

Subsidy for Persons Holding Non-local Qualifications to Conduct Qualifications Assessment (SNQQA)

Frequently Asked Questions

Objective and Implementation Period

Q1: What is the objective of implementing SNQQA?

A1: There are views that some grassroots hold higher non-local qualifications (including Hong Kong residents, arrivals from the Mainland and ethnic minorities migrated to Hong Kong who are holding non-local qualifications) but they do not know whether their overall qualifications meet the standard of a particular level of qualification in Hong Kong. To individuals or households with financial difficulties, the additional cost for qualifications assessment may add to their burden. The Education Bureau provides subsidy for needy persons to apply for qualifications assessment for general purpose conducted by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ), probably offering them chances for achieving upward social mobility if their non-local qualifications have been confirmed to meet the standard of a particular level of qualification in Hong Kong.

Q2: Have there been changes to the mode of implementation after the regularisation of the subsidy programme with effect from 1 September 2020?

A2: For the period from September 2017 to August 2020, the Community Care Fund Assistance Programme – Subsidy for Persons Holding Non-local Qualifications to Conduct Qualifications Assessment (CCF QA) was implemented on a pilot basis to provide subsidy for needy persons to apply for qualifications assessment for general purpose. Starting from 1 September 2020, the programme has been incorporated into the Government’s regular assistance programme and the implementation details remain essentially the same as in the CCF QA.
