

本署檔號 Our Ref. : (61) in DH SEB CD/8/6/1 Pt. 27

22 August 2012

Dear Principal / Person-in-charge,

Preparedness Plan for Influenza Pandemic Launched

I would like to draw your attention to the launching of the 2012 Preparedness Plan for Influenza Pandemic (“the Plan”) today.

The Hong Kong Special Administrative Region Government (“the Government”) is committed to continuous enhancement of preparedness to cater for the possible risk of influenza pandemic.

Having regard to the experience in recent years including the human swine influenza pandemic in 2009, we have updated our preparedness plan for influenza pandemic. The Plan is based mainly on the framework of the previous plan with the three level response structure (i.e. Alert, Serious and Emergency Response Levels) maintained and with fine tuning of the response measures.

A copy of the Plan is available for downloading at <http://www.chp.gov.hk/en/guideline1/29.html>.

Thank you for your ongoing support in prevention of influenza.

Yours sincerely,

(Dr. SK CHUANG)
for Controller, Centre for Health Protection
Department of Health
