The first-aid box should contain treatment materials including antiseptics, disposable plastic/vinyl gloves, forceps, sterilised dressings and bandages. In schools where there are science laboratories and workshops, first-aid boxes should also contain materials for giving immediate treatment to burns, scalds, acid/alkali burns, shocks and other injuries. Pupils should not be allowed to perform dangerous practical experiments and all reasonable precautions should be taken to guard against accidents. Dangerous poisons should be kept in a locked cupboard.
2. At least two members of the staff of every school shall be trained in giving first-aid treatment.

Fire Precautions

3. All schools, as required by the Director of Fire Services, shall be equipped with fire extinguishers kept in easily accessible places and janitor staff shall be trained in the use of the extinguishers. The Principal shall ensure that all fire service installation or equipment in the school premises is kept in good condition at all times. Laboratories shall in addition be supplied with buckets of sand and water.
4. Fire drills, when all pupils must leave the school building and the roll be called, shall be held at least once every six months, or otherwise as advised by the Director of Fire Services and shall be noted in the school log book or in the appropriate school record book.
5. The responsibility for sounding a fire alarm in a school should not be delegated to one individual. It should be the duty of any person discovering or suspecting an outbreak of fire to give the alarm.
6. Where a school has more than one fire alarm bell, arrangements should be made to ensure that when an alarm is sounded on one, it is immediately relayed to all other alarm bells.
7. Fire alarms and drills shall always include clerical, kitchen and maintenance staff, as well as teachers and pupils.
8. No cooking or naked light is allowed on the school premises, except in specifically designed and constructed kitchens approved by the Director of Fire Services.

Correspondence with the Education Bureau

9. All correspondence should be address to the Permanent Secretary but may be sub-directed to the particular officer primarily concerned.
10. Members of the staff of an aided school should normally correspond with the Education Bureau through the Principal/Supervisor of the school.

Admission of Pupils

11. (a) Allocation of places in Secondary 1 and Secondary 4 of aided schools shall be made according to such arrangements as the Permanent Secretary may from time to time determine. *(updated on 1 November 2012)*
- (b) Notwithstanding the provision in paragraph 11(a) above, the Permanent Secretary may direct an aided secondary school to admit a child to fill an available vacant place.
- (c) Places becoming available from time to time, other than those filled by the arrangements as specified in paragraphs 11(a) and 11(b) above, may be filled at the discretion of the school Principal.
- (d) All schools shall maintain a system of records giving details of each pupil in a form approved by the Permanent Secretary. Such record cards shall give particulars of pupils entering and leaving the school.

Suspension and Expulsion of Pupils

12. (a) Pupils admitted into an aided secondary school in the junior secondary course (Secondary 1 - 3) and the senior secondary course (Secondary 4 - 6) should normally be allowed to complete that course. No junior secondary pupil (Secondary 1 - 3) aged under 15 years should be expelled without proper warning and notice to parents and without the approval of the Permanent Secretary. No senior secondary pupil (Secondary 4 - 6) should be expelled without proper warning and notice to parents. However the Permanent Secretary should be kept informed of all such cases at the warning stage. *(updated on 1 November 2012)*
- (b) Pupils must not be expelled solely on the ground that they are academically weak.
- (c) In appropriate cases, pupils with persistent lack of academic progress or behaviour problems may be referred to the Education Bureau for assessment and advice.
13. (a) No pupil should be considered for expulsion except on grounds of :
- (i) non-payment of gazetted fees; or
 - (ii) a grave breach of school discipline after reasonable measures to enlist the co-operation of parents have proved unsuccessful.
- (b) Where approved school tuition fees and/or subscriptions are charged, the non-payment of such fees is an accepted ground for expulsion. Supervisors and Principals of schools will be expected to investigate the circumstances and, if they are convinced that the non-payment is genuinely deliberate, to inform the Permanent Secretary accordingly before expelling the pupil. This applies to all pupils, whether they are subject to universal basic education or not.
- (c) Exceptionally, if it is considered that there are other grounds of sufficient gravity to merit expulsion, the Permanent Secretary shall be consulted at an early stage before any formal action is taken.
- (d) If a Principal is contemplating the expulsion of a pupil, every effort must be made to interview the parents. A warning letter shall be sent to the parents or guardians and a full report shall be submitted to the Permanent Secretary for his consideration at the same time.

14. (a) Suspension from school is not an appropriate way to treat a misbehaved pupil. Under most circumstances, the pupil in question should be allowed to continue normal schooling, pending the outcome of any investigation into the cause of his misbehaviour by the school and, if necessary, he should be referred for professional advice.
- (b) The suspension of a pupil for a short period of time may be ordered on grounds of unsatisfactory conduct after the parents or guardians have been duly warned and notified. The Permanent Secretary shall be informed of all cases of suspension from school for more than three school days.
- (c) All schools shall keep a record of all suspensions and expulsions showing the reasons in each case and the approval of the Permanent Secretary, if applicable.

Secondary Four Placement Mechanism/Hong Kong Diploma of Secondary Education Examination

15. With the implementation of the new academic structure as from the 2009/10 school year, pupils admitted to an aided secondary school should normally be able to complete Secondary 1 - 6 in the same school to ensure continuity of learning. For exceptional cases where individual schools cannot provide sufficient Secondary 4 places for all of their own Secondary 3 pupils, the Secondary 3 pupils shall be presented for central placement under the Secondary Four Placement Mechanism. All pupils in Secondary 6 under the new academic structure shall be presented for the Hong Kong Diploma of Secondary Education Examination except as the Permanent Secretary may otherwise determine. *(updated on 1 September 2010)*

Attendance, Terms and Holidays

16. An attendance register shall be kept for each class and shall be made up within one hour of the commencement of each school session.
17. The Principal of an aided school shall keep a daily summary showing the attendance of each class.
18. Schools shall normally meet twice a day for morning and afternoon sessions.
19. The school hours shall be as approved by the Permanent Secretary. If the time devoted to religious knowledge and other religious observances exceeds 1.5 hours per week, such excess time shall be additional to the normal school hours.
20. No pupil shall be compelled to attend religious instruction or to participate in any religious observances and separate provision shall be made for all pupils not wishing to attend such activities. All pupils shall be informed of this requirement at the commencement of each school year.
21. The number of school holidays, which should include public holidays, shall be 90 days a year, with three additional discretionary holidays. The 90 days school holidays should primarily be holidays for the pupils. Teachers may also enjoy these holidays but they may be required to carry out extracurricular duties or assist in performing school administrative duties during these holidays at the school's discretion.
22. The Supervisor shall, in accordance with regulation 79 of the Education Regulations, send to the Permanent Secretary before 15 August each year notice of all holidays intended to

give in the coming school year, including any special holidays given in honour of any particular event, and of all dates on which the usual work of the school will be suspended.

23. The Permanent Secretary may, in accordance with regulation 82 of the Education Regulations, by notice in writing to the Supervisor of any school require that a holiday shall be given on any day specified in such notice and the Supervisor shall ensure that such holiday is given accordingly.

The principal of an aided school shall forward to the Permanent Secretary a notification of any changes in the course of study for the coming school year, not later than the first of September each year. Copies of the class and teachers' time-tables and time allocation table shall be forwarded to the Permanent Secretary on the date specified in relevant circulars issued each year.

