The school practises small class teaching with the number of school places for allocation being basically 25 students per class. Subject to the actual need at the Central Allocation stage, the school may be allocated more students per P1 class. Small class teaching is more concerned with the teaching and learning strategy and involves teaching setting or grouping driven by teaching considerations. Schools implementing small class teaching may have different sizes of grouping and different numbers of groups subject to the learning objectives and students' needs.
