III. Points-to-note/tips before you start

Download a copy of the latest edition of the *Guidelines for the Student Information Management System (STIMS)*, (Path: **www.edb.gov.hk** > **Education System and Policy** > **Primary and Secondary School Education** > **School Places Allocation Systems** > **Student Information Management System**) and read it carefully. You may need to refer to the Guidelines in updating the eForm.
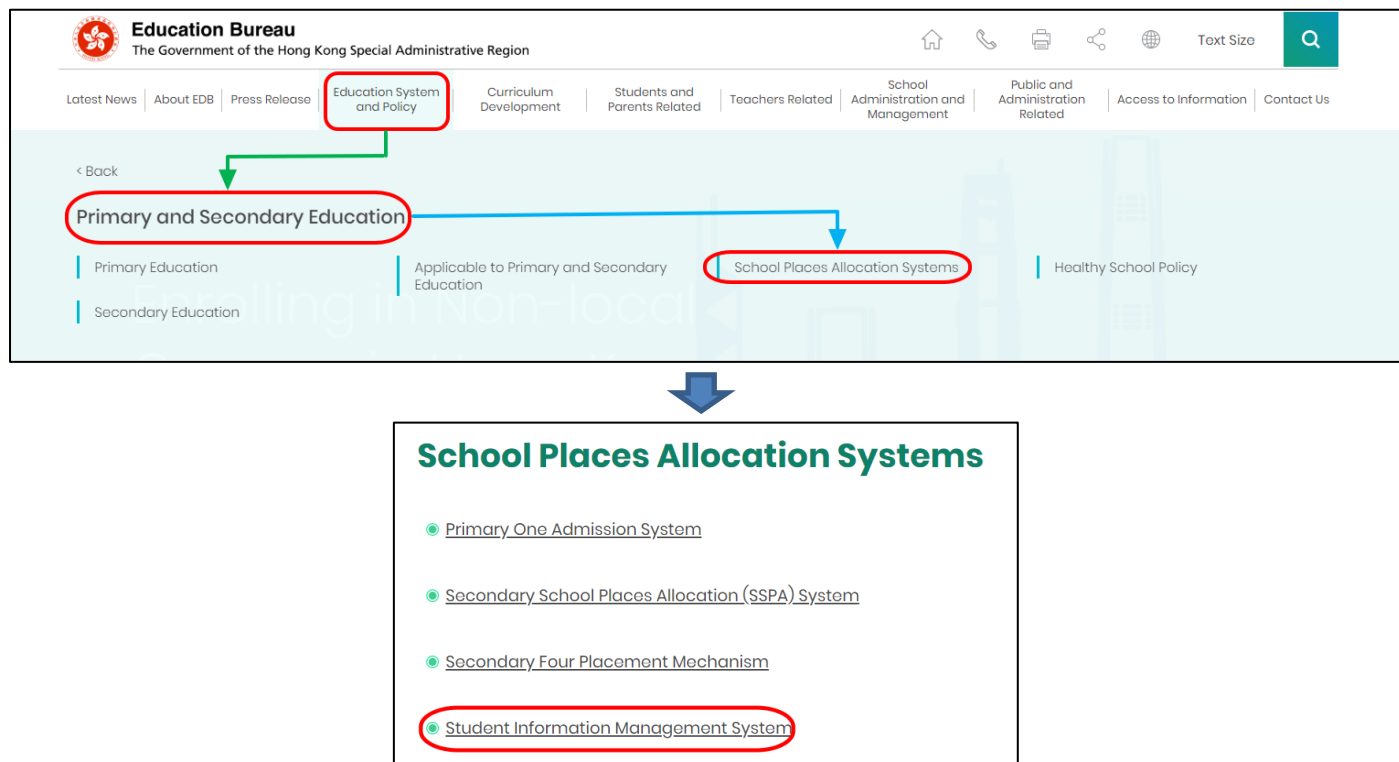

IV. Save the eForm regularly and frequently

- **Please save the eForm REGULARLY and FREQUENTLY**.
  - This helps to prevent data loss due to system problems.
  - The eForm will conduct a checking on the data when it is saved. If the eForm contains errors, it will display error messages. Please read the error messages carefully. Afterwards, please correct the errors and save the eForm again.
  - If the eForm contains many errors, it will take a long time to correct all errors one by one. You should therefore save your eForm regularly and avoid updating too many student records without saving your eForm.
  - If the eForm is saved successfully, the "Form Status" will become "Save" and the "Last Update Time" will display the time you saved the eForm. The message "Record updated successfully" will be displayed also.

B. Guidelines on Using eForm P6ID

"eForm P6ID" is a checking list containing the HKIC numbers of the current P6 students recorded in the database of the EDB. Please note that the HKIC number marked with "*" is generated by the computer based on the student's Hong Kong Birth Certificate number previously reported by the school.

I. Tips for filling in the eForm P6ID

- On the preloaded checklists of eForm P6ID, if there are any departed students who have not been reported to the EDB, please submit eForm A to report their departure **immediately**.
- Please verify the HKIC number for every P6 student.
- For updating/confirming the HKIC information of a student, you could only select the most appropriate one among the columns "HKIC Not Issued", "Correct HKIC No. (if different)" or "Remark". Once you select (and fill in) a column, the remaining two will be disabled.
- Please make sure you have verified all records before submitting the eForm P6ID. You may print the eForm for every P6 class (either in the form of hardcopy or softcopy) for filing purpose.

II. Retrieve students' record

When you first open the eForm P6ID, a blank eForm will be displayed.

Note: "Student Information Management Application (STM)" is also known as "Student Information Management System (STIMS)"