27. In selecting textbooks for use by pupils, schools should observe the guidelines on the selection of textbooks and learning materials contained in the relevant circular issued by the Education Bureau. Textbooks should not be changed unnecessarily as this may impose an undue financial burden upon parents. Changes should be made only if textbooks currently in use are found to be unsuitable. Where a series of graded books is to be replaced, the new series should be introduced gradually, beginning at the lowest level and not at all level throughout the school at any one time except in the event of the implementation of a new syllabus. Any proposal to replace a book on the Recommended List by a book which is not on the Recommended List must be supported by good educational reasons. The school should be prepared to supply such reasons if requested to do so.
28. Each school should have a homework policy for which the Principal of the school carries responsibility in order to exercise proper control over the homework being set. Such a policy should be worked out in consultation with teaching staff and, wherever possible, explained carefully to parents. The guiding principle in setting homework is that it should be planned and chosen to complement and reinforce the work being done in the classroom and that due recognition should be given at all times to the age and abilities of pupils.

Closing of Schools or Suspension of Classes in the Event of Storms and Heavy Persistent Rain.

29. (a) Schools shall be closed in the event of the hoisting of any typhoon signal higher than No. 3 or in the event of the issue of the 'RED' warning of the AMBER-RED-BLACK colour coded rainstorm warning system or as otherwise instructed by the Permanent Secretary.

- (b) In exceptional circumstances, the Permanent Secretary may announce the closing of schools or the suspension of classes in one or more districts. Pupils living in such districts need not go to school even if their schools are located elsewhere.
- (c) If local weather, road, slope or transport conditions warrant the closing of a particular school, and announcement has not been made by the Permanent Secretary to close schools generally, the Principal may close the school and notify the respective Senior School Development Officer as soon as possible afterwards.
- (d) Principals are advised to draw up a contingency plan to deal with the closing of schools or suspension of classes due to deteriorating weather and parents should be informed of the arrangements through a circular letter, which should also remind parents of the use of their discretion in deciding whether or not to send their children back to school in the event of heavy persistent rain or deteriorating weather, having regard, in particular, to local weather, road, slope or transport conditions.
- (e) Principals of schools are advised to take appropriate measures to ensure the safety of pupils in school.

Inventories and Stock-books

30. Schools need to keep registers for fixed assets and books. School Principals shall keep Inventories of all permanent furniture and equipment giving date of acquisition and date and reason of any writing off. Separate Inventories shall be kept for furniture, Gymnastic Equipment, etc.

33. The Principal of an aided school shall be responsible for ensuring that the provisions in the guidelines on conducting trading operations which the Permanent Secretary may from time to time issue are fully complied with.
34. Comprehensive price lists of all commodities for sale to pupils must be displayed prominently in the school.

Staff Establishment of Aided Secondary Schools1. Teaching Establishment(a) Overall Establishment(i) Basic Provision

With effect from the 2012/13 school year, the teacher-to-class ratios¹ for secondary schools are as follows:

- 1.7 teachers per junior secondary class
- 2.0 teachers per senior secondary class

(ii) Additional Provision

Starting from the 2017/18 school year, the above teacher-to-class ratios are increased by 0.1 teacher per class, i.e. Additional Provision. The additional teaching post(s) so created is/are at the rank of Graduate Master / Mistress (GM) and not included in calculating promotion posts and graduate teacher ratio.

Each school is provided with a Principal and its teaching staff entitlement shall be calculated according to its class organization and the corresponding teacher-to-class ratios. The teaching staff entitlement calculated shall be retained at 1 decimal place.

The overall teaching staff entitlement of a school shall include the additional teachers of appropriate grades as provided and specified in sub-paragraph (e) below.

(updated on 1 September 2017)

(b) Graded Posts within the Establishment

The ratio² of graduate teacher posts in aided secondary schools is 85% with effect from the 2009/10 school year.

¹ The teacher-to-class ratios have embedded the provision of additional teachers to all schools including the teachers for split-class teaching, school librarians, additional Chinese language teachers, additional teachers for remedial teaching, counselling and extra-curricular activities and additional non-graduate teachers under Education Commission Report No. 5.

Upon the implementation of the New Senior Secondary (NSS) academic structure from the 2009/10 school year, the teacher-to-class ratios for secondary schools, as stipulated in the report “The New Academic Structure for Senior Secondary Education and Higher Education” published in May 2005, are as follows:

- From the 2009/10 school year to the 2011/12 school year (i.e. up to the double cohort year), the teacher-to-class ratios are 1.7 teachers per junior secondary class, 1.9 teachers per senior secondary class in the new system and S5 of the pre-NSS system, and 2.3 teachers per S6 and S7 class of the pre-NSS system.
- In and after the 2012/13 school year, the teacher-to-class ratio for senior secondary class is revised to 2.0 teachers per senior secondary class (S4 to S6).

² With effect from 1 September 2008, the previous upgrading provisions for Expansion of Graduate Posts in Secondary Schools and Graduate Posts for Practical, Technical or Cultural Subjects has been subsumed under the enhanced graduate teacher ratio.

The number of posts in each grade shall be determined by making reference to Attachment A.

(updated on 1 September 2017)

(c) Teachers on Overseas Terms *(applicable only to schools with serving teachers on overseas terms)*

Subject to the provisions of Appendix 10, teachers of English may be employed on overseas terms according to the following quotas : -

- (i) for all secondary schools of 12-23 classes, 2 teachers may be employed on overseas terms;
- (ii) for all secondary schools of 24 or more classes, 3 teachers may be employed on overseas terms.

(d) Part-time Teachers

To determine the appropriate fraction for a part-time teacher the following formula shall be used : -

$$1.3 \times \frac{\text{Number of periods taught by teacher per week/cycle}}{\text{Total number of periods taught per week/cycle}}$$

(e) Additional Teachers

- (i) Additional teachers of English are provided to individual schools which adopt Chinese as the medium of instruction for subjects other than language subjects, practical and technical subjects, Chinese History, Chinese Literature and English Literature. The purpose of the additional resources is to help schools that adopt Chinese as the medium of instruction to strengthen the teaching of English. The eligibility for additional teachers of English is determined in accordance with the amount of Chinese language instruction offered. Details concerning the calculation of additional teachers of English are in Attachment B.

(ii) Enhanced Native-speaking English Teacher (NET) Scheme

NETs will be provided as additional English teachers regardless of the choice of medium of instructions (MOI), in the following scale –

<u>Total no. of Operating Classes</u>	<u>No. of additional NET</u>
Below 40	1
40 or above	2

One more NET may be employed to fill one of the additional English

teacher posts at GM rank allocated to them in accordance with Attachment B. *(updated on 1 November 2012)*

- (iii) With effect from 1 September 1996, new schools are provided with one additional Graduate Master/Mistress in the initial two years of operation.
- (iv) With effect from 1 September 2006, additional graduate teachers are provided for individual schools with academic low achievers in Secondary 1-3. An additional 0.7 Graduate Master/Mistress per class of territory bottom 10% students enrolled and an additional 0.3 Graduate Master/Mistress per class of territory Band 3 students enrolled not within the Bottom 10% are provided. From the 2009/10 school year onwards, the calculated number of additional teacher shall be retained at 1 decimal place. *(updated on 1 September 2009)*
- (v) Special Educational Needs Coordinator (SENCO)

