**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Education Infrastructure Division**  
**Quality Education Fund Secretariat**  
**Team 1**

**Work of the Section**

The Quality Education Fund (QEF) was set up in 1998 with an allocation of \$5 billion to fund worthwhile initiatives on a pilot basis and one-off projects that aim to raise the quality of education and promote quality education at kindergarten, primary, secondary and special education sectors. The QEF Secretariat is responsible for providing secretarial support to the Fund.

**Main duties of secondees**

- (a) To assist in monitoring the progress of QEF funded projects and compiling project evaluation reports;
- (b) To provide support to the operation of Assessment and Monitoring Sub-committee as regards tasks relating to monitoring QEF funded projects;
- (c) To assist in organising briefing sessions, consultations sessions and workshops to publicise the funding programmes of QEF; and
- (d) To assist in reviewing and revising project evaluation documents.

**Normal working locations**

The normal working place is Room 403, 4/F., 14 Taikoo Wan Road, Taikoo Shing, Hong Kong. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

**Entry Requirements**

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sector or schools under the Direct Subsidy Scheme. They should have no less than 4 years (as at 31 August 2026) of full-time teaching experience at primary and/ or secondary level.

**Remarks**

- (a) The application is for **full-time** secondment.
- (b) Applicants should indicate clearly in the application form their major and minor subjects of teaching in the past 4 school years.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Quality Assurance Division**  
**Life-wide Learning and Mainland Exchange Section 2**

**Work of the Section**

The Life-wide Learning and Mainland Exchange Section 2 is mainly responsible for organising Mainland Exchange Programmes (MEPs) for students in alignment with the school curriculum to enable them to gain first-hand experience of the development of our country in various aspects, deepen their classroom learning and broaden their horizons.

**Main duties of secondees**

- (a) To assist in developing strategies for the implementation of MEPs to address students' diverse learning needs;
- (b) To assist in planning and implementing MEPs, performing regular on-site monitoring and conducting briefing and de-briefing sessions;
- (c) To develop learning materials to be used in MEPs;
- (d) To assist in disseminating relevant MEPs experiences by sharing experiences in seminars;
- (e) To conduct school visits and provide on-site support services; and
- (f) To assist in updating relevant guidelines for organising school-based MEPs and work practices.

**Normal working locations**

The normal working place is the office of Life-wide Learning and Mainland Exchange Section 2 at Wu Chung House in Wanchai. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs. Secondees are required to participate in exchange programmes in the Mainland.

**Entry Requirements**

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sector or in schools under the Direct Subsidy Scheme. They should hold a university degree in Chinese Language/ Humanities disciplines/ Liberal Studies/ Science/ Technology/ General Studies/ Social Sciences, or equivalent, a postgraduate diploma/ certificate in education or equivalent, and no less than seven years (as at 31 August 2026) of full-time teaching experience in relevant subjects. Proficiency in Putonghua is preferred.

**Remarks**

- (a) The application is for **full-time** secondment.
- (b) Applicants should indicate clearly in the application form the major and minor subjects studied in their degree courses. Applicants possessing additional qualifications (e.g. a Master/ PhD degree) should also include details in their applications.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**Language Learning Support Section**

**Work of the Section**

To strengthen language support for different stages of education, the Language Learning Support Section was tasked by the Standing Committee on Language Education and Research (SCOLAR) to set up a Task Force, comprising experienced language teachers and language experts, to support schools to implement the curriculum reform, particularly in language learning and teaching. The Section is responsible for planning, implementing and evaluating the support services for schools, as well as disseminating good practices and experiences in school language curriculum development.

