Section 1A – Staff Establishment of Aided Secondary Schools

Attachment A	Teaching Staff Establishment
Attachment B	Language Improvement Measures
Attachment C	Manning Scale of Laboratory Technicians

Section 1B – Staff Establishment of Aided Primary Schools

Attachment A	Teaching Staff Establishment in Schools Operating Bi-sessional Classes
Attachment B	Teaching Staff Establishment in Whole-day Schools

Section 1C – Staff Establishment of Aided Special Schools

Attachment A	Ranking of Principal of Special Schools
Attachment B	Teaching Staff Establishment for Primary Section of Special Schools
Attachment C	Teaching Staff Establishment for Secondary Section of Special Schools

2. Schools operating combined levels of classes i.e. both secondary and primary classes such as “through-train” school, or combined session i.e. both whole-day and bi-sessional classes such as “mixed-mode” school, should refer to the relevant Sections and Attachments in calculating the staff entitlement of the school.
3. “Through-train” primary and secondary schools, though are considered as separate entities with respect to staffing establishment, can flexibly deploy teachers among the linked schools provided that the teachers concerned are kept within the approved establishment of their respective schools.
4. For a school that operates combined levels or sessions of classes where each of the level or session is entitled to a separate headship post in accordance with the calculation of teaching staff establishment, only one of the headship posts should serve as “Principal” as defined in the Education Ordinance, if the school is under one school registration.

Section 1A

Staff Establishment of Aided Secondary Schools**(I) Teaching Staff Establishment****1. Basic Provision**

With effect from the 2012/13 school year, the teacher-to-class ratios¹ for secondary schools are as follows:

- 1.7 teachers per junior secondary class
- 2.0 teachers per senior secondary class

Additional Provision

Starting from the 2017/18 school year, the above teacher-to-class ratios are increased by 0.1 teacher per class, i.e. Additional Provision. The additional teaching post(s) so created is/are at the rank of Graduate Master/Mistress (GM). With effect from the 2020/21 school year, the post(s) is/are included in calculating promotion posts.

Each school is provided with a Principal and its teaching staff entitlement is calculated according to its class organisation and the corresponding teacher-to-class ratios. The teaching staff entitlement calculated should be retained at 1 decimal place.

The overall teaching staff entitlement of a school includes the additional teachers of appropriate grades as provided and specified in sub-paragraph 3 below.

(updated on 1 September 2020)

2. Graded Post within the Establishment

Starting from the 2019/20 school year, all teaching posts on the approved establishment of aided schools are graduate teacher posts with the full implementation of the all graduate teaching force policy.

The number of posts in each rank should be determined by making reference to Attachment A.

(updated on 1 September 2019)

3. Additional Teachers

¹ The teacher-to-class ratios have embedded the provision of additional teachers to all schools including the teachers for split-class teaching, school librarians, additional Chinese language teachers, additional teachers for remedial teaching, counselling and extra-curricular activities and additional non-graduate teachers under Education Commission Report No. 5.

Upon the implementation of the New Senior Secondary (NSS) academic structure from the 2009/10 school year, the teacher-to-class ratios for secondary schools, as stipulated in the report “The New Academic Structure for Senior Secondary Education and Higher Education” published in May 2005, are as follows:

- From the 2009/10 school year to the 2011/12 school year (i.e. up to the double cohort year), the teacher-to-class ratios are 1.7 teachers per junior secondary class, 1.9 teachers per senior secondary class in the new system and S5 of the pre-NSS system, and 2.3 teachers per S6 and S7 class of the pre-NSS system.
- In and after the 2012/13 school year, the teacher-to-class ratio for senior secondary class is revised to 2.0 teachers per senior secondary class (S4 to S6).

- (a) Additional teachers of English are provided to individual schools which adopt Chinese as the medium of instruction for subjects other than language subjects, practical and technical subjects, Chinese History, Chinese Literature and English Literature. The purpose of the additional teachers is to help schools that adopt Chinese as the medium of instruction to strengthen the teaching of English. The eligibility for additional teachers of English is determined in accordance with the amount of Chinese language instruction offered. Details concerning the calculation of additional teachers of English are in Attachment B.
- (b) Enhanced Native-speaking English Teacher (NET) Scheme
NETs will be provided as additional English teachers regardless of the choice of medium of instruction (MOI), in the following scale –

<u>Total no. of Operating Classes</u>	<u>No. of additional NET</u>
Below 40	1
40 or above	2

One more NET may be employed to fill one of the additional English teacher posts at GM rank allocated to them in accordance with Attachment B.

(updated on 1 April 2013)

- (c) With effect from 1 September 1996, new schools are provided with one additional GM in the initial two years of operation.
- (d) With effect from 1 September 2006, additional graduate teachers are provided to individual schools with academic low achievers in Secondary 1 – 3. An additional 0.7 GM per class of territory bottom 10% students enrolled and an additional 0.3 GM per class of territory Band 3 students enrolled not within the Bottom 10% are provided. From 2009/10 school year onwards, the calculated number of additional teacher should be retained at 1 decimal place.

(updated on 1 September 2009)

- (e) With effect from the 2016/17 school year, schools are allowed to turn the Senior Secondary Curriculum Support Grant (SSCSG) and/or the Career and Life Planning Grant (CLPG) into regular teaching posts to provide more stable teacher manpower for schools to enhance the implementation of senior secondary curriculum and strengthen the development of life planning education and related guidance services. Upon conversion of SSCSG, each school would be provided with 0.1 GM per senior secondary class. As for conversion of CLPG into post, each school would be provided with 1 GM. Starting from the 2019/20 school year, the regular teaching posts converted from the two grants are counted towards the calculation of promotion post entitlement. The two grants are to be converted into regular teaching posts across the board before the 2022/23 school year. *(updated on 1 September 2019)*
- (f) Special Educational Needs Coordinator (SENCO)
Starting from the 2017/18 school year, an additional teaching post at

the GM rank is provided by phases in 3 years to each public sector ordinary secondary school to facilitate the assignment of a designated teacher to take up the role of SENCO to lead, manage and coordinate matters relating to special educational needs. Starting from the 2019/20 school year, the rank of SENCO in schools with the Learning Support Grant (LSG) meeting the specific threshold is upgraded to the SGM rank. The arrangement of SENCO for schools with the LSG not meeting the specific threshold is the same as that of the 2017/18 school year. The additional teaching post at the GM rank is not included in calculating promotion posts in the teaching staff establishment. Schools are advised to refer to the relevant circular currently in force for details of the provision of SENCO. *(updated on 1 September 2019)*

(g) **Special Educational Needs Support Teacher (SENST)**

Starting from the 2019/20 school year, schools with Learning Support Grant (LSG) meeting different thresholds are allowed to exchange/provided with one to three additional teaching post(s) at the GM rank. The title of the teacher assuming the said post is SENST. These one to three posts are not included in calculating promotion posts in the teaching staff establishment. Schools are advised to refer to the relevant circular currently in force for details of the provision of SENST. *(updated on 1 September 2019)*

4. **Fractional Graduate Master/Mistress (GM) Post**

The fractional GM post is worked out by adding up the fractional entitlements, if any, in (I)1, i.e. overall establishment deduced from teacher-to-class ratios, and (I)3, i.e. additional teachers. Any whole number of the sum is added to the GM establishment. The fractional GM posts do not count towards the calculation of promotion posts. Schools may keep the fractional GM post in the teaching staff establishment or opt for encashing the fractional GM post, which is calculated on the basis of the mid-point of GM teachers.