Starting from the 2017/18 school year, an additional teaching post at the GM rank is provided by phases in 3 years to each public sector ordinary secondary school to facilitate the assignment of a designated teacher to take up the role of SENCO to coordinate matters relating to special educational needs. The post will not be included in calculating promotion posts and graduate teacher ratio in the teaching staff establishment. *(updated on 1 September 2017)*

(f) Fractional Graduate Master/Mistress (GM) Post

The fractional GM post is worked out by adding up the fractional entitlements, if any, in 1(a), i.e. overall establishment deduced from teacher-to-class ratios, and 1(e), i.e. additional teachers. Any whole number of the sum is added to the GM establishment. Both the fractional and whole number GM posts do not count towards the calculation of promotion posts and the graduate teacher ratio. Schools may keep the fractional GM post in the teaching staff establishment or opt for encashing the fractional GM post, which is calculated on the basis of the mid-point salary of GM teachers. *(updated on 1 September 2017)*

2. Flexibility in Staff Structure

In view of the variety of curricula and of class organisations within the aided sector, the School Management Committee and the Principal of a school may propose for the approval of the Permanent Secretary a staff-structure for the school with a higher number of non-graduate posts than the standard manning scale subject to the following conditions –

- (a) (i) Among the graduate teaching posts, the proportion of Senior Graduate Master/Mistress (SGM) and Principal Graduate Master/Mistress (PGM) posts shall not exceed five-twelfths. This proportion excludes one Graduate Master/Mistress (GM) post upgraded to SGM in a secondary school with 15 or more classes with effect from 1 September 1994.
- (ii) Among the non-graduate teaching posts, the proportion of Senior Assistant Master/Mistress (SAM) posts shall not exceed one-quarter; and the combined proportion of SAM and Assistant Master/Mistress (AM) posts shall not exceed

one-half. The upgrading arrangement of an SAM post to a PAM post for a secondary school with 24 or more classes has ceased since 1 September 2008 upon the enhancement of the graduate teacher ratio.

Note: With effect from 1 September 2008, serving PAMs with a recognised degree plus teacher training (or equivalent) may apply for regrading to SGMs to fill up new SGM posts created under the enhanced graduate teacher ratio. Upon successful regrading or natural wastage of a serving PAM, the practice of upgrading an SAM post to a PAM post will cease with immediate effect. The respective proportions of SAM, AM and Certificated Master/Mistress (CM) posts will not be affected by the cessation of this practice. If a serving PAM teacher does not apply for regrading to SGM, he/she can continue to be accommodated in his/her existing rank of PAM holding against an SGM post created under the graduate teacher ratio accordingly. *(updated on 1 September 2008)*

- (iii) The proportion of graduate teaching posts in the Basic Provision shall not exceed 85% of the teaching staff entitlement, calculated according to the approved teacher-to-class ratios. *(updated on 1 September 2017)*
- (iv) In calculating the proportions of promotion posts, posts provided for the Principal and those out of the Basic Provision shall be excluded, except additional teachers in paragraph 1(e)(i). *(updated on 1 September 2017)*
- (b) No serving teacher's service may be terminated for the purpose of taking advantage of this provision.
- (c) When a staff structure of a school has been approved and implemented which involves a greater proportion of non-graduate teachers and additional AM or SAM posts beyond those provided on the above basis, the proportion of graduates should be raised as and when AM and SAM posts fall vacant. The Permanent Secretary may, however, approve the school to replace a departing Certificated Master/Mistress with a Graduate Master/Mistress to meet a demand for graduate teachers on justifiable grounds, subjects to no overall increase in the number of promotion posts.

3. Educational Psychologists

- (a) The Education Bureau creates additional educational psychologist (EP) posts in aided ordinary schools and invites school sponsoring bodies (SSBs) to apply for these posts under the School-based Educational Psychology Service (SBEPS) starting from the 2008/09 school year. Each EP post awarded to the SSB is employed as a non-teaching specialist staff of a base school under its sponsorship to provide SBEPS for schools assigned by the Education Bureau and such schools are not limited to those belonging to the same SSB operating the base school.
- (b) The EP posts created in aided ordinary schools are combined establishment, with the ranks of EP I and II. Candidates having fully met the entry requirements for EP I, with at least 3 years of satisfactory service as an EP II, can be considered for direct appointment to EP I. Candidates not fully meeting the above criteria may be appointed as EP II, should they meet the entry requirements for this rank. Guides to appointment of EP I and II are stipulated in Attachments J and K of Appendix 4, and conditions for promotion of EP are stipulated in Appendix 9.

(Updated on 1 November 2013)

4. Laboratory Technician

The manning scale of Laboratory Technician is shown in Attachment C.

5. Guides to Appointment

The requisite qualifications for appointment to teaching and non-teaching grades are shown in Appendix 4.

(updated on 1 September 2009)

Note :

- (a) Starting from the 2009/10 school year, the ratio of graduate teacher posts is 85%. The 85% graduate post entitlement of a school is worked out based on the total number of teaching posts provided under the revised teacher-to-class ratios under the new senior secondary (NSS) academic structure as announced in the Report on "The New Academic Structure for Senior Secondary Education and Higher Education". *(updated on 1 September 2009)*
- (b) With effect from 1 September 1991, 2 posts in the rank of Principal Graduate Master/Mistress (PGM) are provided in an aided secondary school with 15 or more operating classes to be offset by an equivalent number of Senior Graduate Master/Mistress (SGM) posts.
- (c) The upgrading arrangement of an SAM post to a PAM post for a secondary school with 24 or more classes has ceased since 1 September 2008 upon the enhancement of the graduate teacher ratio. With effect from 1 September 2008, serving PAMs with a recognised degree plus teacher training (or equivalent) may apply for regrading to SGMs to fill up new SGM posts created under the graduate teacher ratio. Upon successful regrading or natural wastage of a serving PAM, the practice of upgrading an SAM post to a PAM post will cease with immediate effect. The respective proportions of SAM, Assistant Master/Mistress (AM) and Certificated Master/Mistress (CM) posts will not be affected by the cessation of this practice. If a serving PAM teacher does not apply for regrading to SGM, he/she can continue to be accommodated in his/her existing rank of PAM holding against an SGM post created under the graduate teacher ratio accordingly. *(updated on 1 September 2008)*
- (d) With effect from 1 September 1994, 1 post in the rank of Graduate Master/Mistress (GM) is upgraded to SGM for an aided secondary school with 15 or more operating classes.

Language Improvement Measures

Major items of the improvement measures, which are designed to discriminate positively in favour of the use of Chinese as the medium of instruction, and at the same time strengthen the teaching of English and Chinese, are as follows : -

(I) Additional Teachers of English(A) Secondary 1 to 3

- (i) Secondary schools in which full use is made of Chinese as the medium of instruction (MOI) in Secondary 1 to 3 are provided with additional teachers of English to enable English lessons in junior secondary forms to be conducted in smaller classes for more effective teaching. (Any alternative proposals for the deployment of the additional teachers would be subject to the approval of the Permanent Secretary.) The allocation of additional teachers of English to individual schools will be based on the following scale -

Total no. of Secondary 1-3 classes	No. of additional teachers of English
14 or below	1 (1 graduate)
15-23	2 (1 non-graduate, 1 graduate)*
24-29	3 (1 non-graduate, 2 graduates)
30-35	4 (2 non-graduates, 2 graduates)

*See Attachment B1 for principles of calculation.