**Main duties of secondees**

- (a) To help teachers in primary and/ or secondary schools implement the curriculum initiatives in their Chinese/ English Language curricula and nurture curriculum leadership through on-site support services and learning communities of teachers;
- (b) To organise professional development activities, including learning communities, for primary and/or secondary school heads, Chinese/ English panel heads and teachers;
- (c) To assist in identifying and disseminating good practices in Chinese/ English Language learning and teaching and effective resources for reference in primary and/ or secondary schools;
- (d) To undertake research and development projects related to Chinese/ English Language learning and teaching in primary and/ or secondary schools;
- (e) To liaise with school heads/ relevant parties of the schools to review their progress in school-based language curriculum development; and
- (f) To assist in conducting professional exchange activities for English teachers from the Mainland and Hong Kong\*.

\* This is applicable to English teachers who will be engaged in the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland. The Scheme aims to establish a professional exchange platform for English teachers in Hong Kong and the Mainland, fostering mutual professional development. The programme includes exchange activities held in both Hong Kong and Guangdong, where participating teachers will visit Mainland schools and engage in professional sharing activities with their Mainland counterparts through both online and face-to-face modes.

**Normal working locations**

The normal working places are the office of the Language Learning Support Section in Education Bureau Kowloon Tong Education Services Centre and the schools to which the secondees will be deployed. Secondees may also be required to work in other locations to be determined by the supervisor in light of service needs.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**Language Learning Support Section**

**Entry Requirements**

Applicants should be serving or former (for not less than one school year continuously between September 2023 to September 2026) panel heads, assistant panel heads, coordinators of teaching Chinese to non-Chinese speaking students or level coordinators of primary or secondary schools (including special schools) in the aided sector or schools under the Direct Subsidy Scheme. They should have a Bachelor's degree or equivalent in Chinese/ English Language and/ or Chinese/ English Language Education, a postgraduate diploma/ certificate in education or equivalent and no less than six years (as at 31 August 2026) of full-time teaching experience in the Chinese/ English subject at primary and/ or secondary level(s). A higher degree or equivalent in Chinese/ English language and/ or Chinese/ English Language Education is an advantage.

**Remarks**Working locations, nature of work and time allocation

- (a) The secondees are required to meet regularly with team members at the office of the Section to co-plan and organise professional development activities (including learning communities) for schools; review their work and evaluate the progress of schools in school language curriculum development; co-develop learning and teaching resources; and participate in in-house capacity building activities.
- (b) The secondees will be deployed to work in other schools to provide support for teachers in school language curriculum development. They are expected to conduct collaborative lesson planning, take part in lesson observation, conduct school-based teacher development workshops, hold discussions with relevant parties of the schools, etc.
- (c) Secondees taking part in the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland are required to conduct visits to schools in Guangdong and engage in different exchange activities, including collaborative lesson planning, lesson reviews and sharing sessions, etc.
- (d) The application is for **full-time** secondment.

**Enquiries**

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**School-based Curriculum Development (Secondary) Section**

**Work of the Section**

The School-based Curriculum Development (Secondary) Section aims at providing diversified modes of professional support services to schools through engaging them in meaningful collaborations as one of the means to enhance teachers' professional capacity for developing school curriculum, and enrich their repertoire of effective pedagogical practices catered to the learning needs of students in order to help them develop their potential to the full. It also helps foster a collaborative and reflective culture among teachers, among and within schools for collegial support and sustainable development.

For the 2026/27 school year, support services will be provided in three Key Learning Areas (KLAs) viz., Mathematics Education, Science Education, and Personal, Social and Humanities Education (PSHE); in Citizenship and Social Development (CS) and in curriculum initiatives. These curriculum initiatives include STEAM (Science, Technology, Engineering, the Arts and Mathematics) education, values education, national education, and digital education.

**Main duties of secondees**

- (a) To provide school-based support to secondary schools to develop school curriculum, to implement curriculum initiatives, to explore and develop effective pedagogical practices;
- (b) To assist in conducting cross-school meetings and training activities of learning communities to foster a sharing and collaborative culture among teachers, among and within schools;
- (c) To organise professional development activities to facilitate the implementation of curriculum initiatives;
- (d) To identify and disseminate good practices of schools, and contribute to knowledge management; and
- (e) To liaise with school teachers/ relevant parties in relation to the implementation of school curriculum initiatives.