(updated on 1 September 2019)

5. **Staff Structure**

- (a) Among the graduate teaching posts, the proportion of Senior Graduate Master/Mistress (SGM) and Principal Graduate Master/Mistress (PGM) posts should not exceed five-twelfths. This proportion excludes one GM post upgraded to SGM in a secondary school with 15 or more classes with effect from 1 September 1994.
- (b) In calculating the proportions of promotion posts, posts provided for the Principal and those out of the Basic Provision and Additional Provision in paragraph 1 should be excluded, except additional teachers in paragraphs 3(a) and 3(e).

(updated on 1 September 2020)

(II) Non-teaching Staff Establishment

1. The Education Bureau creates additional educational psychologist (EP) posts in aided ordinary schools and invites school sponsoring bodies (SSBs) to apply for these posts under the School-based Educational Psychology Service (SBEPS) starting from the 2008/09 school year. Each EP post awarded to the SSB is employed as a non-teaching specialist staff of a base school under its sponsorship to provide SBEPS for schools assigned by the Education Bureau and such schools are not limited to those belonging to the same SSB operating the base school.
2. The EP posts created in aided ordinary schools are combined establishment, with the ranks of EP I and II. Candidates having fully met the entry requirements for EP I, with at least 3 years of satisfactory service as an EP II, can be considered for direct appointment to EP I. Note:

(a) Ranking of Principal

The ranking of Principal of an aided secondary school is determined by the number of classes of the school in accordance with the following scale:

Number of Classes

Ranking of Principal

18 or more

Principal I (Pr I)

12 to 17

Principal II (Pr II)

11 or fewer classes

Principal Graduate Master/Mistress (PGM)

(updated on 1 September 2020)

- (b) The ratio of graduate teacher posts of public schools is increased in one go to 100% in the 2019/20 school year. The above entitlement of secondary school is worked out based on the revised teacher-to-class ratios under the new senior secondary (NSS) academic structure as announced in the report on “The New Academic Structure for Senior Secondary Education and Higher Education”.

(updated on 1 September 2019)

- (c) With effect from the 2020/21 school year, in an aided secondary school operating 12 – 23 approved classes, 2 SGM posts are re-ranked to the PGM rank for vice-principals; and in an aided secondary school operating 24 or more approved classes, 3 SGM posts are re-ranked to the PGM rank for vice-principals.

(updated on 1 September 2020)

- (d) One post in the rank of GM is upgraded to SGM for an aided secondary school with 15 or more operating classes.

Section 1A/ Attachment B

Language Improvement Measures

Major items of the improvement measures, which are designed to discriminate positively in favour of the use of Chinese as the medium of instruction, and at the same time strengthen the teaching of English and Chinese, are as follows:

1. Additional Teacher of English⁴(a) Secondary 1 to 3

- (i) Additional teachers of English are provided to secondary schools in which full use is made of Chinese as the medium of instruction (MOI) in Secondary 1 to 3 to strengthen the teaching of English. The allocation of additional teachers of English to individual schools will be based on the following scale –

<u>Total no. of Secondary 1 – 3 classes</u>	<u>No. of additional graduate teachers of English</u>
14 or below	1*
15 – 23	2
24 – 29	3
30 – 35	4

* See Attachment B1 for principles of calculation

- (ii) With respect to schools using both English and Chinese as the medium of instruction for different subjects and in different classes, the following rules are applied to determine the number of additional teachers of English to be given –

Let T = Total number of teaching periods in subjects other than language subjects (i.e. English, Chinese, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts [formerly known as Art and Design], Home Economics, Design and Technology, Computer and Information Technology, Physical Education, Music, etc.) and Chinese History in Secondary 1 to 3.

C = Total number of teaching periods in subjects other than language subjects (i.e. English, Chinese, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts [formerly known as Art and Design], Home Economics, Design and Technology, Computer and Information Technology, Physical Education, Music, etc.) and Chinese History in Secondary 1 to 3 in which Chinese is used as the MOI.

⁴ With effect from the 2019/20 school year, additional teachers of English for schools adopting Chinese as the medium of instruction for subjects other than language subjects are graduate teacher posts.

- Secondary schools with a total of 3 – 14 Secondary 1 to 3 classes
 - If C is less than 50% of T, no additional teacher of English will be given.
 - If C is 50% or more of T, one additional graduate teacher of English will be given.
- Secondary schools with a total of 15 – 23 Secondary 1 to 3 classes
 - If C is less than 25% of T, no additional teacher of English will be given.
 - If C is between 25% and 74% of T, one additional teacher of English will be given.
 - If C is 75% or more of T, two additional teachers of English will be given.
- Secondary schools with a total of 24 – 29 Secondary 1 to 3 classes
 - If C is less than 25% of T, no additional teacher of English will be given.
 - If C is between 25% and 74% of T, two additional teachers of English will be given.
 - If C is 75% or more of T, three additional teachers of English will be given.
- Secondary schools with a total of 30 – 35 Secondary 1 to 3 classes
 - If C is less than 25% of T, no additional teacher of English will be given.
 - If C is between 25% and 74% of T, three additional teachers of English will be given.
 - If C is 75% or more of T, four additional teachers of English will be given.

(updated on 1 September 2019)

(b) Secondary 4 to 5

- (i) To strengthen the teaching of English in senior forms, schools under the following categories are provided with an additional teacher of English

- Schools with a total of four or more Secondary 4 to 5 classes and their C to T ratio is equal to or larger than 0.25; or
- Schools with less than four Secondary 4 and 5 classes and their C to T ratio is equal to or larger than 0.5,

where T = Total number of teaching periods in subjects other than language subjects (i.e. Chinese, English, French, Chinese Literature, English Literature, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts [formerly known as Art and

Design], Home Economics, Design and Technology, Computer and Information Technology, Physical Education, Music, etc.) and Chinese History in Secondary 4 and 5.

C = Total number of teaching periods in subjects other than language subjects (i.e. Chinese, English, French, Chinese Literature, English Literature, Putonghua, etc.), practical and technical subjects (i.e. Visual Arts (formerly known as Art and Design), Home Economics, Design and Technology, Computer and Information Technology, Physical Education, Music, etc.) and Chinese History in Secondary 4 and 5 in which Chinese is used as the MOI.

(updated on 1 September 2019)

- (ii) A subject or class will be considered as being taught in Chinese only if all related textbooks, school examinations and tests materials in that subject are also conducted in Chinese.
 - (iii) Principals are reminded that additional teachers of English are provided in order to improve students' language ability. This provision must not be exploited to reduce the number of periods taught by any teacher in any subject.
- (c) Schools may opt for encashment of the additional English teaching posts entitled since the 2006/07 school year to enhance the flexibility in the deployment of resources to strengthen the teaching of English.