- (ii) With respect to schools using both English and Chinese as the medium of instruction for different subjects and in different classes, the following rules are applied to determine the number of additional teachers of English to be given -

Let T = Total number of teaching periods in subjects other than language subjects (i.e. English, Chinese, Putonghua, etc), practical and technical subjects (i.e. Visual Arts (formerly known as Art and Design), Home Economics, Design and Technology, Computer Literacy, Physical Education and Music) and Chinese History in Secondary 1 to 3.

Let C = Total number of teaching periods in subjects other than language subjects (i.e. English, Chinese, Putonghua, etc), and practical and technical subjects (i.e. Visual Arts (formerly known as Art and Design), Home Economics, Design and Technology, Computer Literacy, Physical Education and Music) and Chinese History in Secondary 1 to 3 in which Chinese is used as the medium of instruction.

- (1) Secondary Schools with a total of 3-14 Secondary 1 to 3 classes
 - (a) If C is less than 50% of T, no additional teacher of English will be given.
 - (b) If C is 50 % or more of T, one additional graduate teacher of English will be given.
 - (2) Secondary Schools with a total of 15-23 Secondary 1 to 3 classes
 - (a) If C is less than 25% of T, no additional teacher of English will be given.
 - (b) If C is between 25% and 74% of T, one additional non-graduate teacher of English will be given.
 - (c) If C is 75% or more of T, two additional teachers of English (a graduate and a non-graduate) will be given.
 - (3) Secondary School with a total of 24-29 Secondary 1 to 3 classes
 - (a) If C is less than 25% of T, no additional teacher of English will be given.
 - (b) If C is between 25% and 74% of T, two additional teachers of English (a graduate and a non-graduate) will be given.
 - (c) If C is 75% or more of T, three additional teachers of English (2 graduates and a non-graduate) will be given.
 - (4) Secondary Schools with a total of 30-35 Secondary 1 to 3 classes
 - (a) If C is less than 25% of T, no additional teacher of English will be given.
 - (b) If C is between 25% and 74% of T, three additional teachers of English (2 graduates and a non-graduate) will be given.
 - (c) If C is 75% or more of T, four additional teachers of English (2 graduates and 2 non-graduates) will be given.
- (B) Secondary 4 to 5
- (i) To strengthen the teaching of English in senior forms, schools under the following categories are provided with an additional graduate teacher of English -
 - (a) Schools with a total of four or more Secondary 4 to 5 classes and their C to T ratio is equal to or larger than 0.25; or
 - (b) Schools with less than four Secondary 4 and 5 classes and their C to T ratio is equal to or larger than 0.5,

where T = Total number of teaching periods in subjects other than language subjects (i.e. Chinese, English, French, Chinese Literature, English Literature, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts (formerly known as Art and Design), Home Economics, Design and Technology, Computer Studies, Physical Education, Music, etc.) and Chinese History in Secondary 4 and 5.

C = Total number of teaching periods in subjects other than language subjects (i.e. Chinese, English, French, Chinese Literature, English Literature, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts (formerly known as Art and Design), Home Economics, Design and Technology, Computer Studies, Physical Education, Music, etc.) and Chinese History in Secondary 4 and 5 in which Chinese is used as the MOI.)

- (ii) A subject or class will be considered as being taught in Chinese only if all related textbooks, school examinations and tests materials in that subject are also conducted in Chinese.
 - (iii) Heads are reminded that additional teachers of English are provided in order to improve pupils' language ability. This provision must not be exploited to reduce the number of periods taught by any teacher in any subject.
- (C) Schools may opt for encashment of the additional English teaching posts entitled since the 2006/07 school year to enhance the flexibility in the deployment of resources to strengthen the teaching of English. (*updated on 1 November 2012*)

(II) Additional Teaching Spaces

- (i) To enable split-class English Language teaching to be carried out in junior secondary forms, extra accommodation is provided. As the split classes are smaller in size, they can be accommodated in half-sized classrooms. Hence schools eligible for one or more additional teachers of English will be allowed to partition some of their existing classrooms to create the additional rooms required. Individual schools will be informed of the maximum number of classrooms to be partitioned and converted into smaller rooms for split classes in English in accordance with the maximum number of additional teachers of English provided for such classes.
- (ii) The partitioning can either be of a fixed or movable type, depending on the preference of schools. Individual eligible schools will be invited to make application to the Permanent Secretary to carry out the work as a major repairs project.

(III) Additional Teaching Aids

To further support the teaching of English, schools which are eligible for one or more additional teachers of English will be provided with a one-off library grant for the purchase of additional reading materials in English as well as other teaching/learning aids. They may also be provided with a second wirefree induction loop system.

Principles of Calculation of Additional Teachers of English

A standard-sized secondary school (6664422) in which full use is made of Chinese as the medium of instruction in Secondary 1 to 3 will be provided with two additional teachers of English to enable English classes in at least Secondary 1-2 to be split for more effective teaching. The requirement for two additional English teachers is calculated as follows: -

- (a) No. of Secondary 1-2 classes : $6 \times 2 = 12$.
- (b) No. of English periods per class per week (Curriculum Development Committee recommendation) : 7.
- (c) No. of additional English periods necessary for split classes in Secondary 1-2 : $12 \times 7 = 84$.
- (d) Normal 5-day weekly teaching load per English teacher : 30.
- (e) Total no. of additional English teachers required : $84 \div 30 = 3$ (rounded up).
- (f) No. of additional English teachers already approved in September 1982 for remedial teaching in English : 1.
- (g) Therefore no. of additional English teachers to be provided : $3 - 1 = 2$.

With a total of three additional teachers of English, a school should be able to split all the English classes in Secondary 1 and 2 for small-group teaching and have six periods of remedial teaching in Secondary 3.

Manning Scale of Laboratory Technicians

1. The manning scale of Laboratory Technicians is based on the number of practical periods in the whole school in accordance with the number of operating classes and the curricula adopted and calculated as follows: -

$$\text{No. of Laboratory Technicians} = \frac{\text{No. of practical periods per week for the whole school}^*}{54}$$

* The number of practical periods per week for the whole school is the sum of the total number of practical periods of the approved classes at the junior secondary levels per week, the total number of practical periods of the science subject groups at the senior secondary levels per week, and the total number of additional practical periods (i.e. 1.3 practical periods multiplied by the number of S1 – S3 approved classes) per week. Schools are advised to refer to the relevant circular currently in force for calculation.

2. The following rules will also apply in the above manning scale : -
- any fraction of a post of Laboratory Technician of half or above will be considered as one post;
 - for a developing school where less than two Laboratory Technician posts are justified, any fraction derived will be considered as one post;
 - the maximum number of Laboratory Technicians should not, in any case, be greater than the number of laboratories in the school.
3. In the calculation of the number of practical periods per week, the following standard numbers of practical periods for different curricula in each of the junior secondary classes / senior secondary science subject groups are to be used : -

Level \ Subject	S1	S2	S3	S4	S5	S6
Science (S1-3)	4	4	4			
Biology (S4-6)				4	4	4
Chemistry (S4-6)				4	4	4
Physics (S4-6)				4	4	4
Integrated Science (S4-6)				4	4	4
Combined Science (S4-6)				4	4	4

The calculation of practical periods is based on 5 teaching days per week and 40 minutes duration per practical period. For schools assigning practical periods less than the “standard numbers” in the table above to each of the junior secondary classes / senior secondary

science subject groups, the actual number of practical periods should be used in working out the manning scale. If the assigned practical periods are more than the “standard numbers” in the table above, the “standard numbers” will be used in the calculation.

