23 June 2022

Dear Supervisors/ Principals of all Primary Schools (including Primary Section of Special Schools),

Invitation to participate in the
2022/23 Seasonal Influenza Vaccination School Outreach (Free of Charge) Programme

Thank you very much for the support from primary schools towards the Seasonal Influenza Vaccination (SIV) School Outreach (Free of Charge) programme. Under this Programme in 2021/22, it is encouraging to note that over 480 primary schools joined and organised outreach SIV activities, and 197,700 doses were administered to primary school students.

We now cordially invite all primary schools (including primary section of special schools) to participate in the 2022/23 Seasonal Influenza Vaccination School Outreach (Free of Charge) Programme. Under the Programme, all school children of the participating schools can receive free seasonal influenza vaccination, through Public-Private-Partnership (PPP) vaccination teams. The Department of Health will provide Inactivated Seasonal Influenza Vaccines (Injectable Type) for Primary School Outreach.

Schools can choose their service doctor by School Self-selection of Doctors. For schools which have not self-selected their doctor, Department of Health (DH) will match a service doctor with the school. Please refer to **Annex** for details of the Programme.

Schools that have participated in the Programme in the previous school years may wish to continue the existing partnership with their service doctors in the upcoming 2022/23 school year.

We hereby remind schools to stay clear of associating with any improper financial (or advantage) transactions when choosing your service doctor through School Self-selection

***We build a healthy Hong Kong and
aspire to be an internationally renowned public health authority***

of Doctor.

Please return the completed **Form A**. **Nil return is required** (Please return Form A even if your school is not joining). For schools joining through **School Self-selection of Doctors**, please **also return completed Form B**. All relevant forms should be returned to Programme Management and Vaccination Division of the Centre for Health Protection **on or before 5 July 2022** by fax to **2320 8505**, or by email to sivop@dh.gov.hk

We will inform the schools of the application results in late July 2022. For any enquiries, please call our programme hotline at 2125 2128.

Yours faithfully,

(Dr. MK THAM)
for Director of Health

Information Sheet
2022/23 Seasonal Influenza Vaccination School Outreach (Free of Charge)
Programme
Primary School Outreach

Objectives of the Programme: The Programme aims to facilitate primary schools in arranging outreach vaccination, so as to increase the seasonal influenza vaccination coverage for school children, to reduce school absenteeism, influenza related complications, hospitalisations and deaths, and to reduce influenza transmission in the community.

Eligibility to join : Under the programme, all primary schools (including primary section of special schools) can join the Programme. All school children of the participating schools can receive free seasonal influenza vaccination, through Public-Private-Partnership (PPP) vaccination teams*. School may choose their PPP vaccination team through either *School Self-selection of Doctors* or by *DH-matching*.

✧ *School Self-selection of Doctors*

- i. Schools can choose a private doctor/ medical organisation from the list posted on the Centre for Health Protection website: <https://www.chp.gov.hk/en/features/101414.html>.
- ii. Schools with prior outreach vaccination activities may continue the partnership with the previous doctors/ medical organisations.

✧ *DH-matching*

- i. For schools which have not selected a private doctor/ medical organisation, DH would match a service doctor* with the school.

*For schools in remote areas (e.g. out-lying islands) or areas requiring Closed Road Permit or Closed Area Permit (e.g. Lantau Island, Sha Tau Kok), DH may arrange DH Vaccination Team to provide the outreach vaccination service.

Schedule of the vaccination activities: The school should fix the dates of vaccination activities for the 1st and 2nd dose with the service doctor. The outreach vaccination activity should be conducted from 8AM to 3PM on school days (Monday to Friday).

- ✧ The 1st dose should be completed within TWO days.
- ✧ The 2nd dose should be completed within ONE day, with at least 4 weeks apart from 1st dose. To ensure adequate immunity against seasonal influenza, children under 9 years of age who have never received any seasonal influenza vaccination before are recommended to receive 2 doses of SIV.

Types of vaccines being used: The Department of Health (DH) will provide Inactivated Seasonal Influenza Vaccines (Injectable Type) for Primary School Outreach.

Delivery arrangement: For the 1st dose activity, DH will arrange the delivery of the vaccines directly to the Primary Schools; while for the 2nd dose, DH will deliver the vaccines directly or via the service doctors to the schools.

Roles and responsibilities of schools: Since schools are provided with vaccination services free of charge, they do not need to conduct tendering or quotation exercise when choosing a doctor. Schools are reminded to stay clear of associating with any improper financial (or advantage) transactions when choosing your service doctor through School Self-selection of Doctor.

Schools are responsible for:-

- 1) Distributing and collecting consent forms;
- 2) Verifying the particulars of the students provided in the consent forms;
- 3) Arranging vaccination venue;
- 4) Preparing the flow for vaccination day(s) (complete the 1st dose within 2 days; and completing 2nd dose within 1 day, with at least 4 weeks apart from 1st dose);
- 5) Assisting in the operation of the vaccination team during the vaccination activities;
- 6) Cooperating with vaccination team to implement Infection Control measures for COVID-19; and
- 7) Providing locked cabinet(s) for temporary storage of clinical waste in case same day collection of clinical waste cannot be arranged.

Announcement of the application results

The schools will be informed the **application and the matching results in July 2022**.

Remarks

For schools that are not interested in joining the 2022/23 Seasonal Influenza Vaccination School Outreach (Free of Charge) Programme or wish to provide SIV to students after the application deadline of the Programme, they can invite private doctors from the Vaccination Subsidy Scheme (VSS) School Outreach (Extra Charge Allowed) (website: <http://www.chp.gov.hk/en/features/101452.html>) to provide outreach vaccination at schools. All school children of the participating schools can receive seasonal influenza vaccination with subsidy from the Government. Private doctors under the Scheme may impose **extra charges**. Schools can discuss with the private doctors for the type of vaccine to be used. School staff and students' family members can also receive vaccination under the outreach vaccination activity, but the Government only provides subsidy to persons of VSS eligible groups. Non-eligible persons can join the activity via self-payment.

Enrolment Form A

2022/23 Seasonal Influenza Vaccination School Outreach (Free of Charge)

Primary School Outreach

*Please return this Form A to Programme Management and Vaccination Division, Emergency Response and Programme Management Branch of the Centre for Health Protection **by fax or email** (Fax Number: 2320 8505/ Email Address: sivop@dh.gov.hk) on or before 5 July 2022.*