(updated on 1 April 2013)

2. Additional Teaching Spaces

- (a) To enable split-class English Language teaching to be carried out in junior secondary forms, extra accommodation is provided. As the split classes are smaller in size, they can be accommodated in half-sized classrooms. Hence schools eligible for one or more additional teachers of English will be allowed to partition some of their existing classrooms to create the additional rooms required. Individual schools will be informed of the maximum number of classrooms to be partitioned and converted into smaller rooms for split classes in English in accordance with the maximum number of additional teachers of English provided for such classes.
- (b) The partitioning can either be of a fixed or movable type, depending on the preference of schools. Individual eligible schools will be invited to make application to the Permanent Secretary to carry out the work as a major repairs project.

3. Additional Teaching Aids

To further support the teaching of English, schools which are eligible for one or more additional teachers of English will be provided with a one-off library grant for the purchase of additional reading materials in English as well as other teaching/learning aids.

Section 1A /Attachment B1**Principles of Calculation of Additional Teachers of English**

A standard-sized secondary school (444444) in which full use is made of Chinese as the medium of instruction in Secondary 1 to 3 will be provided with one additional teacher of English to enable English classes in at least Secondary 1 – 2 to be split for more effective teaching. The requirement for one additional English teacher is calculated as follows:

- (a) No. of Secondary 1 – 2 classes: $4 \times 2 = 8$.
- (b) No. of English periods per class per week (Curriculum Development Committee recommendation): 7
- (c) No. of additional English periods necessary for split classes in Secondary 1 – 2: $8 \times 7 = 56$.
- (d) Normal 5-day weekly teaching load per English teacher: 30
- (e) Total no. of additional English teachers required: $56 \div 30 = 2$ (rounded up).
- (f) No. of additional English teachers already approved in September 1982 for remedial teaching in English: 1
- (g) Therefore no. of additional English teachers to be provided: $2 - 1 = 1$.

With a total of two additional teachers of English, a school should be able to split all the English classes in Secondary 1 and 2 for small-group teaching and have four periods of remedial teaching in Secondary 3.

Section 1A/ Attachment C

Manning Scale of Laboratory Technicians

1. The manning scale of Laboratory Technicians (LTs) is based on the number of practical periods in the whole school in accordance with the number of operating classes and the curricula adopted and calculated as follows:

$$\text{No. of LTs} = \frac{\text{No. of practical periods per week for the whole school} *}{54}$$

- * The number of practical periods per week for the whole school is the sum of the total number of practical periods of the approved classes at the junior secondary levels per week, the total number of practical periods of the science subject groups at the senior secondary levels per week, and the total number of additional practical periods (i.e. 1.3 practical periods multiplied by the number of S1 – S3 approved classes) per week. Schools are advised to refer to the relevant circular currently in force for calculation.
2. The following rules will also apply in the above manning scale:
 - (a) any fraction of a post of LT of half or above will be considered as one post;
 - (b) for a developing school where less than two LT posts are justified, any fraction derived will be considered as one post; and
 - (c) the maximum number of LTs should not, in any case, be greater than the number of laboratories in the school.
 3. In the calculation of the number of practical periods per week, the following standard numbers of practical periods for different curricula in each of the junior secondary classes/senior secondary science subject groups are to be used:

Level \ Subject	S1	S2	S3	S4	S5	S6
Science (S1-3)	4	4	4			
Biology (S4-6)				4	4	4
Chemistry (S4-6)				4	4	4
Physics (S4-6)				4	4	4
Integrated Science (S4-6)				4	4	4
Combined Science (S4-6)				4	4	4

The calculation of practical periods is based on 5 teaching days per week and 40 minutes duration per practical period. For schools assigning practical periods less than the “standard numbers” in the table above to each of the junior secondary classes/senior secondary science subject groups, the actual number of practical periods should be used in working out the manning scale. If the assigned practical periods are more than the “standard numbers” in the table

above, the “standard numbers” will be used in the calculation.

4. (a) One of the LT posts provided will be ranked at LT I in a school where there are four or more laboratories and three or more LTs; and
- (b) One LT I post will be provided at the initial stage for a developing school planned to have four or more laboratories and three or more LTs by the third year of its operation.

Section 1B

Staff Establishment of Aided Primary Schools**A. Teaching Staff Establishment****1. Staffing Ratio****(a) Basic Provision**

The teaching establishment of an aided bi-sessional or whole-day primary school is calculated respectively on the basis of 1.5 or 1.6 teachers per class, including the additional provision calculated on the basis of 0.1 teacher per class for the full implementation of specialised teaching in English Language, Chinese Language and Mathematics since the 2007/08 school year and additional teaching posts led by the increase in teacher-to-class ratio by 0.1 teacher per class starting from the 2017/18 school year. In order to avoid the use of fractions of a teacher, the number of teachers resulting from the application of the 1.5:1 or 1.6:1 formula should be rounded up to the nearest whole number.

(updated on 1 September 2022)

- (b)** In schools with 6 or more classes, the calculation is exclusive of the post of the Principal of the school.
- (c)** Starting from the 2019/20 school year, all teaching posts on the approved establishment of aided schools are graduate teacher posts with the full implementation of the all graduate teaching force policy.

(updated on 1 September 2019)

2. Ranking of Teaching Staff**(a) Principal of School**

- (i)** The ranking of Principal for a bi-sessional/whole-day school is shown in Attachment A/Attachment B respectively.
- (ii)** In bi-sessional schools with 25 classes or more where each session is considered as a separate school in the calculation of teaching staff establishment, two headship posts will be provided, one of which will serve as “Principal” as defined in the Education Ordinance if the bi-sessional school is under one school registration.

(b) Senior Teacher

The calculation basis of the number of senior teacher posts is derived from the application of teacher-to-class ratio. The provision of senior teachers is included in the manning scale in Attachment A for primary schools operating bi-sessional classes at the ratio of one senior teacher post for every four teacher posts and Attachment B for whole-day primary schools at the ratio of one senior teacher post for every 3.2 teacher posts. The rank of a senior teacher will be Senior Primary

School Master/Mistress (SPSM) or Primary School Master/Mistress (PSM) as appropriate. Senior teachers are required to undertake specific duties in addition to class teaching. The Incorporated Management Committee or Principal of a school may exercise discretion in the allocation of duties to senior teachers as well as the re-distribution of their duties in the light of the school's entitlement of senior teachers. In a primary school with 12 – 17 classes, 1 PSM post will be re-ranked to the SPSM rank for the deputy head; in a primary school with 18 – 23 classes, 2 PSM posts will be re-ranked to the SPSM rank for deputy heads; and in a primary school with 24 classes or more, 3 PSM posts will be re-ranked to the SPSM rank for deputy heads. Teachers in the PSM rank may be appointed by promotion or direct appointment to take up the deputy head posts.

(updated on 1 September 2022)

(c) Class Teacher

The rank of class teachers is APSM. The provision of class teachers is included in the manning scale in Attachment A for primary schools operating bi-sessional classes and Attachment B for primary schools operating whole-day classes.

3. Additional Teacher

(a) Student Guidance Teacher (SGT)

For schools not changing to the new funding mode under the policy of “one school social worker for each school” and not provided with Student Guidance Service Grant or Student Guidance Officers, an additional post at the PSM rank for Student Guidance Teacher (SGT) is provided to a school with 18 or more classes or shared by 2 schools each with 5 – 17 classes under the same sponsoring body. For a sponsoring body entitling to one SGT only for the school under it, the entitlement of SGT post will be changed from sponsored-based to school-based.