4. (a) One of the Laboratory Technician posts provided will be ranked at Laboratory Technician I in a school where there are four or more laboratories and three or more Laboratory Technicians; and

 - (b) If the date of commencement of a contract is later than 1st September, but falls within the first terms of the academic year, the date of termination shall be as if the contract had commenced on 1st September in that year.
 - (c) If the date of commencement of a contract is later than 1st January of the academic year, the teacher's service for the remainder of the academic year will not earn leave or passage benefits and the teachers will be required to serve a period of two years from 1st September in the year in which his employment commenced.

- (d) A teacher shall be entitled to spend the school summer vacation which falls towards the end of his two years contract, in his country of origin or other approved destination. In such a case, the Principal of an aided secondary school may, if he is satisfied that the staffing situation permits, recommend to the Permanent Secretary for his approval that the teacher be granted additional leave to be spent outside Hong Kong, up to a maximum of 14 days prior to the date of commencement of the summer vacation.
- (e) The Permanent Secretary may in special cases approve that a teacher be employed for a further contract of two years. In such a case the Principal will have the option of recommending that the teacher shall proceed on leave after two years service as per para. 4(d) or that he shall serve two contracts or employment consecutively and then proceed on leave as per para. 4(f).
- (f) Where a teacher has served two contracts of employment consecutively, each such contract being for a period not less than two years, he shall be entitled to six months paid vacation leave, inclusive of travelling time, on completion of the second such contract. In such a case, the Principal of an aided secondary school may recommend to the Permanent Secretary for his approval that the teacher be permitted to spend the school summer vacation which falls towards the end of the period of his second contract in his country of origin or other approved destination.
- (g) Paragraphs 6(b) and 6(c) below show passage entitlements for the teacher and his family on expiry of a contract when it is being renewed or when it is not being renewed.

Resignation or Termination of Contract

 - (a) the cost of the allowance for travelling and baggage expenses paid under paragraph 12; and
 - (b) the cost of the outward passage to Hong Kong provided for himself and his family.

If a teacher on overseas terms resigns or has his contract terminated within the first twelve months of any subsequent contract period the school will be required to refund to Government the cost of the outward passages provided for the teacher and his family. If the teacher resigns or has his contract terminated during the second year of the contract period, the school will not be required to make such refund, and the teacher will be eligible for homeward passages for himself and his family only if his resignation will not take effect until he has completed two academic years, thus fulfilling his contract.

Passages entitlement

- 6. (a) A teacher whose employment on overseas terms has been approved by the Permanent

Secretary will be provided by Government grant with an economy class single air passage by a direct route (with or without stop-over en route) from his country of origin to Hong Kong. Such a passage is referred to as a STANDARD passage. Similar passages will also be provided, if applicable, for the teacher's spouse, sons and daughters who are unmarried and under the age of twenty-one, up to a maximum of five passages including the teacher. In the case of sons and daughters aged 19 or 20, they must also be in full time education or in full time vocational training, or dependent on the teachers as a result of physical or mental infirmity.

- (b) At the expiry of a contract if the teacher is returning to Hong Kong for renewal of contract, he will be provided by Government grant with a STANDARD economy class return air passage between his country of origin and Hong Kong. Procedure for booking passages

7. A. On first appointment

- (a) A school for which passages grant has been approved in the Estimates to recruit a teacher of English on overseas terms and which requires passages for the teacher, and for his family if applicable, should inform the Education Bureau of the particulars of the teacher (which should include his name, names of his spouse and accompanying dependent children with age, if applicable). This should be followed by his appointment form, as soon as offer of appointment is made, to facilitate the checking of the approved estimates and staffing establishment of the school.
- (b) If the teacher wants to travel by an indirect route, he may be provided with such passages at the actual cost of the passages arranged or up to the cost to Government of the STANDARD economy class single air passages, whichever is the less. Any cost in excess of this will be met by the teacher.
- (c) Details of air passages rates may be obtained from the Finance Division, Education Bureau.
- (d) Passages should be booked and paid for either by the teacher himself or the school on his behalf. It is important that the teacher of the school should choose a reliable travel agent. The restriction of using travel agents belonging to the International Air Transport Association for booking of air tickets except when booking is made outside Hong Kong has been removed as from 1 July 1993.
- (e) The passage costs will be reimbursed by the Education Bureau after the arrival of the teacher and his dependants, if any, upon application by the school and on production of receipted bills and used air tickets. Application for reimbursement may be made in the form prescribed by the Education Bureau.

B. At the expiry of a contract

- (a) At the expiry of a contract, if the teacher is returning to Hong Kong for renewal of another contract, he will be provided by Government, subject to an estimate having been made, with a grant for a STANDARD economy class return air passage between his country of origin and Hong Kong. Similar return passages will also be provided, if applicable, for the teacher's family as specified in paragraph 6 (a) above.
- (b) A teacher whose contract upon satisfactory completion is not being renewed will be provided by Government grant with a STANDARD economy class single air passage to his country of origin. Similar passages will also be provided, if applicable, for the teacher's family as specified in paragraph 6 (a) above.
- (c) Requests for passages at the expiry of a teacher's contract should be submitted one month before the intended date of travel in a prescribed form to the Education Bureau.

Payment of Passage Allowance

8. In respect of each passage reimbursement request which has been approved, the Finance Division, Education Bureau, will credit into the school's account a passage allowance equivalent to the STANDARD economy class air passage fare payable by Government. Information on the up-to-date air passage rates may be obtained from the Finance Division, Education Bureau.
9. Apart from the air fare, the teacher may also use the balance of the passage allowance, if any, for the following travel-related fare available to the public : -
 - (i) car-hire charges
 - (ii) airport departure tax.
10. Any unspent passage allowance will be carried forward to the next eligibility period subject to rules set out in the relevant circular issued by the Education Bureau concerning the approved annual estimates for aided secondary schools.
11. A school for which grant for passages for teachers employed on overseas terms is approved should keep a separate passage account in respect of each eligible overseas teacher and each eligible member of his family. Such accounts should be kept open until such time that the teacher's service is terminated.

Travelling and Baggage Allowance

12. On first appointment only, teachers who travel by air are eligible for the grant of an allowance to assist with travelling and baggage expenses and with the cost of initial outfit. Information on the up-to-date rate of such allowance is obtainable from the Finance Division, Education Bureau.

Operating Expenses Block GrantStructure

1. The Operating Expenses Block Grant (OEBG) covers various non-salary recurrent grants with the exception of grants disbursed on an actual claim or reimbursement basis. The Grant comprises a General Domain and a Special Domain as follows -

- (a) General Domain

Schools are free to decide the amount to be spent on individual constituent grants under this domain. If surpluses are available, schools may use such funds to top up expenditure on items in the Special Domain. Surplus of the General Domain can also be used on items chargeable to other government subsidies outside the OEBG.

- (b) Special Domain

This covers grants which are allocated for achieving specific policy objectives. Each grant under the Special Domain is separate and no transfer will be allowed among the grants. Funds in this domain cannot be transferred out to ensure that schools will deploy the funds for the specified purposes, but they may be topped up with surpluses from the General Domain.

2. The Permanent Secretary may review the rates, the grouping of the constituent grants and virement arrangement when required. Schools are advised to refer to the relevant circular currently in force.

