Introduction

This set of Guidelines aims to facilitate schools to ensure that schools' day-to-day procurement is properly and efficiently handled and that available resources are utilised to the best advantage. This set of Guidelines is generally based on the procurement and supplies procedures currently applicable to Government Departments and is formulated in consultation with the Independent Commission Against Corruption (ICAC). All aided schools are required to strictly follow the procedures set out in this set of Guidelines. At all times, SMCs/IMCs should ensure that their schools have put in place a fair, open and transparent system of procurement procedures and there are adequate checks and balances to prevent favouritism, corruption and malpractices.

2. Schools are strongly advised to report to the SMCs/IMCs, on an annual basis, of any irregularities in the procurement procedures by completing the “Exception Report on Procurement Activities for Aided Schools” available on the Education Bureau (EDB) homepage [<http://www.edb.gov.hk/en/index.html> (*EDB homepage → School Administration and Management → Regulations → Checklist on Common Administrative Issues in Aided Schools*)].

Prevention of Bribery Ordinance

3. It is an offence under the Prevention of Bribery Ordinance that, without lawful authority or reasonable excuse, school staff accept advantages from suppliers and contractors or the suppliers and contractors offer advantages to school staff in connection with school procurement. Schools must not permit their staff to receive advantages (including payment of commission) from suppliers and contractors. They should also inform all suppliers and contractors in writing that the offer of such advantages to school staff in connection with their official duties is illegal. This could be done by incorporating a statement in the order form or the terms of quotations/tenders. In any case, schools must not allow the choice of suppliers and contractors to be in any way influenced by any form of advantages, including donations.

4. School staff who use false accounting records (e.g. bogus quotations) or falsify documents with intent to deceive their school shall be guilty of an offence under the Prevention of Bribery Ordinance.

Safeguarding National Security

5. It is the constitutional duty for the Hong Kong Special Administrative Region to safeguard national security. School staff of all levels must effectively prevent and suppress any act or activity endangering national security. Schools should exercise their professional judgement, maintain a high degree of sensitivity and prudently assess any potential national security risks or issues that may be involved in every stage of the procurement.

6. To this end, schools should incorporate the following specific clauses into the quotation/tender documents to allow disqualification of a supplier and to terminate the contract in the interest of national security:

- (a) Notwithstanding anything to the contrary in the quotation/tender documents, the school reserves the right to disqualify a supplier on the grounds that the supplier has engaged, is engaging, or is reasonably believed to have engaged or be engaging in acts or activities that are likely to cause or constitute the occurrence of offences endangering national security or otherwise the exclusion is necessary in the interest of national security, or is necessary to protect the public interest of Hong Kong, public morals, public order or public safety.
- (b) The school may immediately terminate the contract upon the occurrence of any of the following events:
 - (i) the contractor has engaged or is engaging in acts or activities that are likely to cause or constitute the occurrence of offences endangering national security or which would otherwise be contrary to the interest of national security;
 - (ii) the continued engagement of the contractor or the continued performance of the contract is contrary to the interest of national security; or
 - (iii) the school reasonably believes that any of the events mentioned above is about to occur.

Declaration of Conflict of Interest

7. Staff involved in procurement and supplies duties should be required to sign an undertaking that they would declare in writing to the SMCs/IMCs any close connection that they currently or in future have with suppliers or contractors (e.g. being relatives, employers, shareholders) as soon as they become aware of it. Schools are required to properly record any declarations (a standard form is provided at **Annex I** for reference) or disclosures made and necessary action taken to avoid any actual or perceived conflict of interest. The staff declaring conflict of interest have to refrain from processing the related quotation/tender or follow the instruction of SMCs/IMCs. **This requirement should be annually brought to the notice of the staff involved by means of a circular which they should be required to sign to indicate that they have read and understood it.**

Segregation of Duties

8. To strengthen checks and balances, a clear segregation of staff duties is essential. Schools ought to assign different personnel for different stages of the procurement process. For example, invitation of suppliers for quotations/tenders; stores inspection and certification of services; certification of payment should be handled by different staff.

Principle of Fairness

9. All suppliers invited should be provided with **sufficient and equal**

knowledge of the quotation/tender requirements and specifications of the stores/equipment/services through the quotation/tender documents and, if necessary, oral briefings. No one should get more information or more notice about the quotation/tender. The specifications should be worded in easily comprehensible general terms based on the functional and performance characteristics of the stores and services required.

