- (a) It was undoubtedly a great programme and I hope more students would have a splendid time and a pleasant journey to participate in the JENESYS Programme in the future.
- (b) It was a good programme overall. Thank you very much for the thoughtful arrangements and I certainly cherish all the memorable experiences in this tour.
- (c) The connection between Hong Kong and Macao students could be built, e.g. the student- delegates could prepare some little gifts for Macao students.
- (d) I really enjoy this exchange programme. I met many new friends who came from different schools and my social skills were improved.
- (e) The programme was really fun and enchanting. I would never forget the 7 days I spent in Japan and will treasure this experience whole-heartedly. I am really grateful for everything I have learnt.
- (f) I want to seize this chance to thank all the teachers, staff members and people I have met in this visit. You have all made this visit so rewarding and meaningful to me. The visit would not have been as successful without any of your altruistic service and generous support. Words could not possibly express my deepest gratitude to all of you, but still thank you all from the bottom of my heart.