Principles and rules on usage

3. The OEBG provides schools with greater flexibility in the use of resources. In this regard, schools are allowed to set their own spending priorities and allocations, having regard to the objectives and policies laid down by their School Management Committees (SMC).
4. In exercising the flexibility, schools should always bear in mind that the interest of students comes first. They should also ensure that the expenditure incurred is reasonable and necessary for educational purposes. Thus, for instance, schools should keep expenditure on purchase of flower-baskets for ceremonial activities to a minimum. In addition, schools should ensure that any recurrent consequences arising from exercising funding flexibility will be absorbed within the OEBG or met by schools' own funds.
5. In incurring expenditure, schools should observe the ambit of the constituent grants of the OEBG, as set out in the Code of Aid and in circulars issued by the Education Bureau from time to time. In addition, schools should ensure that the total spending should be kept within the amount of the OEBG, i.e. no topping up of the OEBG will be given.
6. Subsidy will continue to be provided for Provident Fund (PF) contributions in respect of clerical and janitor staff employed within the provision allocated for Administration Grant or the Revised Administration Grant. For staff employed with funds under other constituent grants of the OEBG, schools should meet the PF contributions with surplus

funds under OEBG or their own funds.

7. On the basis of the principles and rules stated above, the following items of expenditure shall not be charged to the OEBG –
 - (a) entertainment expenses such as lunch/dinner for staff not related to their discharge of duties;
 - (b) fringe benefits/welfare for staff, including housing benefits, provision of food or food allowance, medical expenses, travelling expenses, etc.;
 - (c) penalty charges, fines and interest payments;
 - (d) loans to staff or third parties;
 - (e) subscription to staff associations and professional bodies;
 - (f) write-offs, e.g. overpayments;
 - (g) administrative and management expenses, including salaries of staff, of the headquarters or other service units of the sponsoring organisation; and
 - (h) donations.

The above list is not exhaustive. The Education Bureau will revise the list and inform schools of the changes as and when appropriate.

(updated on 1 September 2017)

Rates of the OEBG

8. When first introduced in the 2000/01 school year, the OEBG had the rates set on the basis of the rates approved for the 1999/2000 school year. The OEBG rates will be revised annually in accordance with the movement of the Composite Consumer Price Index. The Education Bureau will also review the need to revise in real terms the rates of individual grants as and when required.

Surplus retention

9. To give schools greater flexibility, schools are allowed to retain surplus balance up to 12 months' provision of the OEBG. Applications for accumulation of surpluses in excess of 12 months' provision will only be considered in exceptional circumstances.
10. Schools should ascertain the surplus balances of grants under the General Domain and the Special Domain respectively. The surpluses should be totalled and if this total exceeds the 12 months' provision of the prevailing level of the OEBG, schools should return the excess to the Education Bureau.
11. When the surplus exceeds the 12 months' provision, schools are free to decide from which constituent grant the excess may be clawed back by the Education Bureau.

12. To ensure that the OEBG funds are spent properly and cost-effectively, schools should obtain directives from their SMCs regarding the scope, criteria and rules for allocating funds. Schools should ensure that the approved budget is followed in incurring expenditure. To cope with urgent or unforeseeable needs, schools may consider seeking delegation of the authority from SMCs for making changes to the budget up to a certain financial limit.
13. Schools should ensure that the total expenditure is kept within the amount of the OEBG. Any deficit will have to be met by the schools' own funds. Also, if expenditure is found improperly incurred or charged to the OEBG funds, the school should make good such expenditure by charging it to its own funds.

Accounting and Reporting Requirements

14. Schools should continue to maintain separate ledger accounts for each constituent grant of the OEBG. In addition, schools should keep a General Domain Control Account and a Special Domain Control Account for the purpose of recording and monitoring the surpluses. Schools should also report periodically to their SMCs the expenditure position of the OEBG.
15. Schools should submit audited annual accounts and such other financial statements in accordance with the format as required by the Education Bureau. The auditors should certify that the OEBG funds have been used in accordance with the ambit and rules as promulgated in the Code of Aid and in circulars issued by the Education Bureau from time to time.

Administration Grant

The Administration Grant is provided for schools to employ administrative and janitor staff to meet their specific needs. Expenditure on cleaning services of the school premises by contract may also be chargeable to the Administration Grant. The amount of grant shall normally be assessed on a per class basis at the rate as announced in the relevant circular issued by the Permanent Secretary.

Calculation of administrative staff grant element and janitor staff grant element in the Administration Grant per class is based on the notional posts in a standard aided secondary school with 29 classes as follow :

(a) Administrative Staff

<u>Post</u>	<u>No.</u>
Secretary	1
Clerical Officer I	1
Clerical Officer II/Assistant Clerical Officer	1
Typist	1
Clerical Assistant	<u>1</u>
	<u>5</u>

(b) Janitor Staff

<u>Post</u>	<u>No.</u>
Office Assistant	1
Workshop/Laboratory Attendant	3
Workman II	<u>9</u>
	<u>13</u>

The janitor staff grant element payable to a secondary school may be calculated individually on an operating class basis or on a classroom equivalent basis according to the janitor staff requirement for the school in relation to the number of classrooms, special rooms, laboratories and workshops.

2. The CFEG provides schools with greater flexibility in the use of resources. Schools should set their spending priorities and allocations in line with the objectives and policies laid down by their School Management Committees (SMCs). They should ensure that the expenditure incurred is reasonable and necessary for educational purposes and that the procured F&E items are properly recorded, managed and protected from loss or damage. In addition, schools should ensure that the CFEG is able to cover all the expenditures.

Grant Rate

3. The rate will be adjusted annually in accordance with the movement of the Composite Consumer Price Index.

Procurement, Financial and Accounting Arrangements

4. Procurement and Financial Arrangements

Within the amount of CFEG available in school, there is no financial limit for F&E items to be purchased. Schools should adhere to the guidelines on tendering and purchasing procedures and any guidelines the Permanent Secretary may issue.

5. Accounting Arrangements

Schools should maintain a separate account named “Composite Furniture and Equipment Grant Account” to record the income and expenditure of the CFEG. The cost of the procured furniture and equipment should be captured in the Balance Sheet under the headings of “Fixed Assets for Furniture and Equipment” and “Composite Furniture and Equipment Grant Utilised”. In addition, schools are required to record the items procured in the Fixed Assets Register.

6. Expenditure Control

- (a) To ensure that the CFEG funds are spent properly and effectively, schools should obtain directives from their SMCs regarding the scope, criteria and rules of allocating funds. Schools should devise their own budget on how to use the CFEG funds and

seek the approval of their SMCs of the budget and make the approved budget transparent to parents and teachers.