**Normal working locations**

The normal working place is the office of School-based Curriculum Development (Secondary) Section at Landmark North in Sheung Shui. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor according to service needs.

**Entry Requirements**

Applicants should be serving teachers of secondary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have (i) a university degree or equivalent; (ii) a postgraduate diploma/ certificate in education or equivalent; and (iii) no less than five years (as at 31 August 2026) of full-time teaching experience in the PSHE KLA, Mathematics Education, Science Education or other STEAM-related KLAs/ subjects, or no less than four years (as at 31 August 2026) of full-time teaching experience in CS. Experience of being the Prefect of Studies/ Head of Curriculum Development in schools would be preferable.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**School-based Curriculum Development (Secondary) Section**

**Remarks**

- (a) The application can be for **full-time** or **half-time** secondment.
- (b) Preference will be given to applicants who have curriculum development experiences in the relevant KLA/ subject or assumed a leading role in school curriculum development or in promoting STEAM education or values education.
- (c) Applicants should indicate clearly in the application form his/her respective rank and service periods of all teaching posts taken.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**School-based Curriculum Development (Primary) Section**

**Work of the Section**

The School-based Curriculum Development (Primary) (SBCDP) Section renders on-site professional support services in various Key Learning Areas/ subjects including Chinese Language Education, English Language Education, Mathematics Education, Primary Science and Primary Humanities. Support officers visit schools regularly to work closely with teachers in collaborative lesson preparation meetings and provide various kinds of services to facilitate school curriculum development renewal. The Section also leverages learning communities to promote cross-school professional exchange, with a view to enhancing the members' professional capacity and leadership of curriculum leaders.

For the 2026/27 school year, secondees will be assigned to provide support services in Chinese Language Education, English Language Education, Mathematics Education, Primary Science and/or Primary Humanities, and to implement curriculum initiatives such as national education, values education, STEAM education and digital education.

**Main duties of secondees**

- (a) To assist in providing on-site support to primary schools to develop school curriculum to cater for diverse student learning needs, to implement curriculum initiatives such as national education, values education, STEAM education and digital education, and to explore and develop innovative pedagogical practices;
- (b) To support the organisation and knowledge management of learning communities;
- (c) To assist in organising professional development activities to facilitate the implementation of curriculum initiatives;
- (d) To develop learning and teaching resources and consolidate support services experience and knowledge;
- (e) To assist in identifying and disseminating good pedagogical practices at cross-school level and territory-wide level; and
- (f) To participate in diversified Mainland exchange activities, such as engaging in professional sharing activities with the Mainland teachers, with potential visits to schools in the Mainland.

**Normal working locations**

The normal workplace is at the office of School-based Curriculum Development (Primary) Section in Shatin Government Offices. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**School-based Curriculum Development (Primary) Section**

**Entry Requirements**

Applicants should be serving teachers of primary schools (including special schools) in the aided sector or under the Direct Subsidy Scheme. They should have (i) a bachelor's degree in Chinese Language Education/ English Language Education/ Mathematics Education/ Science/ Social Science or equivalent; (ii) a postgraduate diploma/certificate in education or equivalent; and (iii) no less than five years (as at 31 August 2026) of full-time teaching experience in the Chinese Language subject/ the English Language subject/ Mathematics/ General Studies at primary levels. Preference will be given to applicants with experience in Primary Science/ Primary Humanities/ General Studies curriculum development and/ or in promoting innovative learning and teaching practices.

