

School-based After-school Learning and Support Programmes

Ground Rules and Requirements

2023/24 School Year

Background

The Education Bureau (EDB) has implemented the School-based After-school Learning and Support Programmes (the Programme) since the 2005/06 school year (s.y.) to support the needy students to participate in after-school activities with a view to facilitating their whole-person development and personal growth. Currently, we provide School-based Grant and Community-based Project Grant for public sector (including special) schools as well as schools under the Direct Subsidy Scheme (DSS) and non-governmental organisations (NGOs) respectively to organise school-based and district-based activities for the needy students. As announced in the 2014 Policy Address, EDB, starting from the 2014/15 s.y., increases the flexibility of the School-based Grant under the Programme and provides schools with incentive funding.

Objective

2. The focus of the Programme is to provide more assistance and opportunities to the needy students to improve their learning effectiveness, broaden their learning experiences outside the classroom and raise their understanding of the community and sense of belonging so as to facilitate students' whole-person and all round development.

Eligible Students

3. Eligible students are Primary 1 to Secondary 6 students in receipt of the Comprehensive Social Security Assistance (CSSA) or full grant under the Student Financial Assistance (SFA) Schemes.

4. Besides, schools are given the discretion to use some of the places of their after-school activities to be conducted for other needy students who are identified by schools but are not in receipt of CSSA or full grant under the SFA Schemes. Starting from the 2014/15 s.y., the discretionary quota of all participating schools in receipt of the School-based Grant has been increased from 10% to 25%.

Core Programme Components

5. Having regard to the diversity of needs of the eligible students, a wide spectrum of after-school programmes, including tutorial service, personal development (such as art and cultural activities, sports activities, leadership training, voluntary service, visits, etc.) and skills training may be offered. The Programme should be designed in such a way that activities focus not only on academic work related to the school curriculum but also on developing the self-directed learning capacity of the students, including goal setting, study skills, and self-reflection. The Programme is expected to nurture self-esteem and self-reliance in needy students.

6. To this end, the grant should be utilised to organise/complement programmes with the following core components:

- (a) developing study skills with emphasis on strategies of organising, retaining and applying knowledge;
- (b) fostering self-worth and developing self-management skills;
- (c) developing personal, interpersonal and social skills; and
- (d) building self-esteem and co-operation with others.

7. Provided that the core components are included, the Programme may take various forms, including but not limited to the following:

- (a) academically-oriented tutorial service, including the development of study skills;
- (b) programmes that focus on personal development and life skills, including psychological well-being; and
- (c) after-school activities for children.

Mode of Implementation

8. The Programme is composed of two major parts, the School-based Grant and Community-based Project Grant.

A. School-based Grant

9. Public sector primary and secondary schools and schools under DSS which plan to organise school-based after-school activities for their eligible students (referring to those in receipt of CSSA or full grant under the SFA Schemes) may apply for the School-based Grant. The amount of grant is based on the most updated number of eligible students of the participating schools as on EDB's record in April 2023.

10. With effect from the 2014/15 s.y., we provide schools with incentive funding based on the participating schools' annual accounts¹ of the most recent year. The annual subsidy rate of each eligible student has increased from \$400 to \$600 and the 25% of additional funding from discretionary quota is calculated at the rate of \$600 per eligible student to the schools that have a utilisation rate² of 80% or above of the provision under the School-based Grant.

11. Besides, schools may utilise the School-based Grant for procurement of materials/equipment as appropriate (such as sports equipment, educational toys, chess sets, books, snacks and beverages, etc.), and for subsidising travelling expenses of **individual students** to participate in the after-school activities. However, these types of expenses must be for meeting the needs of the activities, and are only applicable to the needy students who participate in the after-school activities. In order to avoid the aforesaid expenses being out of proportion with the School-based Grant provided, they should be capped at 5% of the total provision of the School-based Grant.

12. Schools may refer to the relevant EDB Circular Memorandum (issued in May each year) for details of the School-based Grant. Schools which intend to apply for the School-based Grant in the Programme are requested to complete the reply form attached to the aforesaid Circular Memorandum or the electronic Application Form via the Common Log-On System (<https://clo.edb.gov.hk/>) and return it to the Student Special Support Section of EDB on or before the specified due date.