10. At least three weeks should be set between the issue and closing of a written quotation/tender. However, for urgent requirement, the written quotation/tender closing period may be shortened to two clear working weeks after obtaining approval from the Principal with the justifications recorded.

Security of Information

11. Quotation/tender information must be kept confidential with restricted access on a need-to-know basis. All communications regarding quotations/tenders must be classified as RESTRICTED DOCUMENTS from the time quotations/tenders are received and to the time a decision is made on the acceptance or otherwise of the quotation/tender.

12. **The requirement in paragraph 11 should be annually brought to the notice of the staff involved by means of a circular which they should be required to sign to indicate that they have read and understood it.** In addition, they should sign an undertaking that they would not make any unauthorised disclosure of quotation/tender information.

Procurement Procedures

13. The revised financial limits of procurement and their corresponding procurement arrangements and approving authorities are summarised below:

Financial limits	Procurement arrangements	Approving authorities
\$5,000 or below	Competitive bidding not required for procurement of any stores or services provided that a member of school staff at an appropriate level certifies that such procurement is essential and the prices are fair and reasonable	Principal/Deputy Head <i>[Note: For schools without Deputy Head, the approving authority rests with the Principal.]</i>
Above \$5,000 to \$50,000	By oral quotations (at least two)	
Above \$50,000 to \$200,000	By written quotations (at least five)	Principal
Above \$200,000	By tenders (at least five)	Tender Approving Committee comprising the School Supervisor/Manager,

Financial limits	Procurement arrangements	Approving authorities
		the Principal, a teacher and a representative of the Parent-Teacher Association or a parent manager

14. Schools may only make repeated procurement of the same items within 12 months by oral quotations and written quotations if the cumulative value of the procurement does not exceed \$50,000 and \$200,000 respectively. Schools must not split an order as a way to circumvent approval requirement or quotation/tendering procedures. Items of stores and services of the same category are to be grouped in the same quotation/tender schedule before inviting suppliers to bid. Schools should not evade the financial limits set out in paragraph 13 by dividing procurement requirements into instalments or by reducing the usual duration of contracts.

15. When inviting suppliers, the last successful supplier should always be invited to bid subject to satisfactory performance. For the remaining suppliers, schools may refer to the EDB Notification Lists or other possible sources of supply identified. Suppliers should be invited by rotation to ensure equity.

For procurement at an estimated cost of up to \$50,000 each

16. Procurement should be handled by school staff at an appropriate level. School staff should note that a single procurement is taken as a bill of procurement of relevant items from a single company on any one occasion.

17. Suppliers may be contacted by phone/fax to invite **oral quotations**. They should be advised of the deadlines (i.e. closing date and time of the oral quotations) and the mode of return (i.e. by telephone, by hand, by fax, etc.).

18. **If it is not possible to invite/receive the minimum number of oral quotations, an explanatory note should be made on the Purchase-by-Oral Quotation Form (see Annex II for reference), and it should be endorsed by the Panel Head of the subject or a staff member with the salary point not lower than Master Pay Scale Point 25.**

19. School staff at an appropriate level should complete the Purchase-by-Oral Quotation Form with recommendations and submit it with the quotations received, if any, to the Principal/Deputy Head for approval. Before making recommendations, due consideration should also be given to the comparison between the price and quality of the stores and services offered by the suppliers and those available on the market. If the lowest quotation is not selected, school staff should record the reason why it is not chosen. Schools should keep the Purchase-by-Oral Quotation Form and the quotations received, if any, for audit purpose for a period of three calendar years after the completion of the order.

20. On approval by the Principal/Deputy Head, schools can then place orders.

21. Supervisory checks should be conducted randomly to satisfy that the quotations obtained are genuine. Responsible staff should date and initial on the Purchase-by-Oral Quotation Form to show that the quotations have been checked.