(updated on 1 September 2019)

(b) Teacher-librarian

A school meeting one of the following conditions is entitled to the provision of one additional APSM post for undertaking the duties of a teacher-librarian –

- (i) each whole-day primary school with three or more ordinary classes
- (ii) each bi-sessional primary school with 12 or more ordinary classes
- (iii) two bi-sessional primary schools housed in the same premises with a total of 12 or more ordinary classes (i.e. the number of a.m. ordinary classes plus the number of p.m. ordinary classes)

This teacher-librarian post is a regular post in addition to the normal teaching establishment of a school calculated under paragraph 1 (a) and (b) above. The service of a teacher-librarian is counted as teaching

experience for promotion purposes in aided primary schools. A school, upon the provision of this additional post, may deploy a teacher at the PSM rank to fill the teacher-librarian post. For appointment as a teacher-librarian, a teacher should have a minimum of two years' teaching experience and preferably the relevant professional qualification in librarianship. Upon appointment a teacher-librarian is required, where appropriate, to complete a part-time day-release training course or other professional training course organised by the Education Bureau. *(updated on 1 September 2019)*

(c) Additional Senior Teacher Post of English

An additional senior teacher post, to be offset by a post in the rank of APSM, is provided to each school that operates six or more classes to provide curriculum leadership in the teaching of English to improve co-ordination, planning and methodology. In an aided bi-sessional primary school with a total of 25 classes or more for both sessions, each session is considered as a separate school. The conditions for promotion/appointment to the additional post are at Section 5.

(updated on 1 September 2019)

(d) Primary School Curriculum Leader

With effect from the 2020/21 school year, each primary school, regardless of the number of approved classes, is entitled to the provision of a Primary School Curriculum Leader post at the PSM rank. *(updated on 1 September 2020)*

(e) Special Educational Needs Coordinator (SENCO)

Starting from the 2017/18 school year, an additional teaching post at the APSM rank is provided by phases in 3 years to each public sector ordinary primary school to facilitate the assignment of a designated teacher to take up the role of SENCO to lead, manage and coordinate matters relating to special educational needs. Starting from the 2019/20 school year, the rank of SENCO in schools with the Learning Support Grant (LSG) meeting the specific threshold will be upgraded to the PSM rank. The arrangement of SENCO for schools with the LSG not meeting the specific threshold will be the same as that of the 2017/18 school year. The additional teaching post at the APSM rank will not be included in calculation of the number of senior teacher posts in the teaching staff establishment. Schools are advised to refer to the relevant circular currently in force for details of the provision of SENCO. *(updated on 1 September 2019)*

(f) Special Educational Needs Support Teacher (SENST)

Starting from the 2019/20 school year, schools with the Learning Support Grant (LSG) meeting different thresholds will be allowed to exchange/provided with one to three additional teaching post(s) at the APSM rank. The title of the teacher assuming the said post is SENST. These one to three posts will not be included in calculation of the

number of senior teacher posts in the teaching staff establishment. Schools are advised to refer to the relevant circular currently in force for details of the provision of SENST. *(updated on 1 September 2019)*

B. Non-teaching Staff Entitlement

1. Educational Psychologist (EP)

- (a) The Education Bureau creates additional educational psychologist (EP) posts in aided ordinary schools and invites school sponsoring bodies (SSBs) to apply for these posts under the School-based Educational Psychology Service (SBEPS) starting from the 2008/09 school year. Each EP post awarded to the SSB is employed as a non-teaching specialist staff of a base school under its sponsorship to provide SBEPS for schools assigned by the Education Bureau and such schools are not limited to those belonging to the same SSB operating the base school.
- (b) The EP posts created in aided ordinary schools are combined establishment, with the ranks of EP I and II. Candidates having fully met the entry requirements for EP I, with at least 3 years of satisfactory service as an EP II, can be considered for direct appointment to EP I. Candidates not fully meeting the above criteria may be appointed as EP II, should they meet the entry requirements for this rank. Guides to appointment of EP I and II are stipulated in Sections 4.22 and 4.23 respectively and conditions for promotion of EP are stipulated in Section 4.23.

(updated on 24 May 2013)

2. School-based Speech Therapist (SBST)

The Education Bureau creates school-based speech therapist (SBST) posts in aided ordinary schools clusters to implement the Enhanced School-based Speech Therapy Service and invites aided ordinary schools to implement the provision starting from the 2019/20 school year. Each SBST post awarded is employed as a non-teaching specialist staff of a base school to provide school-based speech therapy services for schools assigned by the Education Bureau. Guides to appointment of SBST are stipulated in Section 4.24.

(updated on 1 September 2019)

Staff Establishment of Aided Special Schools**SCHOOL SECTION****A. Teaching Staff Establishment****1. Staffing Ratio**⁶Basic Provision for secondary classes

- (a) Upon the implementation of the New Senior Secondary (NSS) academic structure from the 2009/10 school year, the staffing ratio for junior secondary classes is 1.7 teachers per class, and the staffing ratio for senior secondary classes is 1.9 teachers per class. With effect from the 2012/13 school year, the staffing ratio for senior secondary classes of special schools offering the ordinary curriculum will be 2.0 teachers per class. The teaching posts provided under the teacher-to-class ratios above are referred to as the Basic Provision.

(updated on 1 September 2022)

Additional Provision for secondary classes

- (b) Starting from the 2017/18 school year, the above teacher-to-class ratios are increased by 0.1 teacher per class, i.e. Additional Provision. The additional teaching post(s) so created in the secondary section is/are at Graduate Master/Mistress (GM) rank. With effect from the 2020/21 school year, the post(s) is/are included in calculating promotion posts.

(updated on 1 September 2022)

Basic Provision for primary classes

- (c) The staffing ratio for primary classes is 1.8 teachers per class, including additional teaching posts led by the increase in teacher-to-class ratio by 0.1 teacher per class starting from the 2017/18 school year. Starting from the 2022/23 school year, the additional teaching posts generated from the 0.1 increase in teacher-to-class ratio as from the 2017/18 school year will be included in the calculation of promotion posts.

(updated on 1 September 2022)

- (d) The number of teachers will be calculated separately for the primary and secondary sections. Any decimal teacher entitlement arising from the calculation of the foregoing staffing ratios will be provided as GM and APSM in the secondary and primary sections respectively. Schools may keep the fractional teacher posts, which will not be counted towards the calculation of promotion posts or graduate teacher

ratio, in the teaching staff establishment. Alternatively, schools may opt for encashing the fractional teacher posts calculated at the mid-point salary of GM and APSM respectively.

(updated on 1 September 2020)

2. Ranking of Teaching Staff

(a) Principal of School

In schools with more than 3 classes, the calculation is exclusive of the post of the Principal of the school. The ranking of Principal is shown in Attachment A.

(b) Vice-principal/Deputy Head of School

In a primary special school with 12 – 17 equivalent ordinary primary classes, 1 Primary School Master/Mistress (PSM) post will be re-ranked to the Senior Primary School Master/Mistress (SPSM) rank for the deputy head; in a primary special school with 18 – 23 equivalent ordinary primary classes, 2 PSM posts will be re-ranked to the SPSM rank for deputy heads; and in a primary special school with 24 equivalent ordinary primary classes or more, 3 PSM posts will be re-ranked to the SPSM rank for deputy heads.