**Remarks**

- (a) The application can be for **full-time** or **half-time** secondment.
- (b) The secondees are required to meet regularly with team members at the office of the Section to co-plan and organise professional development activities for schools; review their work and evaluate the progress of school curriculum development; co-develop learning and teaching resources; and participate in in-house capacity building activities.
- (c) The secondees will be deployed to work in other schools to provide support to teachers in school curriculum development. They are expected to conduct collaborative lesson planning with teachers, participate in learning activities whereby they can understand how learning and teaching can be improved, take part in lesson observation, conduct teacher development workshops, hold discussions with relevant parties of the schools, etc.
- (d) The secondees may be required to take part in visits to schools in the Mainland and engage in different exchange activities, including collaborative lesson planning, lesson studies and sharing sessions, etc.

**Enquiries**

Dr LAM Yuen-mai

Senior Curriculum Development Officer (School-based Curriculum Development (Primary))<sup>1</sup>

Tel : 2158 4909

Fax : 3104 9205

E-mail : scdosbcdp1@edb.gov.hk

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**School-based Professional Support Section**

**Work of the Section**

The School-based Professional Support Section is mainly responsible for coordinating four school-based support services (SBSS), including Mainland-Hong Kong Teachers Exchange and Collaboration Programme (MHKTECP), the Scheme on Hong Kong Teachers' Exchange Activities to the Mainland (HKTEAM), Quality Education Fund Thematic Network – Designated Themes projects and the Quality Education Fund Thematic Network projects, as well as promoting good practices and experiences collected from the SBSS to enhance schools' capacity in implementing various education initiatives.

**Main duties of secondees**

- (a) To promote various education initiatives in the participating schools through their frontline experience in curriculum planning and teaching, thus enhancing the effectiveness of SBSS;
- (b) To facilitate the participating schools to establish learning communities/ professional networks within and between schools to promote sharing and collaboration;
- (c) To assist in organising and conducting school-based/ territory-wide teacher professional development activities; and
- (d) To assist in organising and participating in the MHKTECP and HKTEAM.

**Normal working locations**

The secondees generally work at the School-based Professional Support Section office in Landmark North in Sheung Shui, and may need to work at other locations as arranged by the supervisors based on operational needs. If the secondees are English Language teachers, they may also need to travel to the Mainland to assist in the organisation of and participate in the HKTEAM.

**Entry Requirements**

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sectors or under the Direct Subsidy Scheme, and experienced in curriculum development and teacher training. They should have a university degree or equivalent, a postgraduate diploma/ certificate in education or equivalent and no less than six years (as at 31 August 2026) of full-time teaching experience. Priority will be given to Chinese Language or English Language teachers with experiences as panel heads or whole-school curriculum planning.

**Remarks**

- (a) This is a **full-time** secondment position.
- (b) Applicants should indicate their main and secondary subjects taught in the past three years in the application form, which will serve as a reference for arranging their professional support duties;
- (c) Secondees will be deployed to work in different locations to support, monitor and review the SBSS's service providers; and
- (d) Secondees taking part in the HKTEAM may need to travel to the Mainland for school exchange activities, including collaborative lesson planning, classroom observations, and experience sharing.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division**  
**Technology Education Section**  
**STEM Education Centre**

**Work of the Section**

The Technology Education (TE) Section of the Innovation Technology Education Division aims at giving support to schools in the implementation of curriculum policies and innovations related to TE Key Learning Area (KLA) including the promotion of STEAM education.

To further support schools, the STEM Education Centre (the Centre) was set up at the Arts and Technology Education Centre (ATEC) in Lok Fu on 26 October 2017. The TE Section works closely with the Centre at which the major services provided are:

- Maker Space equipped with more advanced equipment
- Professional Development Programmes for teachers
- Student learning activities such as competitions
- Advice to schools on the implementation of STEAM education

**Main duties of secondees**

- (a) To organise STEAM-related learning activities for students including competitions;
- (b) To provide technical advice for students' project work and teachers on using the equipment in the Maker Space of the Centre;
- (c) To organise STEAM-related professional development programmes, as well as support services for teachers;
- (d) To render professional support for schools on the implementation of STEAM education; and
- (e) To assist in the arrangement of related promotion activities or events.