B. Community-based Project Grant

13. To facilitate effective sharing of community resources and encourage worthwhile projects, we will provide funding for organising community-based projects. Interested NGOs will be invited to apply for funding to organise community-based projects or district-based after-school programmes. Schools are encouraged to collaborate with NGOs in bidding for the funding. These projects should aim at providing service and support to eligible students in their own neighbourhood community and establishing a supporting network in the long run.

1 For aided and caput schools and schools under the Direct Subsidy Scheme, the annual accounts are compiled on the basis of s.y. and the accounts of the most recent year submitted by schools are those of the 2021/22 s.y. As for government schools, their accounts are compiled on the basis of financial year which are the accounts of the 2022-23 financial year.

2 Utilisation rate is calculated on the basis of total expenses and entitled total provision of the year.

14. Application form for the Community-based Projects and relevant references can be downloaded from EDB website (<https://www.edb.gov.hk/en/salsp>). Applicant NGOs can submit the application form by hand, by mail or through e-form (login website: <https://eformss.edb.gov.hk/eformss/Login>) to the Student Special Support Section of EDB. Late application will not be considered in general. The Committee on School-based After-school Learning and Support Programme (the Committee) will consider exceptional cases only if:

- The NGO collaborated with school(s) has never submitted application late; and
- The NGO can provide written justification and supporting document(s) from collaborating school(s) not exceeding 15 working days after the deadline of application.

15. To ensure quality and consistency of standard, all applications are assessed by the Committee comprising representatives from EDB, the Social Welfare Department, NGOs, parents and the school sector. The Committee will consider whether the projects are targeted at the needy students, and effect sustainable positive impact on them. The possibility of establishing a support service network in the locality in the long run will also be taken into consideration.

Basic Principles in Implementation

16. Schools and NGOs should note the following basic principles in deploying the grant:

- (a) the Programme is to build up the capacity and self-esteem of the needy students, providing them with after-school remedial learning support and other activities conducive to improvement of life skills (e.g. communication skills, self-confidence, etc.);
- (b) the Programme should be sustainable and lead to fundamental changes to the attitudes of the students and the parents ;
- (c) the grant is to complement subsidies/services currently provided by the Government and other agencies for helping students from needy families;
- (d) the Programme to be supported by the grant should not overlap with or replace any similar existing services (e.g. the grant should not be used for subsidising students' participation in activities that are being covered by Capacity Enhancement Grant and etc.);
- (e) the Programme to be supported by the grant should be governed by the principles of impartiality, fairness and openness in providing service to eligible students.

- (f) the Programme should be school-based (not necessarily be confined to the school premises though) and custom-made to suit the needs of students concerned, and be conducted outside normal school hours; and
- (g) the grant should not be used for providing material assistance to students (e.g. school uniform, musical instruments, etc.). Schools/NGOs have to deploy other funding/sponsorship as appropriate for these purposes.

Financial Arrangement

A. School-based Grant

[Reference for All Schools]

17. The accounting and funding arrangements of the Programme are summarized below for guidance:
- (a) Schools shall use the grant exclusively for conducting or complementing the Programme.
 - (b) Expenses for procurement of necessary materials/equipment and subsidising travelling expenses of individual needy students to participate in the after-school activities should be capped at 5% of the total provision of the School-based Grant (please refer to para. 11 for details).
 - (c) Schools are required to keep a separate ledger account to record all the income and expenditure chargeable to the Programme. The grant should be expended on eligible students only.
 - (d) Schools should ensure that all receipts and payments in respect of the Programme are properly and timely recorded.
 - (e) Schools are to note that deficit, if any, should be borne by school's own funds.
 - (f) Schools may retain the unexpended amount under the School-based Grant subject to its not exceeding the total provision of the Grant for the current year. The excessive amount will be subject to clawback by EDB. For government schools, the said arrangement is based on financial year.
 - (g) The School-based Grant will be disbursed in the end of July 2023 and participating schools will be informed of the calculation details.
18. If schools intend to hire outside service, they have to abide to relevant rules and statutory requirements. Payments relating to employment of staff like salary, contribution to MPF, long service payment, severance pay and any statutory benefits conferred by the Employment Ordinance shall all be included in the

grant. The guideline on hiring outside services and staff appointment is as follows:

[Reference for Aided, Caput and DSS Schools]

