* Completion date of school premises is subject to various factors including review of the demand situation of school places, planning approval, technical feasibility study, the actual progress of the school building programme, public consultation and funding approval of Finance Committee under Legislative Council, etc.

The six former school premises will only be released to existing bi-sessional primary schools for conversion to whole-day operation after removal of users tentatively scheduled for 2006/07. The exact scope of work, for example, scale of internal renovation, is subject to technical feasibility.

Note: the allocations were subsequently revoked.