In a secondary special school with 12 – 23 equivalent ordinary secondary classes, 2 Senior Graduate Master/Mistress (SGM) posts will be re-ranked to the Principal Graduate Master/Mistress (PGM) rank for vice-principals; and in a secondary special school with 24 equivalent ordinary secondary classes or more, 3 SGM posts will be re-ranked to the PGM rank for vice-principals.

In a special school with both primary and secondary sections and with 11 equivalent ordinary secondary classes or less, 1 PSM post will be re-ranked to the SPSM rank for the deputy head at its primary section. In a special school with both primary and secondary sections and with 12– 23 equivalent ordinary secondary classes, 1 SGM post will be re-ranked to the PGM rank for the vice-principal at its secondary section and 1 PSM post will be re-ranked to the SPSM rank for the deputy head at its primary section. In a special school with both primary and secondary sections and with 24 equivalent ordinary secondary classes or more, 1 SGM post will be re-ranked to the PGM rank for the vice-principal at its secondary section and 1 PSM post will be re-ranked to the SPSM rank for the deputy head at its primary section. For the third deputy head, they are allowed to opt for the provision of vice-principal/deputy head either at the secondary section or the primary section. *(updated on 1 September 2020)*

(c) Teacher Assisting in Speech Therapy (TAST)

A special school for children with hearing impairment (HI) may appoint TASTs at the ratio of 1 for 3 classes of which one post must be offset by a speech therapist.

The number of TASTs is calculated for the school as a whole. Where fractional staff results, this will be rounded up when it reaches 0.5, otherwise it will be rounded down. The resulting number will then be apportioned between the primary and secondary sections of the special school in accordance with the number of classes in each section, in such a way that no fractional staff for either section will result. TASTs form part of the teaching establishment of the school.

Note:

All the TAST posts will be phased out through natural wastage and replaced by speech therapists. *(updated on 1 September 2021)*

(d) Mobility Instructor

A special school for children with visual impairment (VI) or special school for children with visual impairment cum intellectual disability (VI cum ID) may appoint 0.5 mobility instructor per class. Mobility instructors will be calculated in accordance with the number of classes in each of the primary and secondary section and be included in the calculation of the teaching staff establishment for the relevant section. Mobility instructors are reckoned as members of the teaching establishment of the school. *(updated on 1 September 2020)*

(e) Resource Teacher (RT)

(i) Resource Teacher for Children with Visual Impairment

Special schools for children with VI offering the Resource Support Programme (RSP) may appoint RTs to teach students with VI (those with total blindness, severe low vision or moderate low vision) who are registered under the RSP and attending ordinary schools or special schools other than that for children with VI, at the ratio of 0.5 RT to 3 students (braille users) and 0.5 RT to 5 students (non-braille users).

RTs for students of ordinary secondary schools and for students in the secondary section of special schools will be reckoned as members of the teaching establishment of the secondary section while those for students of ordinary primary schools and for students in the primary section of the special schools will be reckoned as members of the teaching establishment of the primary section.

The number of RTs under the RSP included in the staff entitlement is capped. Any additional RTs incurred on top of the capped entitlement would be provided in form of cash grant, i.e. the Staff Encashment Grant. The Education Bureau may review the cap as and when required. Schools should refer to relevant circular letter currently in force for the entitlement of the RTs and the amount of the Staff Encashment Grant incurred.

(updated on 1 September 2021)

(ii) Resource Teacher for Children with Autism Spectrum Disorders (ASD)

A special school for children with intellectual disability (ID), a special school for children with VI, a special school for children with HI and a special school for children with physical disability (PD) may appoint additional RT in its primary section for children with ASD, at the following provision ratio:

<u>No. of children with ASD</u>	<u>#No. of RTs provided</u>
Every 6 requiring remedial teaching programme	0.5

The additional teaching post is approved on the understanding that the operation of remedial teaching programme for autistic children is justified by the actual enrolment of students with ASD in the school. The post will be clawed back when it is no longer justified.

(updated on 1 September 2019)

(iii) Resource Teacher for Enhanced Support Service (ESS) for Students with Hearing Impairment

A special school for children with HI may appoint

(updated on 1 September 2019)

- one senior teacher at SGM rank to undertake the duties of planning, development and monitoring of ESS for ordinary and special schools, which mainly include –
 - planning, developing and implementing the support services for ESS students;
 - overseeing the professional advice, counselling and guidance, and training for teachers and parents in centre-based and/or school-based support services;

 - (iii) Bar at MPS point 20 for those appointed on/after 1 October 2010

With effect from 1 August 2007, the salary bar would be set at five pay points above the prevailing starting salary and would be adjusted automatically whenever there is a change in the starting salary in the future. A serving untrained Assistant Primary School Master/Mistress without a break in service is subject to the adjusted salary bar or the highest salary bar point he/she has ever experienced in the appointment as Assistant Primary School Master/Mistress, whichever is the higher.

- (ii) If the pay point of the teachers concerned on appointment to the rank of Assistant Primary School Master/Mistress is at or above the prevailing salary bar of their new post (due to, for example, the retention of their existing pay in the former non-graduate post under the special pay on appointment arrangements), their salary will be frozen at that pay point. Progression beyond the frozen pay point is subject to their acquisition of acceptable teacher training qualification, provided that the maximum of the respective pay scale is not exceeded.

However, with effect from 1 September 2003, untrained teachers re-graded from Certificated Master/Mistress to Assistant Primary School Master/Mistress, who subsequently acquire acceptable teacher training qualification, will:
 - (i) be eligible for the award of two additional increments if, other than through possession of recognised experience, they entered at the minimum point of the Assistant Primary School Master/Mistress pay scale prevailing at the time they were re-graded, provided that the maximum of the pay scale is not exceeded; or
 - (ii) be eligible for the award of one additional increment if, other than through possession of recognised experience, they entered at one point above the minimum point of the Assistant Primary School Master/Mistress pay scale prevailing at the time they were re-graded, provided that the maximum of the pay

- scale is not exceeded; or
- (iii) not be eligible for the award of any additional increment if, other than through possession of recognised experience, they entered at two or more points above the minimum point of the Assistant Primary School Master/Mistress pay scale prevailing at the time they were re-graded.

- (ii) If their pay is the same or more than the minimum and not more than the maximum of the pay scale of the new office, they will continue to receive their existing pay in the former post. The new incremental date will be determined by the date of re-grading;
- (iii) If they are re-graded on their incremental date, for the purpose of these rules, their pay before re-grading will be taken to be the pay they would have received on that date had they not been re-graded; and
- (iv) If the date of re-grading falls on or between the 1st and the 15th day of the month, the incremental date will be taken to be the first day of that month. - (f) When a teacher acts in different ranks consecutively, each acting appointment should be counted individually and separately and cannot be aggregated for the purpose of meeting the minimum qualifying period for acting allowances.
- (g) A teacher should only draw one acting allowance at any one time and schools should not make concurrent multiple acting appointments.
- (h) Acting appointments can be made on operational grounds even if no acting allowance is payable.
- (i) Acting allowances will be treated as salary for provident fund purposes.
(updated on 1 April 2013)
- (j) The rate of acting allowance takes effect on 1 September 2004. *(updated on 1 April 2013)*

C. Special Education Allowance (for Special Schools)

1. Prior to 1 September 2003

- (a) A special education allowance (SEA) may be awarded to staff in the ranks of CM/AM/SAM/PAM / GM/SGM/PGM / Pr II/Pr I / APSM/PSM/ HM II/HM I, while serving in such capacity in a special school, who have successfully completed a recognised course of training in special education run by the Hong Kong Institute of Education, or a course recognised by the Permanent Secretary as an equivalent. The allowance will be at a rate equivalent to two increments next on the Master Pay Scale above the level of their substantive pay.
- (b) For Heads of aided special schools holding a Pr I post, their substantive salary plus SEA should not exceed the top of the Master Pay Scale, that is, Master Pay Scale Point 49.

