Please note the following:

- Due to the fluctuating vacancy situation, the vacancy situation of public sector secondary schools posted on this webpage is for reference only and will be displayed as “With Vacancies”, “With Limited Vacancies” and “Without Vacancy”.  
[Note: If the number of vacancies in a certain class level of a school accounts for less than 10% of the total number of places (calculated based on the allocation class size for that cohort to participate in the Secondary School Places Allocation System), it will be defined as “With Limited Vacancies”. - Before admitting students, public sector schools should interview the students applying for admission according to their school-based mechanism and professionally assess the class level the applicant students should enroll in. However, applicants should also understand that the places offered by the schools may not fully meet their preferences, including the desired class level and the preferred elective subjects.