**Normal working locations**

The normal working place is STEM Education Centre in the Arts and Technology Education Centre at 145 Junction Road, Lok Fu, Kowloon. Secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

**Entry Requirements**

Applicants should be serving GMs (or above) of secondary schools (including special schools) in the aided sector or schools under the Direct Subsidy Scheme. They should have a university degree in Technology/ STEAM-related disciplines and a postgraduate diploma/ certificate in education, or equivalent; and no less than four years (as at 31 August 2026) of full-time teaching experience in STEAM-related subjects at the secondary level. Priority will be given to applicants who have full-time teaching experience in Design and Technology related subjects at the secondary level.

**Remarks**

- (a) The application is applicable for **half-time** secondment only.
- (b) Priority will be given to applicants who are familiar with the use of relevant equipment in Design and Technology Workshop and with rich experience in implementation of STEAM education in schools.

**Education Bureau**  
**Annual Teacher Secondment Exercise (2026/27 School Year)**

**Information Technology Management Division**  
**Systems & Information Management Section**

**Work of the Section**

The Systems and Information Management Section is responsible for the support, development and administration of the information management systems, one of which is the system named “CloudSAMS”. The secondees will be deployed to promote the use of CloudSAMS among all public sector schools, support and train schools’ staff on using CloudSAMS, and coordinate the CloudSAMS enhancement projects.

**Main duties of secondees**

- (a) To assist in promotion activities of CloudSAMS, in particular providing advice from the perspective of schools;
- (b) To support schools in the use of CloudSAMS;
- (c) To assist in the collection and evaluation of schools’ feedback on CloudSAMS;
- (d) To assist in the enhancement of various CloudSAMS modules by providing comments on its functionalities and user-friendliness, conducting user acceptance tests of enhanced items and preparing for its rollout to schools;
- (e) To assist in the follow-up and handling of issues after the system upgrade to CloudSAMS by providing suggestions and comments from the point of view of a frontline user in school; and
- (f) To serve as CloudSAMS trainers and assist in the planning, organising and revision of training activities and materials.

**Normal working locations**

The normal working place is at Estate Primary School No.1, Mei Lam Estate, Sha Tin, N.T. (about ten-minute walk from Exit A of Tai Wai MTR Station). Occasionally, secondees may also be required to work in other locations, such as schools or education services centres, to be determined by the supervisor in the light of service needs.

**Entry Requirements**

Applicants should be serving teachers of primary or secondary schools (including special schools) in the aided sector or schools under the Direct Subsidy Scheme. They should have adequate knowledge of the functioning of CloudSAMS and preferably no less than two years (as at 31 August 2026) of experience as a CloudSAMS administrator or equivalent.

**Remarks**

The application is for **full-time** secondment.

Education Bureau  
Annual Teacher Secondment Exercise (2026/27 School Year)

Innovation Technology Education Division  
Information Technology in Education Section  
Digital Education Centre of Excellence Scheme

**Work of the Section**

The Information Technology (IT) in Education Section is responsible for supporting schools and providing professional advice to teachers to enhance their know-how and skills in using digital technology in education.

The Section invites schools to participate in the “**Digital Education Centre of Excellence (CoE) Scheme**” to provide professional development programmes (PDPs) and on-site support services to schools in Hong Kong. “CoE Schools” are tasked to build learning communities for scaling up good practices, consolidate new experiences, as well as enhance teachers’ repertoire and ability to use digital technologies and resources, aiming at equipping students with the necessary knowledge to face challenges in the digital era.

Each CoE School comprises **one to two half-time secondees** in the 2026/27 school year. In this connection, schools participating in the Scheme have to **provide one to two serving teachers** as secondees.