- (c) Staff in the above ranks appointed as temporary replacements will be eligible for the SEA if they have completed special education training recognised by the Permanent Secretary.
- (d) Part-time staff in the above ranks will be eligible for the SEA on a pro-rata basis if they have completed special education training recognised by the Permanent Secretary.

2. On or after 1 September 2003

The SEA will cease to be payable to new recruits and existing teaching staff who have not yet commenced their recognised special education training in the 2002/03 school year. As for the existing teaching staff of special schools, who are in receipt of the SEA or pursuing their studies in recognised special education courses, the following arrangements will apply:

- (a) Teaching staff of special schools, including Pr I, who are in receipt of the SEA will retain an SEA of one salary point above their substantive salary, provided that the sum of their substantive salary and the SEA should not exceed their maximum pay point on their respective pay scale regardless of their existing pay point, except in the circumstances specified in sub-paragraph (b) below.
- (b) Teaching staff of special schools who have already reached the maximum pay point in the 2002/03 school year will be allowed to retain an SEA of one salary point above the maximum pay point.
- (c) Teaching staff of special schools who are pursuing their studies in recognised special education courses in the 2002/03 school year are, in principle, allowed to be paid an SEA of one salary point above their substantive salary with effect from September of the following school year on successful completion of the recognised special education courses, provided that they remain as teaching staff of special schools. However, the sum of their substantive salaries and the SEA should not exceed their maximum pay point on their respective pay scales.
- (d) Teaching staff of special schools who are in receipt of other responsibility allowance are not allowed to retain the SEA.
- (e) The above arrangements will also be applicable to the existing teaching staff of special education on transfer to another aided special school without a break of service, provided that the posts they fill
 - (i) have been created in the 2002/03 school year, or
 - (ii) are created after the 2002/03 school year due to expansion of classes or with explicit permission of the Education Bureau for the post-holders to retain their SEA.

Teaching staff of special education refers to teachers of special classes, intensive remedial teaching programmes, integrated education programmes, aided special schools, practical schools and skills opportunity schools.

(updated on 1 September 2019)

- D. All allowances stated in this Section are subject to review by the Permanent Secretary from time to time when necessary, and will be treated as salary for provident fund purpose.

Section 9

Administration Grant for Aided Secondary Schools

1. The Administration Grant is provided for aided secondary schools to employ administrative and janitor staff to meet their specific needs. The Incorporated Management Committee should be responsible for the appointment, dismissal, salaries and terms of service of all staff employed with the Administration Grant in accordance with all employment related rules and regulations under relevant ordinances. Expenditure on cleaning services of the school premises by contract may also be chargeable to the Administration Grant. The amount of grant is normally assessed on a per class basis at the rate, which is adjusted annually in accordance with the movement of the Composite Consumer Price Index, as announced in the relevant circular issued by the Permanent Secretary.

2. Calculation of administrative staff grant element and janitor staff grant element in the Administration Grant per class is based on the notional posts in a standard aided secondary school with 29 classes as follows –

(a) Administrative Staff

<u>Post</u>	<u>No.</u>
Secretary	1
Clerical Officer	1
Assistant Clerical Officer	1
Typist	1
Clerical Assistant	1
	5

(b) Janitor Staff

<u>Post</u>	<u>No.</u>
Office Assistant	1
Workshop/Laboratory Attendant	3
Workman II	9
	13

3. The janitor staff grant element payable to a secondary school may be calculated individually on an operating class basis or on a classroom equivalent basis according to the janitor staff requirement for the school in relation to the number of classrooms, special rooms, laboratories and workshops.

Section 10

Administration Grant/Revised Administration Grant for Aided Primary, Special Schools and Boarding Section of Aided Secondary Schools

1. The Administration Grant or Revised Administration Grant is provided for aided primary, special schools and the boarding section of aided secondary schools for the employment of clerical and janitor staff to meet their specific needs as follows –
 - (a) Administration Grant

For a school that has elected to receive the Administration Grant, the salaries for the clerical and janitor staff employed will be paid out of the Administration Grant. The Incorporated Management Committee should be responsible for the appointment, dismissal, salaries and terms of service of these non-teaching staff in accordance with all employment related rules and regulations under relevant ordinances.
 - (b) Revised Administration Grant

For a school that has elected to receive the Revised Administration Grant, the salaries of the janitor staff will be paid through the Revised Administration Grant, while the approved salaries of the clerical staff will be paid through the Salaries Grant as provided under Section 10.1 of the Code of Aid for Aided Schools. The Incorporated Management Committee should be responsible for the appointment, dismissal, salaries and terms of service of the janitor staff in accordance with all employment related rules and regulations under relevant ordinances.
2. Schools are given an option to choose between the two Grants. Schools that opt for the Revised Administration Grant may opt for the Administration Grant if they so prefer. However, the option once exercised in favour of the Administration Grant is final and irrevocable.
3. Both the Administration Grant and the Revised Administration Grant can be used for procuring ancillary services (e.g. the cleaning of the school premises) by contract.
4. The clerical and janitor staff entitlements as shown at Section 1B for aided primary schools and Section 1C for special schools, with rates set with reference to the mid-point salary of an entitled clerical post and the maximum point salary of the janitor post at the September 1999 level, are used as the basis for calculating the amount of the Administration Grant, or Revised Administration Grant where appropriate. The rates are adjusted annually in accordance with the movement of the Composite Consumer Price Index and will be announced in the relevant circular issued by the Permanent Secretary.
5. A school that opts for the Revised Administration Grant will be required to follow the guide to appointment for clerical staff shown at Section 4.

Section 11

Expanded Operating Expenses Block Grant (EOEBG)1. Purpose

The EOEBG aims at providing IMC schools with more financial autonomy in the deployment of funds for educational purposes.

2. Features

- (a) The EOEBG is provided to aided schools in the school year following their establishment of the IMCs. More non-salary recurrent grants that are formerly outside the Operating Expenses Block Grant (OEBG) are included in the EOEBG. The full list of constituent grants under the EOEBG is set out in the EOEBG User Guide. The EOEBG includes virtually all non-salary recurrent grants to aided schools, except those which are ad-hoc in nature, those which are currently under review, and those which are paid for very specific purpose on a reimbursement basis. The demarcation between the General Domain and Special Domain adopted in the OEBG is removed in the EOEBG, with the exception of some specified grants e.g. Capacity Enhancement Grant (CEG). The EOEBG is provided as one block grant and schools are free to deploy the funding flexibly.
- (b) Similar to the OEBG, schools may use the surplus under the EOEBG on items chargeable to other Education Bureau (EDB) subsidies outside the EOEBG. In addition, schools may use the surplus to top up non-recurrent expenses for projects approved/funded by the EDB. However, schools should not take out a large amount of surplus under the EOEBG to top-up a single project, which might affect the opportunity for students to enjoy other educational resources they are entitled to. Subject to certain limits, schools may also use the surplus to top up recurrent expenses arising from other government-funded projects, furniture and equipment and other facilities or educational services acquired through private donations or other fund-raising schemes.
- (c) The computation and annual adjustment of provision of the EOEBG are simplified and based mostly on the number of approved classes, except for some school specific grants. School specific grants are grants that are of special nature and only applicable to selected schools with special circumstances. They will continue to be determined separately in accordance with the prevailing criteria applicable to each of these grants.