For procurement at an estimated cost of more than \$50,000 each

22. **The procurement procedures of written quotations and tenders are basically the same except those as stated in paragraphs 30, 36, 37, 47 and 48.**

Preparation of written quotation/tender documents

23. To handle written quotation/tendering matters, schools should refer to the “Notes for Preparation of Invitation to Written Quotation/Tender” at **Annex III** with a sample of invitation letter and separate written quotation/tender forms for procurement of stores and services. All these documents are for general reference only. Each school should seek its own independent legal advice and, where necessary, advice from the school’s technical advisers, on the terms and conditions to be adopted in the invitation letters and written quotation/tender document for each written quotation/tender exercise. The Government of the Hong Kong Special Administrative Region and its public officers shall not be liable for any losses, damage and claims of any nature whatsoever that may arise from the school’s adopting any of the terms or conditions of the sample invitation letter and/or the written quotation/tender forms.

24. A copy of the written quotation/tender form should be provided for each supplier invited. The suppliers invited should be given full specifications of the required stores and services and, whenever possible, samples should be provided or shown to the suppliers so that they are certain of the type and finish of the item required, particularly where furniture is concerned. Schools should also spell out the pre-determined assessment criteria and marking scheme, if applicable, in the written quotation/tender documents for reference of the prospective bidders.

25. The closing date and time for submission of written quotations/tenders must be clearly specified in the written quotation/tender invitation documents.

Invitation of written quotation/tender

26. Schools should seek written quotations for single procurement above \$50,000 and up to \$200,000, and tenders for single procurement above \$200,000 from **at least five suppliers. If it has not been possible to invite sufficient number of suppliers, the circumstances should be explained and recorded on file. Prior approval should also be obtained from the SMCs/IMCs.**

27. Suppliers should be advised to return written quotations/tenders in duplicate under sealed envelopes marked “WRITTEN QUOTATIONS/TENDERS” with the written quotation/tender number and written quotation/tender closing date and time on the cover and addressed to the Principal by post title. It is advisable for schools to provide pre-addressed envelopes or envelope-covers to suppliers to avoid the omission of relevant data. Suppliers should be advised not to identify themselves on the written quotation/tender cover. Schools should indicate the names of suppliers who have been

invited on a Written Quotation/Tender Summary and Approval Record (see **Annex IV** for reference) which has to be passed to the written quotation/tender opening authority for recording the details of the responses.

28. All written quotation/tender documents should be sent to the selected suppliers by registered mail. Schools should maintain on file the recorded delivery receipts issued by the post office, showing the names of the suppliers and the date of despatch for audit purpose.

Submission of written quotation/tender

29. Suppliers should return written quotation/tender in duplicate to schools by mail or by hand. They should also be requested to return the written quotation/tender forms to the school stating “No Offer” even if they do not intend to submit any written quotation/tender.

30. **Written quotations must be locked up** and the key is to be kept by a member of school staff at an appropriate level whereas **tenders must be placed into the tender box** immediately upon receipt.

Tender Box

31. A tender box (see **Annex V** for reference) should be installed as a fixture in a permanent and convenient location in the General Office to ensure proper control over the receipt of tenders.

32. The tender box must be under double lock. The key to each lock must be held by different school staff, one of whom should be at a supervisory rank.

33. The tender box must be opened at a specific time according to school’s tender opening schedule. Tenders must be opened immediately if they bear a tender closing date and time which are the same as the date and time when the tender box is opened.

34. In case Tropical Cyclone Warning Signal No. 8 or above is hoisted, or Black Rainstorm Warning Signal or “extreme conditions” announced by the Government is/are in force on the tender closing date, the tender box should be opened on the next working day at the same time.

35. A spare set of keys is to be held by the Principal in case any key holders are unavailable when the tender box is due for opening.

Opening and vetting of written quotation/tender

36. For written quotations, **two staff members at an appropriate level** will be appointed by the Principal for opening, vetting and referring written quotation documents to the appropriate subject teacher(s) and administrative staff for evaluation and recommendation before referring the written quotation documents to the Principal for consideration and approval.

37. For tenders, a **Tender Opening and Vetting Committee (TOVC)** should be set up as follows:

- (a) The TOVC comprising two staff members (one with the salary point not lower than Master Pay Scale Point 25 and the other of a rank not lower than a Clerical Assistant or equivalent) will be appointed by the Principal **at least three working days** before the tender opening date. The two staff members of the TOVC should be appointed by rotation, whenever possible.
- (b) No forward roster of serving the TOVC needs to be maintained. A history of appointments shall, however, be maintained by the Principal in case it becomes necessary to check on the composition of a particular TOVC at a later date.
- (c) The TOVC is responsible for opening, vetting and referring tender documents to the appropriate subject teacher(s) and administrative staff for evaluation and recommendation before referring the tender documents to the Tender Approving Committee set out in paragraph 48 for consideration and approval.