2. In making their application of works, schools will have to specify the location and details of works to be done without giving the estimated costs and state the reasons why the work requests are needed.
3. Applications will be vetted by the term consultants appointed by the Education Bureau. The term consultants will conduct a technical vetting of schools' application, i.e. categorizing the work type, providing recommendations on the estimated costs and providing comments as necessary on the technical aspects of the works proposed by the schools to the Architectural Services Department (for external / structural repairs works) and Education Bureau (for internal repairs works) for consideration.
4. Subject to the availability of funds, the Education Bureau will inform schools of the approved projects.
5. For schools with approval given, the term consultants appointed by the Education Bureau will liaise with individual schools to arrange for the works programme.
6. Requests for subsidy in respect of major internal repairs which have not been included in the Estimates will not normally be considered unless they are of an emergency or unforeseen nature.
7. All repairs works will be carried out by maintenance term contractors supervised by the term consultants appointed by the Education Bureau.
8. For items involving works in a non-school portion, the school should state clearly when submitting the application. Normally, the term consultants will not be responsible for any works in non-school portion which is separately identifiable from the school portion. The term consultants will only undertake works in a non-school portion when it is inseparable from the school portion at which approved repair works are to be carried out. Prior to commencement of works in the non-school portion, the school is required to agree in writing the scope of work and to pay the necessary costs with an on-cost at prevailing rate charged for the works in the non-school portion.

Note

All School Management Committees, as building tenants, should be responsible for the safety and soundness of their buildings. The term consultant appointed by the Education Bureau, acting in its role as works agent, would be responsible only for the sufficiency of the actual repair work projects undertaken by them.

II. For non-estate schools

1. Requests for subsidy towards the cost of items in respect of internal / external / structural repair works costing \$8,000 or above must be submitted to the Education Bureau via the appropriate channel as detailed in the call circular issued annually to schools. The completed applications should reach the Education Bureau not later than the specified date.
2. In making their application of works, schools will have to specify the location and details of works to be done without giving the estimated costs and state the reasons why the work requests are needed.
3. Applications will be vetted by the term consultants appointed by the Education Bureau. The term consultants will conduct a technical vetting of schools' application, i.e. categorizing the work type, providing recommendations on the estimated costs and providing comments as necessary on the technical aspects of the works proposed by the schools to the Education Bureau for consideration.
4. Subject to the availability of funds, the Education Bureau will inform schools of the approved projects.
5. For schools with approved projects costing \$2 million or below, the term consultants appointed by the Education Bureau will approach individual school direct to discuss the details and arrange for the works programme. For approved projects of estimated cost exceeding \$2 million each, the professional officers of the Architectural Services Department will then approach individual school to arrange for the works programme.
6. Requests for subsidy in respect of works which have not been included in the Estimates will not normally be considered unless they are of an emergency or unforeseen nature.
7. For items involving works in a non-school portion, the school should state clearly when submitting the application. Normally, the term consultants / Architectural Services Department will not be responsible for any works in non-school portion which is separately identifiable from the school portion. The term consultants / Architectural Services Department will only undertake works in a non-school portion when it is inseparable from the school portion at which approved repair works are to be carried out. Prior to commencement of works in the non-school portion, the school is required to agree in writing the scope of work and to pay the necessary costs with an on-cost at prevailing rate charged for the works in the non-school portion.

Deed of Covenant

8. Where capital works exceeding \$0.5 million is to be carried out in school buildings erected on private land, the trustees or legal representatives of the sponsor must execute under seal and register by Memorial in the Lands Department a Deed of Covenant which shall contain such provisions as the Permanent Secretary may require, and shall in particular provide the following -
 - (a) That the premises will be used solely for approved educational purposes or other purposes approved by the Permanent Secretary.
 - (b) That the school will be managed in accordance with the Education Ordinance and its

subsidiary legislation and the Code of Aid for Secondary Schools.

- (c) That if the sponsor should at any time desire to be released from the foregoing obligations, or if for any reason the school ceases to be accepted by the Permanent Secretary as an aided school, the sponsor may be required to repay the whole amount of grant to the Government or an equitable proportion of such grant as assessed by the Government.
- (d) That in the event of any breach or non-performance of any of the terms, covenants and conditions contained in the Deed of covenant, it shall be lawful for the Government to re-enter upon the lot and the school without the payment of any compensation whatsoever.

Notes on Grant for Capital Cost for Building
(for Projects exceeding \$30 million)

Procedures Concerning Application for the Non-recurrent Grant for Capital Cost for Building

1. Subject to funding and policy, the Permanent Secretary may approve non-recurrent grant towards the capital cost for the extension or redevelopment of existing school premises.
(updated on 1 September 2016)
2. The application for the grant for capital cost for building by the School Management Committee (the Applicant) should give full justification for the proposal, including the proposed scope, the estimated cost, and the amount the Applicant will contribute. In addition, the Applicant must state in its application whether it intends to carry out the project by private contract under government subvention. The Applicant should state whether a grant of site is required from the Government or whether the proposed project is to be built on land already available. For a proposed project on private land, the Applicant should check with the relevant District Lands Office that the lease conditions of the land will permit the proposed development. A statement regarding the land title, signed by the trustee or the legal representative of the grantee should be forwarded with the proposal to the Permanent Secretary for consideration. This statement should show the location, lot number of the areas to be used. All expenditure prior to notification in writing by the Permanent Secretary of the approval of the non-recurrent grant will be the sole liability of the Applicant. *(updated on 1 September 2016)*
3. Consideration and approval for non-recurrent grant is subject to the conditions set out by the Permanent Secretary. Funding consideration is subject to resource allocation and the Finance Committee of the Legislative Council. The proposed project should be carried out in accordance with the requirements of the prevailing subvention policy and conditions set out by the Permanent Secretary.
4. Non-subsented portion if required by the Applicant may be included in the project subject to approval by the Permanent Secretary even when the full cost required, including consultancy and construction, etc., for the non-subsented portion is borne by the Applicant. Such non-subsented portion and the related cost will not be eligible for recurrent or non-recurrent subsidy from the Government.
5. Subject to justification for the proposal, the Permanent Secretary will issue a project definition statement to the Works Agent for feasibility study and follow up action. The Permanent Secretary will issue the project definition statement direct to the Applicant opted to carry out the project under private contract. Under this self-delivery mode, the Applicant will be responsible for preparing a Technical Feasibility Statement for submission to the Education Bureau for comment and approval.
6. Upon written approval of the Technical Feasibility Statement and confirmation to proceed with the pre-tender works, the Applicant can obtain technical and fee proposals for architectural and associated consultancy services and quantity surveying consultancy services. Only registered consultants should be invited for tender and the invitation documents should be forwarded to the Permanent Secretary for comment.
7. The Applicant should submit recommendations for appointment of consultants to the Permanent Secretary for approval on the recommendations of the Architectural Services

Department (ArchSD). The technical proposal and fee proposal are to be kept distinctly separated. Any opening of fee proposals prior to the Education Bureau/ArchSD examination of the technical marking will immediately invalidate the tender or disqualify the tender from subvention. The recommended technical and fee proposals should not be accepted until written approval is given by the Permanent Secretary. The Applicant should also submit tender documents for various pre-tender works like site investigation for approval before commissioning the contracts.