- (a) Aided schools should observe [EDB Circular No. 4/2013](#) dated 30 April 2013 on Procurement Procedures in Aided Schools and [EDB Circular No. 5/2005](#) dated 16 June 2005 on Appointment of Staff in Schools, which lists out points to note in handling appointment matters.
- (b) To avoid conflict of interests relating to the procurement of services and the appointment of staff, Caput schools and schools under the DSS should observe, where appropriate, the procedures and the points to note as contained in the said circulars.
- (c) Aided, Caput and DSS schools are also reminded that they should comply with, where appropriate, relevant statutory requirements such as the Education Ordinance (Cap. 279), the Employment Ordinance (Cap. 57) and the Mandatory Provident Fund Schemes Ordinance (Cap. 485).

[Reference for Government Schools]

- (a) Government schools should comply with the relevant rules and regulations relating to hire of services and appointment of temporary staff so as to ensure that the principles of openness and fairness be upheld.
- (b) They should also note the statutory duties of EDB as an employer under the Mandatory Provident Fund Schemes Ordinance (Cap. 485), and should follow EDB's procedures for enrolment of relevant employees into a Mandatory Provident Fund Scheme.

[Reference for All Schools]

In response to the implementation of the Sexual Conviction Record Check Scheme (the Scheme) by the Government, schools must adopt the Scheme in the appointment procedures to strengthen the protection of students' well-being. For details, please refer to [EDB Circular No. 14/2023](#) dated 21 August 2023. Frequently asked questions have been uploaded to EDB website for schools' reference (EDB Homepage → School Administration and Management → Administration → About School Staff → Appointment Matters). In addition, if schools have to engage external individuals or organisations in conducting school activities, schools should make prudent choices to ensure that the invited parties can fulfill the schools' requirements, and the messages they convey are consistent with the learning aims and curriculum goals in school education. Besides, they should also ensure that the activities to be held will not involve acts or activities that endanger national security.

B. Community-based Project Grant

19. Subject to the signing of grantee agreement with EDB, the successful NGOs will be disbursed a grant in the amount as recommended by the Committee.

20. The approved Community-based Project Grant will be disbursed to NGOs in three installments (30%, 40% and 30% respectively). The first payment will be made after EDB has received a completed Acceptance Proforma and the Authority for Payment to a Bank (GF 179A) from the NGO. In order to monitor the progress of the project, the second payment will be made when the NGO's submitted progress report (with statements of income and expenditure related to each approved activity) is checked and found in order; the third payment will be made when the submitted final report (with statements of income and expenditure related to each approved activity) is checked and found in order and the payment amount is in accordance with the actual expenses stated therein. An audited account should be submitted to EDB within **six months** after the completion of the project.

21. If any information of the report(s) submitted by the NGO requires clarification/rectification, EDB will withhold the second and/or the third payment of the grant until the report(s) is(are) checked and found in order. **However, any withheld payment shall be forfeited by EDB a year after completion of the project unless approved otherwise on a case-by-case basis.**

22. Any unspent amount of the approved grant will be clawed back by EDB after completion of the project.

23. NGOs are required to abide by the principles of openness and fairness in procuring goods / services and recruiting staff for the projects. NGOs should, in implementing the Programme, observe paragraphs 8(a), (b), (c), (d) & (e) of the "Guidelines for Community-based Projects".

[Reference for All NGOs]

Given the importance of protecting our students and in response to the implementation of the Scheme by the Government, NGOs should observe [EDB Circular No. 7/2007](#) on Education (Exemption) (Private Schools Offering Non-Formal Curriculum) Order (Cap. 279F) and [EDB Circular No. 14/2023](#) on Measures for Strengthening the Protection of Students: Appointment of Teaching and Non-teaching Staff in schools when hiring instructors or other personnel that provide educational or relevant services to students for the implementation of the projects in collaboration with schools to provide our students with a safe learning environment and further safeguard the well-being of students. For projects serving the community without any collaborating schools, NGOs should adopt the Scheme in the appointment procedures in order to provide our students with

a safe learning environment and further safeguard the well-being of students. Frequently asked questions have been uploaded to EDB website for NGOs' reference (EDB Homepage → School Administration and Management → Administration → About School Staff → AppointmentMatters). In addition, NGO should ensure that the hired instructors or other personnel in conducting school activities can fulfill the schools' requirements, and the messages they convey are consistent with the learning aims and curriculum goals in school education. Besides, they should also ensure that the activities to be held will not involve acts or activities that endanger national security