38. The staff members assigned to open the written quotations are required to take action in line with the requirements set out in paragraph 39.

39. No tenders are to be opened before the tender closing date and time. The TOVC opens the tender box at the specified time on the closing day of the tender and identifies tenders due for closing on that day as well as late tenders for action. Tenders which bear a closing date later than the date of collection should be date-chopped and signed by all members of the TOVC, and then re-deposited into the tender box until this box is re-opened. The TOVC must ensure that the tender box is locked and return keys to the key holders. Once date-chopped, second date-chopping on these tender covers by subsequent TOVC is not necessary.

40. All written quotations/tenders should be sorted by the written quotation/tender opening authority in a locked-up room. In the event that the opening of written quotations/tenders for the day cannot be completed within the school hours, the written quotation/tender opening authority shall secure the written quotations/tenders in a safe place inside the locked-up room and continue the opening of written quotations/tenders the following day. The key of the room should be kept by the Principal.

41. If written quotation/tender covers are received without a closing date and time, the written quotation/tender opening authority will still open the written quotations/tenders and action will be taken in line with paragraphs 38 to 40 and 42 to 46 **as appropriate**. Written Quotation/Tender covers without closing dates but with other identifiable features (e.g. written quotation/tender title or written quotation/tender reference number) should not be opened until the written quotation/tender closing date.

42. Late written quotations/tenders should not be opened and their covers should

be clearly marked “LATE WRITTEN QUOTATION/TENDER, RECEIVED BY THE WRITTEN QUOTATION/TENDER OPENING AUTHORITY ON _____” and initialed by all members of the written quotation/tender opening authority before referring them to the written quotation/tender approving authority to decide on their validity. In principle, late written quotations/tenders should not be considered unless only one supplier has been invited. Late written quotations/tenders which the approving authority does not want to consider further should be returned under a covering letter to the suppliers. Special attention is to be paid to fairness to other suppliers in case a late written quotation/tender is to be validated.

43. On opening written quotations/tenders, the written quotation/tender opening authority should initial, date-stamp and check all written quotations/tenders to see if both the original and duplicate copies of the written quotations/tenders are identical. If alterations/amendments are found on a written quotation/tender document, the written quotation/tender opening authority should ensure that the alterations/amendments on the original copy and the duplicate are identical and then circle the revised amount/rate in red on both copies as well as initial against the revised amount/rate.

44. The written quotation/tender opening authority should enter relevant information of all written quotations/tenders received in the Written Quotation/Tender Summary and Approval Record (see **Annex IV** for reference). Random enquiries should be made to find out and record the reasons for unreturned written quotations/tenders (e.g. lost in mail).

45. Only the original set of written quotations/tenders should be passed to the subject teacher(s)/administrative staff to make recommendations. The duplicate set should be kept separately under lock and key for checking against the original set if alteration of written quotations/tenders is suspected. Before making recommendations, due consideration should also be given to the comparison between the price and quality of the stores and services offered by the suppliers and those available on the market.

46. After vetting the written quotation/tender documents, requesting the subject teacher(s)/administrative staff to make recommendations on the written quotation/tender and completing the relevant parts of the Written Quotation/Tender Summary and Approval Record, the written quotation/tender opening authority will then pass this record and the written quotation/tender documents to the approving authority for consideration and approval.

Approval of written quotation/tender

47. For written quotations, the approving authority rests with the **Principal**.

48. For tenders, a **Tender Approving Committee (TAC)** comprising the School Supervisor/Manager, the Principal, a teacher and a representative of the Parent-Teacher Association or a parent manager should be set up. Members of the TAC are to be appointed by the SMC or IMC. The TOVC and the TAC must be made up of different staff members and the subject teacher(s)/administrative staff responsible for making recommendations are to be excluded.