8. The Applicant should only proceed into the post-contract stage upon the written notification of the Finance Committee's funding approval. Prior to issue of tender for construction work, the Applicant should forward a list of proposed tenderers together with the draft tender documents for the ArchSD's comment and the Education Bureau's approval.
9. For post-contract works, a minimum of ten tenderers should be invited to tender. The Applicant should require the tenderers to deposit their tenders into the Public Works Tender Board's (PWTB) Tender Box. In this regard, the Applicant should give advance notice to the Secretary of the PWTB of the works and the tender closing date. The tender closing date and time must be set at noon on a Friday not being a public holiday. Upon receipt of tenders, the Applicant will be informed by PWTB for collection of tenders.
10. The Applicant should submit the tender recommendation to the Education Bureau for approval. It should be noted that without exceptionally valid justifications, the Applicant is required to accept the lowest complying tenders. The Applicant must not accept any tender unless there is prior approval from the Permanent Secretary. The school shall be liable for all the consequences of accepting tenders in excess of the approved project estimates without prior approval from the Education Bureau.
11. Any financial commitment accepted without the prior approval of the Permanent Secretary shall be the sole responsibility of the sponsor. After the Permanent Secretary has given approval for the recommended tender, the Applicant may arrange for the signing of the contract and the commencement of construction work in accordance with the terms of the contract. A copy of the signed contract should be submitted to the Permanent Secretary for record.
12. When a project is not fully financed through the capital subvention, the school should use up its agreed contribution or any other payment arrangement as referred to in the Letter of Approval (excluding contribution to provide furniture and equipment, if applicable) before requesting payment of the subvention. If the total tender price is higher than the estimated construction cost of the school as referred to in the Letter of Approval, the school should also absorb the difference according to the payment arrangement as stated in the Letter of Approval.
13. Where the new building or extension is to be erected on private land, the trustees or legal representatives of the sponsor must execute under seal and register by Memorial in the Lands Department a Deed of Covenant which shall contain such provisions as the Permanent Secretary may require, and shall in particular provide the following : -
 - (a) That the premises will be used solely for approved educational purposes or other purposes approved by the Permanent Secretary.
 - (b) That the school will be managed in accordance with the Education Ordinance and its subsidiary legislation and the Code of Aid for Secondary Schools.
 - (c) That if the sponsor should at any time desire to be released from the foregoing

obligations, or if for any reason the school ceases to be accepted by the Permanent Secretary as an aided school, the sponsor may be required to repay the whole amount of grant to Government or an equitable proportion of such grant as assessed by the Government.

- (d) That in the event of any breach or non-performance of any of the terms, covenants and conditions contained in the Deed of Covenant, it shall be lawful for the Government to re-enter upon the lot and the school without the payment of any compensation whatsoever.
14. Payment of capital subvention to a school is subject to the conditions stated in the Letter of Approval issued by the Permanent Secretary to the school receiving the subvention. Interim payment of building grant may be requested after the agreed contribution of the school towards the building cost has been fully expended. Requests for payment by the Applicant must be supported by properly receipted bills and where an architect is employed, by the architect's certificate to the effect that the work for which payment is claimed, has been satisfactorily completed. Where circumstances justify e.g. the original receipts, invoices or certificates submitted are found not acceptable, the Permanent Secretary could cease to make payment of subvention to the school and the school shall repay partly or fully the subvention received if required by the Permanent Secretary.
15. The final submission of original invoices and receipts for works should be made to the Permanent Secretary within the Period of Final Measurement as stated in the building contract (usually 12 months from the date of practical completion of the project). Under normal circumstances, the account of the project should be closed as soon as possible and in any event within three years from the handover of the completed school building.
16. Current consultancy guidelines mandate Bills of Quantities. It should also be noted that all materials and workmanship for any works must be in accordance with the latest edition of the "General Specification for Buildings" published by the ArchSD.
17. For projects of \$30 million and below, please refer to Appendix 17. (*updated on 1 September 2016*)

The above serves the purpose of a general guide which will be revised from time to time in accordance with the prevailing policy and practice.

School Assets and Settlement of Claims(A) Procedures for Assessment and Settlement of Claims for Damage or Destruction of Standard Items Caused by Fire, Natural Disaster or Perils

1. When there is a fire or natural disaster or an occurrence of the perils as described in Section 42(a) in an aided school, the Supervisor/Principal of the school, apart from reporting the incident immediately to the relevant government departments such as the Hong Kong Police Force and the Fire Services Department, must also report the matter immediately to the respective Senior School Development Officer who will arrange a joint inspection with the Senior Supplies Officer of the Education Bureau and officers of other relevant government departments such as the Architectural Services Department, Water Supplies Department etc. to conduct a preliminary investigation at the earliest opportunity. The purpose of the visit is to identify the extent of damage caused. In the case of fire, a report from the Fire Services Department on the incident will also be necessary.
2. Based on the report of the school, the estimated cost of replacement of furniture and equipment and repairs to school premises will be assessed, which will form the basis for determining the amount of subsidy to be paid to the school by the Government.
3. The full cost of damage or loss caused by fire or natural disasters or resulting from the described perils in Section 42(a) will be paid to the school on the basis of the approved tendered cost or the actual cost, whichever is lower.
4. Once the amount of subsidy is determined and approved, the school Supervisor will be advised to proceed with the purchase of furniture and equipment for replacement in accordance with the standard tendering procedures. As regarded the damage to school buildings, all repairs will be treated as emergency repairs and the standard procedures as stipulated in Appendix 17 should be followed.

(B) Procedures for Assessment and Settlement of Claims for Losses of Standard Furniture and Equipment Caused by Theft and Burglary

5. When there is a loss of standard items in an aided school, the Supervisor/Principal of the school must report the loss immediately to the nearest police station of the Hong Kong Police Force and make a preliminary report to the respective Senior School Development Officer who will arrange a joint inspection with the Senior Supplies Officer of the Education Bureau to conduct a preliminary investigation at the earliest opportunity. The purpose of the visit is to identify any security problems. An investigation report from the Hong Kong Police Force on the incident will be required.
6. The Supervisor/Principal of the aided school will then proceed to investigate the loss fully and forward his detailed report with the following information, together with copies of other relevant documents, e.g. police reports, to the respective Senior School Development Officer : -
 - (a) details of the occurrence, including date, time, detailed description and cost (original/replacement) of furniture/equipment found lost;

- (b) progress of internal investigation; and
 - (c) recommendations for clearing the loss and any action considered necessary to prevent a similar occurrence.
7. The Supervisor/Principal is required to certify in each case that no fraud, suspected fraud, negligence or violation of an important point of principle is involved.
 8. Based on the reports of the school and the result of investigation by the Police and officers concerned, the estimated cost of replacement of furniture and equipment lost will be assessed, with the recommendation by the relevant officer, which will form the basis for determining the amount of subsidy to be paid to the school by the Government.
 9. The full cost of loss will be paid to the school on the basis of the approved tendered cost or the actual cost, whichever is lower.
 10. However, once the amount of subsidy is determined and approved, the school Supervisor will be advised to proceed with the purchase of furniture and equipment for replacement in accordance with the standard tendering procedures.

Security Measures

11. Supervisors of aided schools should take necessary security measures to protect the schools' assets against all perils mentioned above. Special attention should be paid to security measures against theft, burglary or robbery, particularly for movable assets such as cash and equipment.
12. Supervisors are reminded that petty cash (Government portion and school portion, if any) kept in schools should not exceed the limits prescribed in the relevant circular currently in force. In case there is a claim of loss in petty cash caused by the aforesaid perils the amount of claim should be the actual amount lost (Government portion) or the prescribed limit, whichever is lower. It is also advisable that collections and payments should be made through bank accounts as far as possible to minimize the risk of cash losses. Cash collections, if any, should be banked as soon as practicable to reduce the risk of keeping or transporting cash in large sums.
13. When it is necessary to transport cash, the following security measures are suggested : -
 - (a) If the amount exceeds \$5,000 but is less than \$10,000, two persons are required to escort the cash.
 - (b) If the amount exceeds \$10,000, commercial security guards should be hired.
