

Points to Note

Parents registered as the **SSPA e-Platform (eSSPA)** users who have bound their account to **"iAM Smart+"** may submit **Secondary One** admission applications, and receive notifications for successful **Discretionary Places** applicants (if applicable) and allocation results via the eSSPA.

- 1) In general, the account binding cannot be changed once the parent has bound the **"iAM Smart+/iAM Smart"** account to the student's eSSPA account.
- 2) For parents with more than one child participating in the Secondary School Places Allocation System (SSPA) in the same cycle, they should first create an account with the information of one of their children, and then add the information of the other child(ren) via the eSSPA without registering again.
- 3) Students attending Primary 6 in schools participating in the SSPA will be distributed the "Student Reference Number" as well as the "Activation Code" by the primary schools. Students attending Primary 6 in schools not participating in the SSPA will be provided with the "Student Reference Number" as well as the "Activation Code" by the Education Bureau (EDB) when they apply for the "Application Form for Secondary One Discretionary Place".