3. Ambit

The EOEBG covers ambits of all its constituent grants. It can be used for purposes related to teaching and learning, operation and development of the schools. For example, schools may use the EOEBG to cover expenditure incurred from operating cost such as telephone and electricity charges of the schools, procurement of consumables and teaching aid, conduct of educational programmes for their students, hiring of staff outside permanent staff establishment, procurement of stores, furniture and equipment, cleansing,

security and other necessary services. It can also be deployed to finance professional development for their staff and other educational purposes endorsed by the IMCs. For employment of staff, all expenditure related to salaries, leave entitlement and statutory benefits such as Mandatory Provident Fund (MPF), Long Service Payment and Severance Payment can also be covered by the EOEBG. *(updated on 1 September 2016)*

4. Principles and rules on usages

(a) In exercising the flexibility in the use of resources, schools are required to consider carefully the interests of both students and staff. The annual provision of government subvention should be sufficient for schools to cover all operating expenditure. Schools should have sound financial planning and good budgeting in utilising government funding in order to meet the needs of current students as well as school development and various policy priorities. Schools are reminded to establish effective financial management processes in order to deploy their resources in a cost-effective and timely manner and to ensure that expenditures incurred are reasonable and necessary for educational purposes. While schools may retain up to 12 months' provision under the EOEBG, they are not expected to keep too much surplus without specific purposes. Starting from the 2012/13 school year, schools may use the surplus of the EOEBG for the payment of statutory holidays/annual leave arising from the following types of specific no-pay leave¹³ for their staff remunerated under Salaries Grant: *(updated on 1 September 2016)*

- (i) no-pay sick/maternity/special tuberculosis leave (referred to as no-pay sick leave);
- (ii) no-pay study leave for attending education-related courses;
- (iii) no-pay leave granted due to poor health condition with medical documentary proof; and
- (iv) no-pay leave granted for alleviating the redundancy problem of an individual school/schools under the same Sponsor (prior confirmation from the School Development Officer concerned is required).

For no-pay leave other than the above listed, schools should take own responsibility to fulfill all statutory requirements including meeting any possible expenditure out of non-government funds.

(updated on 1 April 2013)

(b) Schools must not use the provision to procure services or materials merely to drill students for assessments. Expenditures on celebration, entertainment, flower baskets, fruit baskets, wreaths and all other similar items for ceremonial activities or tributes to other schools should be kept to the absolute minimum. When procuring furniture and equipment items,

¹³ Prevailing procedures should be followed in approving no-pay leave to staff in schools. Schools should retain all supporting documents for payment arising from the above specific no-pay leave for record and inspection, if required.
(updated on 1 April 2013)

schools should observe the principles of prudence and propriety in the management of resources and have proper checks and balances to safeguard the use of funds in view of their future development. In addition, schools must ensure that any recurrent consequences arising from exercising funding flexibility will be absorbed within the EOEBG or met by schools' own funds.

(updated on 1 September 2011)

(c) In utilising the funding flexibility of the EOEBG, schools are requested to take notice of the following:

(i) Schools should ensure that the total spending should be kept within the amount of provision and avoid deficits as far as possible. Any deficits arising should be borne by the school's own funds.

(ii) Subsidy will continue to be provided for Provident Fund/MPF contributions in respect of janitors, clerical and other supporting staff employed within the provision allocated for Administration Grant/Revised Administration Grant¹⁴.

(iii) Surplus under the EOEBG can be used to top up no more than:

- ◆ 50% of recurrent cost arising from government-funded projects e.g. maintenance fee for computers bought with the Quality Education Fund; and
- ◆ 25% of recurrent cost arising from furniture and equipment and other facilities or educational service acquired through private donations or other fund-raising schemes e.g. expenses on toner for printers from private donations.

In this connection, schools are required to establish proper procedures, objective criteria and clear approving authority for transferring the surplus out of the EOEBG.

(d) If schools deploy the school specific grants such as CEG or Administration Grant/Revised Administration Grant or provision of baseline reference under the EOEBG to employ staff, they should set aside part of these grants/provision of baseline reference for the payment of Severance Payment/Long Service Payment¹⁵ as outstanding commitment. In case the funds are insufficient to settle the payment, schools may deploy surplus under the EOEBG to cover the deficit. Schools should keep a separate ledger for the Severance Payment/Long Service Payment and work out the amount payable to each staff concerned on their cessation of service.

¹⁴ Including Administration Grant for Additional Clerical Assistant for aided secondary schools.
(updated on 1 September 2016)

¹⁵ Separate subsidies are provided to aided primary, aided secondary and special schools to pay the Long Service Payment for non-teaching staff employed under Administration Grant/Revised Administration Grant. Aided primary and special schools may also claim reimbursement of the Severance Payment for these staff following the prevailing procedures. As for aided secondary schools, the Severance Payment of the non-teaching staff should be paid through Administration Grant, which is not reimbursable.

- (e) Schools are reminded that non-education related expenditures as listed below are not allowed to be charged to the EOEBG:
- (i) entertainment expenses such as lunch/dinner for staff not related to discharge of duties¹⁶;
 - (ii) fringe benefits/welfare for staff, including housing benefits, provision of food or food allowance, medical expenses, travelling expenses¹⁷, etc.;
 - (iii) loans to staff or third parties;
 - (iv) administrative and management expenses, including salaries of staff, of the headquarters or other service units of the school sponsoring body;
 - (v) donations; and
 - (vi) any other items announced via circular/circular memorandum issued by the EDB from time to time.

In the event that expenditure is found improperly charged to the EOEBG, the EDB shall request the school concerned to explain the anomalies. In the absence of acceptable explanation, the school should make good such expenditure by charging it to its own funds. *(updated on 1 September 2016)*

5. Option for developing schools

For aided schools that are newly operated or in the midst of their development stage and have yet to attain the full range of levels of classes, they may opt for the method for the new schools or continue to adopt the method for the existing schools when they establish their IMCs. The option is irrevocable.

6. Accounting arrangements

Schools are required to keep a separate ledger to clearly record all the income and expenditure chargeable to the EOEBG. While the demarcation of the General Domain and Special Domain is removed, schools are advised to take into consideration that schools may be required to report on the expenditure specified for programmes under certain school specific grants, like the CEG.

¹⁶ As a guiding principle, entertainment expenses such as lunch/dinner for staff should not be charged to the EOEBG or any school funds account. However, under school-based management, the IMC may approve expenses on entertainment according to the needs and policy priorities of the school on condition that the expenditures incurred are reasonable and necessary for educational purposes and met in a cost-effective manner. In this connection, the expenses in respect of breakfasts/lunches/dinners incurred by school staff in relation to their discharge of duties in major school functions such as School Anniversary Dinner, Parent Teacher Association Annual Dinner, etc. can be charged to the EOEBG. Schools are required to avoid lavishness and to make conscientious decision in providing such expenses. The limits of such expenses per occasion and per head are \$150 for breakfast, \$350 for lunch and \$450 for dinner with service charge and tips included. The IMC is required to provide full justifications if the expenses exceed these limits.

