (Annex 3) affixed underneath the lid of the Test Material Boxes to ensure that no item is missing. If any test items are found missing, schools should contact the EDB immediately for re-delivery (Tel. No.: 2892 6535). In case the Test Material Box(es) is/are found damaged, or the seal(s) is/are not intact to an extent that may lead to the divulgence of the test contents, schools are required to complete the "Test Material Box and Principal's Packet Irregularity Report" in Part A of Annex 4 and send it to the EDB by fax (Fax No.: 2574 0340 / 2904 7387) or through the Electronic Form Submission System of EDB (e-FormSS) (<https://eformss.edb.gov.hk/eformss/Form105>)² immediately for follow-up actions.

9. After checking the test materials, schools should retain **all** the Test Material Boxes. All the question booklets and unused answer sheets/booklets have to be put in the Test Material Boxes after the Test, and the Test Material Boxes must then be sealed. Answer Keys and Marking Schemes as well as other test materials should be put in the Blue Box. The Test Material Boxes and the Blue Box will be collected by the delivery service company on 18 July 2025 (Friday) for onward transmission to the EDB. Please refer to paragraph 13 for the arrangements on return of test materials.

² Schools may download electronic version of the report from the EDB website (<https://www.edb.gov.hk/en/edu-system/primary-secondary/spa-systems/secondary-spa/general-info/pre-s1-hkat.html>). Please log in to the e-FormSS using the Master School Administrator (MSA) account via the EDB Common Log-On System, select "Research and Test Development Section" as the recipient, and return the completed report by uploading it through the system.

Test Arrangements

10. When S1 entrants turn up for registration, schools should inform them of the Test arrangements, such as Test schedule, venues and seating arrangements. Schools should remind students to bring along their **Secondary School Places Allocation (SSPA) – Allocation Slip** (sample at [Annex 5](#)) when taking the Test, for identification purpose and for writing the **Student Reference Number (STRN)** on the answer sheets/booklets for each paper.

11. The **Notes for Invigilators** (the Notes) and the **sample recording file** will be sent to schools via “**Fast Information Transmission System - School Messaging Module**” (FITS – SMM) in late June 2025. The Notes set out the procedures of conducting the Test and the announcements to be made to students. Schools should make copies and distribute the Notes to the invigilators (including standbys), who must be schools’ teaching staff, in advance for their perusal before the Test. (All copies of the Notes must be put in the Test Material Box after the Test and sent to the EDB by delivery service company.) Schools should assign adequate teaching staff as invigilators (including standbys), and the ratio of invigilators to students taking the Test should not be lower than 1:50. The sample recording file (.mp3 format) is for schools to test their audio equipment before the Test Day to ensure the smooth conduct of the listening tests for the Chinese Language and English Language subjects. Please refer to [Annex 1](#) for the arrangements of the listening tests.

12. Schools should arrange the students transferred from other schools, if any, to take the Test, no matter whether they have completed the registration procedures or not. In case there are students who have already transferred to other schools but turn up for the Test, schools are advised to make arrangements for them to take the Test. For arrangements for transferring the flaps of the answer scripts with the recorded scores, please refer to paragraph 17.

Return of Test Materials

13. Test materials will be collected **between 1:30 p.m. and 4:30 p.m. on 18 July 2025 (Friday)** by the same delivery service company distributing the test materials. Schools are requested to **sort** the test materials according to the List of Test Materials to be Returned ([Annex 6](#)) affixed underneath the lid of the Blue Box and the Test Material Boxes, put them in the respective boxes after sorting and seal the boxes properly. A school chop should be put on the edge of the sealing tape. Receipts will be given to schools by couriers of the delivery service company for record purposes upon collection of the test materials.

Absentees

14. If schools opt for conducting the Test this year, it will be considered as a school activity. If students are unable to participate in the Test for various reasons, schools are required to ask their parents to submit a written explanation for leave of absence on or before the Test Day. Schools should keep the written explanation for inspection by the EDB when required.

Arrangements for Students with Special Educational Needs

15. To facilitate the participation of students with special educational needs in the Test, primary schools have been requested to clearly state the necessary arrangements to be made by secondary schools in a prescribed form. Parents/Guardians are requested to bring along the forms to the secondary schools enrolled on the day of registration to facilitate secondary schools’ making appropriate arrangements to cater for the special needs of the students. The form (Sample) is at [Annex 7](#). For details, please refer to the EDB Circular No. 4/2022 on Transfer of Information of Students with Special Educational Needs. Schools are required to complete the report at [Annex 8](#) and return it to the EDB with other test materials or through e-FormSS on **18 July 2025 (Friday)**. Nil return is required.

16. A set of question booklets and answer sheets/booklets in enlarged print for the three subjects will be provided in the Principal's Packet for use or duplication when necessary. If schools have difficulties in making duplications of the enlarged question booklets and answer sheets/booklets, they should estimate the additional number of enlarged prints based on previous years' experience and fill in Part C of Annex 2 for delivery.

Transfer of Answer Scripts

17. Based on past experience, a small number of S1 entrants may seek transfer to another school after taking the Test. Under such circumstances, schools are advised to directly send **the flaps** of the students' answer scripts with the recorded scores to the recipient schools. Alternatively, the flaps can be given to the students concerned for onward transmission to the recipient schools under "Restricted Cover" in **sealed envelopes**.

Test Security

18. The Pre-S1 HKAT is a **secure test**. **Schools should ensure all school staff conducting the Test understand and comply with the security requirements. Duplication or possession of any test materials without the permission of the EDB is NOT allowed** (see Part B of Annex 2). Schools should adopt all necessary measures to safeguard the security of all test materials which are for their **exclusive use**. Test materials should be kept in a safe place when not in use and the contents of the test papers should not be divulged to any unauthorised persons including students at all times. After the Test, schools are still required to take appropriate security measures and return all the test materials to the Research and Test Development Section of the EDB as scheduled. Please refer to paragraph 13 for return of the test materials.

Adverse Weather

19. In the event of public announcement by the EDB that all classes are to be suspended on the Test Day due to adverse weather conditions, the Test will be postponed to the following day and the test time and other arrangements remain unchanged. The date for the return of test materials will also be postponed to the following working day (excluding Saturday) with the time and other arrangements unchanged.

20. Schools should remind parents to pay attention to the announcements on the radio/television or the press release posted on GovHK (www.gov.hk) in case of tropical cyclones, rainstorm warning or "extreme conditions" on the Test Day. The arrangements for the Test during inclement weather are at Annex 9. Schools can refer to this Annex and inform students of schools' arrangements for adverse weather when they turn up for registration.

Preventive Measures on Spread of Communicable Diseases

21. Schools should be vigilant and make reference to the health guidelines given by the Department of Health and the EDB on guarding against the spread of communicable diseases in schools from time to time. Relevant guidelines have been uploaded to the EDB's website: <https://www.edb.gov.hk> > School Administration and Management > Administration > About School > Prevention of Communicable Diseases in Schools > Guidelines on Prevention of Communicable Diseases in Schools > Guidelines on Prevention of Communicable Diseases in Schools/Kindergartens/Kindergartens-cum-Child Care Centres /Child Care Centres.