Monitoring and Evaluation

A. School-based Grant

24. In line with the School Development and Accountability Framework, schools in receipt of the School-based Grant for the 2023/24 s.y. are required to include in their Annual School Plan their school-based programme and other supporting measures (if any) for needy students and upload the plan onto their Homepage by the end of October 2023. For monitoring, schools should conduct annual review on the plan and reflect the outcomes, including the items in the after-school activities, the actual number of needy students benefitted and the evaluation on the effectiveness of the Programme, including students' learning and affective outcomes in their School Report, of which have to be uploaded onto their Homepage not later than the end of November 2023. The school-based programme and its evaluation report should be endorsed by the School Management Committee/Incorporated Management Committee. The School-based Grant disbursed in the end of July 2023 is subject to clawback if schools fail to fulfill the aforesaid requirements. A sample each of the plan and the evaluation report are at Annexes 1 and 2 respectively for schools' reference.

25. Schools are required to keep a clear record on the beneficiaries of the grant as well as the type of programmes conducted for audit purpose.

B. Community-based Project Grant

26. NGOs are required to submit to EDB a progress report and a final report on the outcome upon completion of the projects. The reports should contain a financial statement to account for the usage of the fund, and should also include measurement on achievement of the goal, participation rate and completion rate, feedback from schools, students and parents on the projects and any outcome measures included in the project plan as well as any academic or affective outcome. A sample each of the operation status report, progress report and final report are at

Annexes 3, 4 and 5 respectively for reference.

27. EDB will monitor the use of the grant and EDB officers will pay visits to NGOs and schools to monitor the progress of the Programme.

| balance = (L) – (H) | = | \$ _____ |

Remarks :

- #1. Eligible students: students in receipt of CSSA, full grant under the SFA Schemes or needy students under the discretion quota (only applicable to the students provided by the collaborating school(s)).
- #2. Non-eligible students: students who have to pay to participate. These students must pay full fee; full fee means the **actual cost** of an activity for each participating student (including eligible and non-eligible students) (e.g. if the actual cost for the activity is \$1,000 with a total of 6 eligible students and 4 non-eligible students participating in the activity, the cost for each participating student should be \$100; each non-eligible student should therefore pay \$100) .
- #3. Is the activity on schedule? The progress should be stated as: **(a) completed or (b) cancelled.**
- #4. Amount of grant: The amount allocated for the activity under the approved project, which should be used to subsidise only the eligible students, while non-eligible students must pay full fee.
- #5. Other income: other sources of revenue such as the fee paid by the non-eligible students, donation and sponsorship.
- #6. Expenses: the expenses for organising the activity (including subsidy by NGO in the expense).
- #7. For a cancelled activity, the administration cost to be deducted is calculated based on the percentage approved to the administration cost
(Refer to **Part J** of the application form):

$$\text{percentage to be deducted} = \frac{\text{approved administration cost (B)}}{\text{approved total activity grant (A)}} \times 100\% \text{ (round to two decimal places)}$$

Thus, the administration cost to be deducted: amount of grant of the cancelled activity (A1) × percentage to be deducted (round to the nearest dollar)
- #8. For a cancelled activity, the administration cost to be deducted is calculated based on the percentage approved to the project coordination expenditure
(Refer to **Part J** of the application form):

$$\text{percentage to be deducted} = \frac{\text{approved project coordination cost (C)}}{\text{approved total activity grant (A)}} \times 100\% \text{ (round to two decimal places)}$$

Thus, the project coordination expenditure to be deducted: amount of grant of the cancelled activity (A1) × percentage to be deducted (round to the nearest dollar)
- #9. The three types of students:
 - NCS (non-Chinese speaking students) ;
 - SEN (students with Special Educational Needs) ;
 - NAC (newly-arrived-children)
- #10. For activities also serving the whole community, **priority** should be given to eligible students from “Od” and “Pv” schools
 - Od (students from Government, Aided or Direct Subsidised Scheme schools not listed in (I)) ;
 - Pv (students from private schools) ;
 - Cs (students from collaborating schools listed in (I))

Refer to the example to calculate deduction of the administration cost and project coordination expenditure