49. Before considering the recommendations, the written quotation/tender approving authority should randomly check the originals against the duplicates to ascertain that they have not been tampered with.
50. Normally, the lowest offer to specifications should be selected. If this is not the case, reasons for rejecting the lower offers should be provided. If a marking scheme is adopted, normally the written quotation/tender attained with the highest overall score should be recommended for acceptance.
51. If written quotation/tender documents are not in order (e.g. no offer complies with written quotation/tender specifications; price unreasonably high; terms unacceptable such as demand for pre-payment), the written quotation/tender approving authority may give instruction to re-invite written quotation/re-tender with revised specifications, terms and conditions, where applicable.
52. After ensuring availability of funds, the written quotation/tender approving authority may then approve the recommended written quotation/tender. Unsuccessful suppliers may be informed of the outcome after the contract has been awarded.
53. Schools should place orders before the expiry of the written quotation/tender validity period.
54. Schools should retain all original written quotations/tenders submitted by the suppliers and written quotation/tender documents including the Written Quotation/Tender Summary and Approval Record for audit purpose for a period of three calendar years after the completion of the order.

Single Quotation/Tendering

55. Procurement of stores and services should be made through competitive bidding as far as possible. **Schools should note that single quotation/tendering should be fully justified and used only in circumstances when competitive bidding would not be an effective means of obtaining the requisite stores and services, for instance:**
- (a) where there is evidently only one potential supplier capable of providing the requisite stores and services;
 - (b) where for reasons connected with the protection of copyrights or technical reasons;
 - (c) where services are to be provided by utility companies; or
 - (d) where maintenance is to be executed on patent or specialized equipment and where the warranty of the equipment gives the supplier of the equipment the exclusive right to carry out the maintenance service.
56. Single quotation/tendering procedures could only be initiated with the prior

approval from relevant authority set out as follows and with the decisions together with justifications be properly documented:

- (a) For procurement at an estimated cost of up to \$50,000 each, prior approval has to be obtained from the Panel Head of the subject or a staff member with the salary point not lower than Master Pay Scale Point 25.
- (b) For procurement at an estimated cost of more than \$50,000 each, prior approval has to be obtained from the SMCs/IMCs.

57. Schools should follow the same procurement procedures applicable to competitive bidding for quotation/tender.

Involvement of School Sponsoring Bodies (SSBs) in Schools' Procurement Activities

Acquiring stores and services through SSBs

58. When SSBs are delegated by the SMCs/IMCs to carry out procurement activities on behalf of the schools, SSBs are required to follow the same procurement procedures as the aided schools.

59. Before delegations take place, **prior approval must be obtained from the SMCs/IMCs** and such records should be properly documented.

60. All relevant procurement records (including the invoices and payment vouchers, if any) should be made available to schools for audit purpose. The SMCs/IMCs have the obligation to ensure SSBs' compliance with the procurement requirements set out in this set of Guidelines.

Acquiring stores and services from SSBs

61. If SSBs wish to provide stores and services to their schools, they should be treated as one of the bidders and subject to competitive bidding and the same selection procedures applicable to other bidders.

62. The SMCs/IMCs should ensure that the SSBs concerned are treated equally and fairly as other bidders. Special attention is drawn to declaration of conflict of interest as set out in paragraph 7.

Acquiring stores and services from SSBs by single quotation/tendering

63. Schools must observe the requirements as set out in paragraph 55 and **prior approval must be obtained from the SMCs/IMCs**.

64. To enable SMCs/IMCs to determine whether to accept the offer of SSBs or not, SSBs should submit price quotation with cost breakdown for the stores and services. After vetting the quotation/tender offered by the SSBs, **the accepting authority rests with the SMCs/IMCs**. The decision of the SMCs/IMCs together with

the grounds leading to the decision should be properly documented.

65. In handling the single quotation/tender submitted by the SSBs, SMCs/IMCs should refer to the “Checklist for Issue and Vetting of Single Quotation/Tender for Supplies of Stores and Services by School Sponsoring Body” at **Annex VI**.

Sub-contracting

66. To ensure quality of services, schools are not advised to accept contractor sub-contracting service/procurement to a third party. If considered appropriate, schools may set out the following in their quotation/tender invitation:

- (a) The contractor shall not sub-contract, assign or otherwise transfer or dispose of the contract or any part thereof or any rights and obligations without the prior written consent of the SMCs/IMCs.
- (b) The contractor shall not, without the prior written consent of the SMCs/IMCs, enter into any sub-contract with any person for the performance of any part of the contract. If the contractor considers it necessary to sub-contract the work/services, the contractor shall submit the proposed sub-contract to the SMCs/IMCs for approval. The SMCs/IMCs reserve the right to grant permission for sub-contracting and determine the terms and conditions of the sub-contract.
- (c) The contractor shall remain fully liable and shall not be relieved from any of its relevant obligations by entering into any sub-contract for the performance of any part of the contract and the contractor shall be responsible for the acts, defaults or neglect of any sub-contractor, its employees and agents.