**Main duties of secondees**

- (a) To develop innovative pedagogy and e-resources in collaboration with members of the focus groups assigned to promote the use of digital technology in learning and teaching;
- (b) To use their school as a hub for school networking and a test bed of innovative pedagogy and mobilise teachers in their school to collaborate and test innovative pedagogy in classes;
- (c) To line up schools to form district-based/ territory-wide professional learning communities to share good digital education experiences in regular basis;
- (d) To conduct school visits and offer support services to other schools on pedagogical, technological and managerial issues related to the implementation of digital education, including effective use of innovative technologies including Artificial Intelligence (AI) in learning, teaching and assessment in various Key Learning Areas (KLAs) and STEAM education;
- (e) To plan and organise PDPs to share and disseminate good digital education experiences gained through experiments in their schools;
- (f) To promote information literacy and provide support to schools on parent education in digital education and e-safety; and
- (g) To keep the Section informed of the latest practices related to digital education in schools from a frontline practitioner’s perspective, and help convey messages of the Bureau’s policy and action on issues relevant to digital education to stakeholders, including school heads, students and parents.

**Normal working locations**

The normal working place is the secondee’s own school. Secondees may also be required to work at the office of IT in Education Section at Education Bureau Kowloon Tong Education Services Centre and other locations, such as other schools requesting support services, to be determined by the supervisor in the light of operational needs.

Education Bureau  
Annual Teacher Secondment Exercise (2026/27 School Year)

Innovation Technology Education Division  
Information Technology in Education Section  
Digital Education Centre of Excellence Scheme

**Entry requirements**

Nominated applicants should be serving teachers or heads (up to Headmaster II/ Principal II level) of primary or secondary schools (including special schools) in the government, aided sector or schools under the Direct Subsidy Scheme. They should have no less than three years (as at 31 August 2026) of full-time teaching experience in using digital technology for learning and teaching at primary or secondary level. We will consider applications from nominees who have joined any interflow schemes in the past in view of the nature of the CoE Scheme.

**Remarks**

- (a) The secondment is on a **half-time** basis.
- (b) The CoE Scheme is school-based in nature. Thus, applications have to be submitted by school heads instead of individual teachers.
- (c) **Applications nominating two teachers will receive higher priority.**
- (d) In addition to the application form, schools should submit **a proposal of no more than ten pages** containing the following information for the Bureau's reference and consideration:
  - background information about the school;
  - three major strengths in promotion of digital education, which are in line with the Bureau's related policy;
  - whole-school planning on digital education implementation, including curriculum planning, capacity building and use of innovative technologies in various KLAs and STEAM education, promoting digital/ information literacy and parent education in digital education and e-safety;
  - a brief description of achievements in promoting digital education over the past three years (with track records);
  - a concrete work plan on providing professional support to schools, building their own professional capacity and fostering community of practice in the school sector; and
  - information on additional manpower support (including an overview of the supporting teachers' relevant experiences, expertise and major subjects taught) who can serve as backup to the secondees, if any.
- (e) Nominated teachers' major and minor subjects taught in the past three school years should be clearly indicated, as the information will be highly related to the professional support duties assigned to them.
- (f) As regular meetings are usually conducted on Wednesday afternoons, it is strongly advised that schools participating in the Scheme should make arrangements so that the secondees will be free from teaching or any other school administrative duties every Wednesday afternoon.
- (g) As secondees serve on a half-secondment basis, about half of their teaching workload should be released. To enable secondees to conduct workshops and seminars, visit other schools to provide support services and carry out other relevant activities for the Section, their workload and timetables should be arranged properly (e.g. free of teaching in some AM/ PM sessions apart from the Wednesday meetings).

**Education Bureau  
Annual Teacher Secondment Exercise (2026/27 School Year)**

**Innovation Technology Education Division  
Information Technology in Education Section  
Digital Education Centre of Excellence Scheme**

- (h) Replacement of secondees is not allowed under any circumstances. However, if a school nominates two teachers and, for reasons considered acceptable by the Bureau, only one of them can subsequently serve as the secondee in the 2026/27 school year, the school's status as a CoE School remains unaffected. If all secondees withdraw from the secondment position, it will be considered as the school's withdrawal from the Scheme.