Services from Social Enterprises

67. It is the Government’s objective to enable people with disabilities (PWDs) to integrate into the community through the process of vocational rehabilitation and eventual gainful employment. While not affecting the quality of services provided to the students at large and with the prior approval from their SMCs or IMCs, schools are encouraged to procure services provided by social enterprises set up by non-governmental organisations (NGOs) which employ PWDs when opportunities arise to promote self-reliance and employment opportunities for PWDs. These organisations create training and work opportunities for PWDs and run diversified business which includes services on a longer-term (such as cleaning service, repair and maintenance, transportation service, tuck-shops in schools) as well as services on a one-off basis (such as catering services for school functions, painting, non-structural renovation works). The services provided by these disabled people to schools would also help heighten students’ awareness of the diversity of our society and promote social harmony.

68. For details of services provided by social enterprises set up by NGOs which employ PWDs, schools may visit the website of the Marketing Consultancy Office (Rehabilitation) of the Social Welfare Department at <http://www.mcor.swd.gov.hk> or

the Social Enterprise Resource Web at <http://www.socialenterprise.org.hk>. Schools may also contact the Marketing Consultancy Office (Rehabilitation) direct at 3586 3446.

Supplies Inspection Team

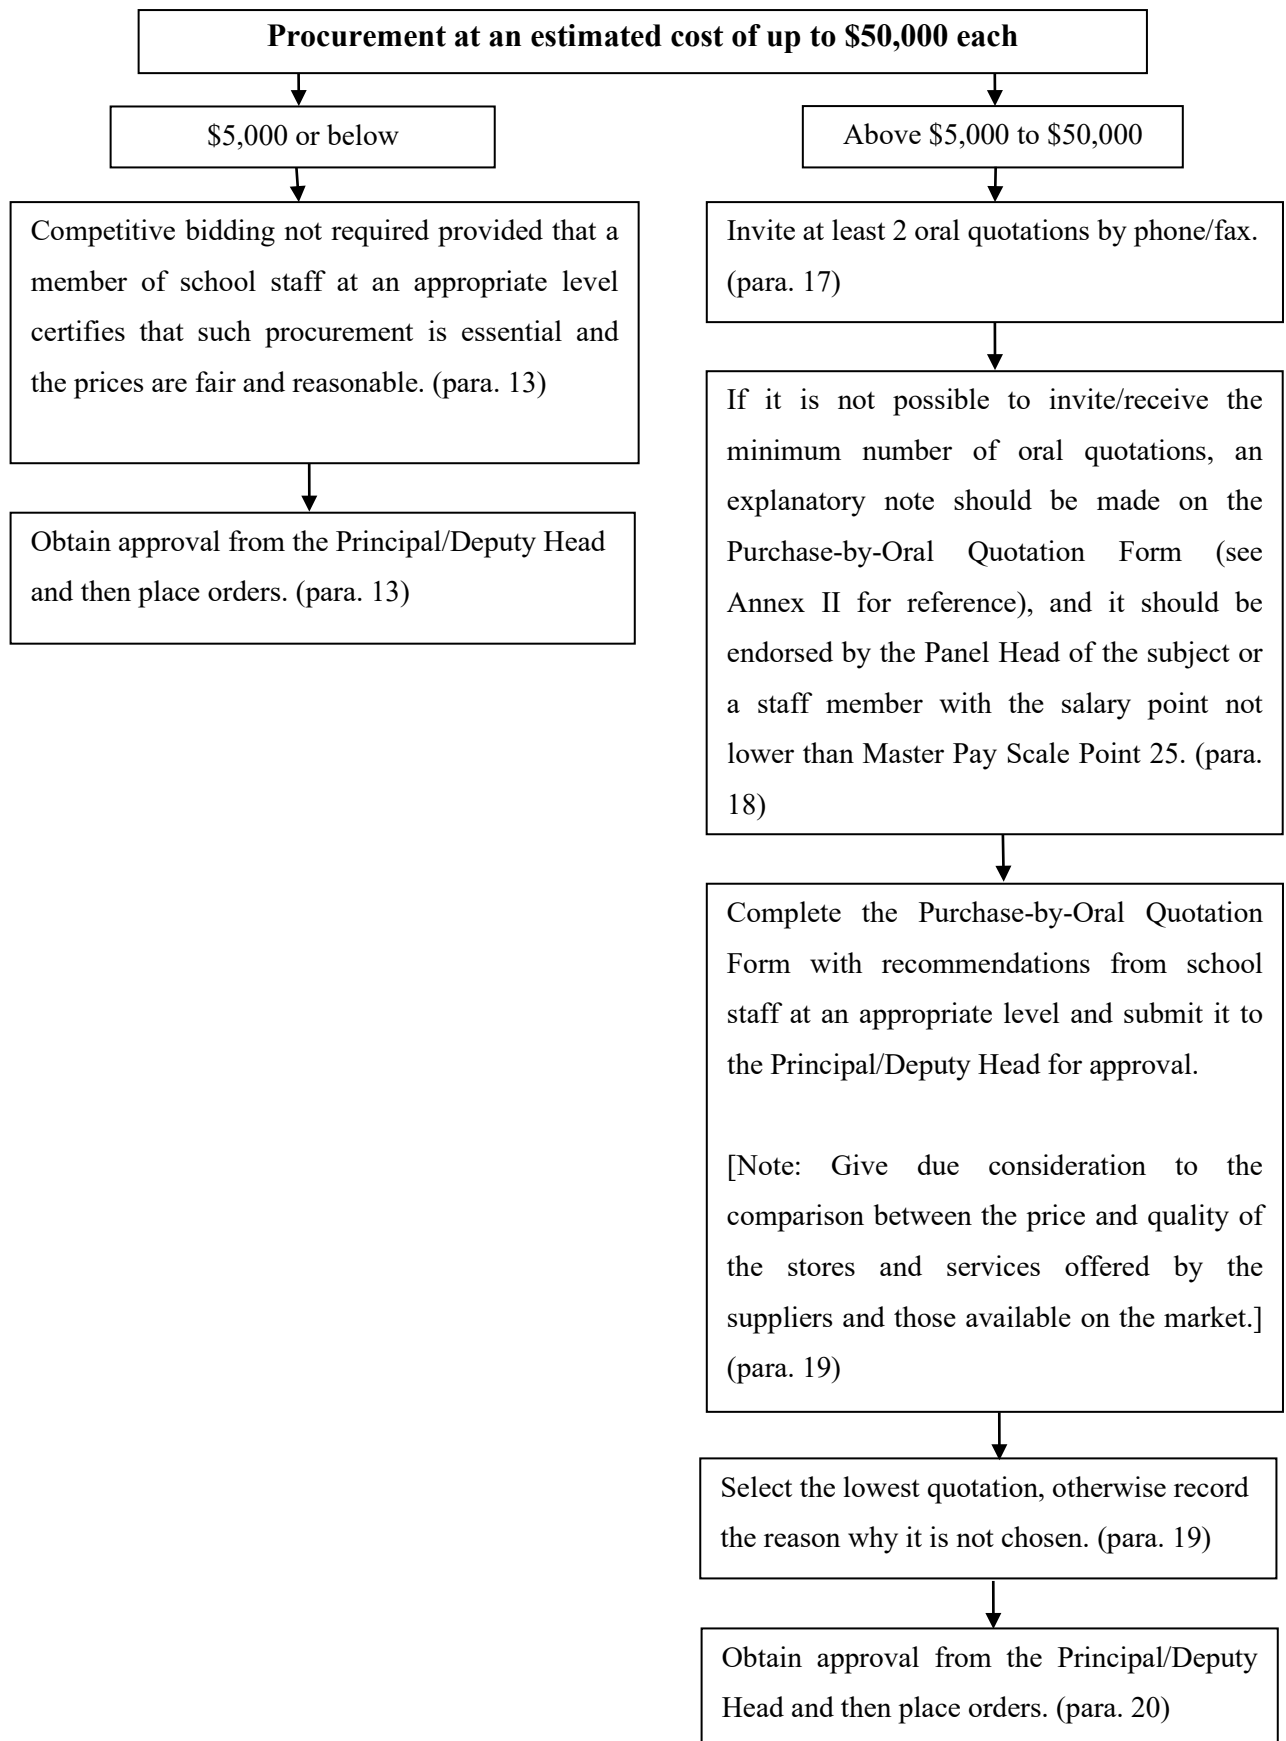

69. The EDB will conduct inspections to schools to ensure compliance with the procurement procedures as laid down in this set of Guidelines and to advise on supplies management and inventory control.

	reference).	
2.3	<p>Whether the price of the quotation/tender offer is considered fair and reasonable by SMC/IMC? Where applicable, open competitive quotation/tender exercise should be considered.</p>	Yes/No

Arrangement Relating to the Employment of Non-Skilled Workers Under Government Service Contracts

Subsequent to the package of improvement measures introduced by the Government on 1 April 2019 to enhance the labour benefits of relevant non-skilled workers under government service contracts, the Chief Executive announced in his 2022 Policy Address that the Government would further review the arrangement relating to the employment of non-skilled workers under government service contracts, including remuneration of the workers, as well as the relevant monitoring mechanism.

2. A review has been completed by the Financial Services and Treasury Bureau, the Labour and Welfare Bureau and relevant departments. The **key findings and new measures** were reported to the joint meeting of Panel on Financial Affairs and Panel on Manpower of the Legislative Council in May 2023³.

3. The Government has led by example in enhancing the protection of the labour benefits of non-skilled workers employed under the government outsourced contracts. We encourage aided primary and secondary schools to **adopt the new measures as far as practicable**. The new measures are summarised as follows –

Enhancement measures

Enhancement in gratuity entitlement

4. Non-skilled workers with less than one year of continuous service with the government service contractors (GSCs), provided that the employment contracts have been terminated because the service requirements procured by the

³ Discussion Paper: <https://www.legco.gov.hk/yr2023/english/panels/fa/papers/famp20230508cb1-426-1-e.pdf>

Government are no longer necessary or because of the unsatisfactory performance of the contractor, would be entitled to gratuity payment at 6% of the total wages earned (whereas under the prevailing arrangement, non-skilled workers whose employment contracts end within one year after commencement, they are not entitled to gratuity payment). Besides, supervisory staff directly monitors the delivery of services by non-skilled workers, and plays a key role in ensuring the effective implementation of public services by the GSCs, entitlement for gratuity has also been extended to the supervisory staff of non-skilled workers.

Enhancing technical assessment of measures on improvement to environmental protection, social responsibility and governance

5. To make the government procurement regime more conducive to environmental protection, social responsibility or governance (ESG), at least 5% weighting would be assigned to ESG proposals (notably the employment of people with disabilities and/or rehabilitated persons) from the existing 20% weighting for innovative suggestions under the technical assessments. Accordingly, at least 15% weighting from the technical assessments would be assigned for innovative suggestions that adopt proposals on technological means/ arrangements/ work process/ solutions/ equipment to enhance efficiency, effectiveness and productivity of the service outcome of which the contributions should be visible and preferably be quantifiable and measurable.

Enhancing protection of occupational safety and health

6. To safeguard the occupational safety and health of non-skilled workers, it is an essential requirement that all tenderers must submit a Heat Stroke Prevention Work Plan in bidding government service contracts that involve non-skilled workers performing duties outdoors, in indoor work environment without air-conditioning and/or in the vicinity of heat sources. The Demerit Point System under the government procurement regime has also been expanded to cover non-compliances with the Heat Stroke Prevention Work Plan to ensure that the said Work Plan will be effectively implemented. Besides, a mandatory assessment of the adverse record of the tenderer in respect of the demerit point(s) accrued in the past three years has been included in the tender assessment process.

Strengthening monitoring framework

7. To strengthen the control and monitoring of the employment of non-skilled worker under government service contracts, a more standardised and consistent approach has been introduced for Bureaux/Departments to achieve two objectives, namely (a) service outcome monitoring to ensure our public service is delivered effectively in meeting the service standards and requirements of the relevant service contracts; and (b) labour protection to ensure that measures to protect non-skilled workers' wages and other labour benefits are properly implemented by the contractors.