¹⁷ The IMC may approve travelling expenses for teachers escorting students in study tours in relation to their discharge of duties on condition that the expenses incurred are reasonable, necessary for educational purposes and met in a cost-effective manner. The expenses can be charged to the EOEBG. Schools should critically assess the necessity of providing related expenses and allocate appropriate resources according to their needs and policy priorities. They are reminded to follow established processes in approving such expenses.

As such, schools are also advised to keep separate sub-ledger for all school specific grants so as to facilitate reporting requirements, where necessary.

7. Surplus retention

Schools may retain a maximum amount of surplus of up to 12 months' provision of the EOEBG for the current year (excluding funds set aside as outstanding commitment for the payment of Severance Payment/Long Service Payment for staff as mentioned in paragraph 4(d) above). The Permanent Secretary may under exceptional circumstances agree that individual schools can retain surplus in excess of this level.

8. Accountability

- (a) The implementation of the EOEBG gives schools greater autonomy in the deployment of resources and, in turn, the delivery of education to their students. The quid pro quo to such autonomy is that schools have to be more transparent and accountable to the community for their performance and the use of funds. Schools must establish an accountability framework under which there are sufficient checks and balances to guard against any untoward developments. Two of the key elements of a proper accountability framework are schools' internal self-regulation and external monitoring. Self-regulation takes place through annual planning, budgeting, regular financial reporting and review by the schools themselves. *(updated on 1 September 2016)*
- (b) For external monitoring, schools are required to disclose financial information properly in their Annual School Plan and the annual School Report, which are to be uploaded onto the website of the schools. In addition, the IMCs are also required to submit to the EDB their annual accounts including the information as required by the EDB, which will have been audited by a certified public accountant (practising) as defined in the Professional Accountants Ordinance (Cap. 50).
- (c) An IMC of a school is responsible for the proper management, administration and operation of the school. It handles funds and assets received from the Government in the capacity of a trustee. Therefore, it is obliged to hold accountable for any improper use of public resources.

For further details, please refer to the reference materials on EOEBG uploaded onto the EDB website (<http://www.edb.gov.hk> → School Administration and Management → Financial Management → General Finance → Reference Materials on E/OEBG and CFEG) and the relevant circular.

Section 12

Teacher Relief Grant (TRG)1. Purpose

The TRG aims at simplifying the administrative procedure for appointing supply teachers to replace teachers on leave and providing flexibility for schools to opt to obtain a cash grant by freezing up to 10% of their teaching establishment in aided schools established with IMCs. Schools will have enhanced financial support and autonomy in planning their manpower deployment, organising staff professional development and student learning activities, and employing staff of various disciplines.

2. Features

- (a) An annual recurrent cash grant under the TRG is provided to each IMC school to cover approved leave of eligible teachers. With the TRG, schools are no longer required to apply for reimbursement of supply teachers for teachers on leave lasting for less than 30 days. Schools are allowed to claim reimbursement from the EDB for appointing supply teachers for regular teachers on maternity leave, sick leave and other approved leave lasting for 30 days or more. For leave of 30 to 89 days, daily-rated supply teachers can be reimbursed. For leave of 90 days or more, monthly term temporary replacements can be reimbursed.
- (b) With the consent of the IMC, majority of teachers and parents in advance, schools may opt to obtain a cash grant by freezing up to 10% of their approved teaching establishment with enhanced rates of computation. In this connection, the existing arrangement of Substitute Teacher Grant (STG) is replaced by the TRG for IMC schools.

3. Ambit

Schools can use the TRG to appoint temporary supply teachers or teaching-related staff. They can also have full flexibility in using the TRG to procure education-related services or employ other staff like social workers, educational psychologists, professional tutors for career-oriented studies, etc. to meet their school-based needs and requirements of the various new initiatives, including the new academic structure for senior secondary education. If the TRG is used for employment of staff, expenditures like salaries, contribution to Mandatory Provident Fund, and any statutory benefits conferred by the Employment Ordinance should be met by the TRG.

4. Principles and rules on usages

Similar to the EOEBG, schools should ensure that the expenditure incurred is reasonable and necessary for educational purposes and consider carefully the interests of students and staff. Schools should ensure that the total spending be kept within the amount of provision and avoid deficits as far as possible. Schools may use the surplus under the EOEBG to top up the TRG in case of

deficit. If there is still unsettled deficit, it has to be borne by the school's own funds.

(updated on 1 April 2013)

5. Accounting arrangement

- (a) The annual recurrent cash grant is provided on a quarterly basis in September, November, February and May. The optional cash grant is released to schools on a claim basis and payments are also on a quarterly basis.
- (b) For reimbursement of daily-rated supply teachers to replace regular teachers on maternity leave, sick leave and other approved leave lasting for 30 days to 89 days, schools should use the claim form (EDB Form No. 110) available at the EDB website (<http://www.edb.gov.hk> → School Administration and Management → Financial Management → About Financial Management → TRG for Schools with an Incorporated Management Committee). For appointment of temporary teachers for regular teachers taking leave of 90 days or more on monthly term, schools should submit appointment form available at the EDB website (<http://www.edb.gov.hk> → Teachers Related → Appointment & Related Matters → Appointment Matters).
- (c) Schools wishing to apply for the optional cash grant for freezing teaching posts should use the claim form available at the EDB website (<http://www.edb.gov.hk> → School Administration and Management → Financial Management → About Financial Management → TRG for Schools with an Incorporated Management Committee).

(updated on 1 April 2013)

6. Surplus retention

- (a) Schools will be allowed to accumulate surplus up to three times the annual provision of the TRG in the year in which the grant is provided.
- (b) Surplus of the TRG cannot be transferred out and cannot be used for purposes outside of the TRG. The TRG reserve must be kept separately for control and audit purpose. Transfer between the reserve accounts of the EOEBG and TRG as to bypass the permitted surplus level for each account is strictly prohibited.

7. Accountability

- (a) Schools receiving the TRG should include in their School Report the use of the TRG with reference to their own situation and school-based targets. Schools should keep a separate ledger account to record all income and expenditure chargeable to the TRG.
- (b) The IMC of a school is obliged to hold accountable for any improper use of the public resources including the TRG.

- (c) IMC schools are reminded to follow the rules and regulations on procurement procedures as stipulated in EDBC No. 4/2013 if they utilise TRG for the procurement of education-related services.

(updated on 30 April 2013)

For further details, please refer to the reference materials on TRG uploaded onto the EDB website at <http://www.edb.gov.hk> → School Administration and Management → Financial Management → About Financial Management → TRG for Schools with an Incorporated Management Committee.

Section 13

Non-Recurrent Grants

- A. Non-recurrent subsidy for furniture and equipment items not covered under Expanded Operating Expenses Block Grant (EOEBG)
1. Separate non-recurrent subsidy may be provided for furniture and equipment (F&E) items not covered under EOEBG for –
 - (a) School Administration and Management System;
 - (b) replacing standard F&E items lost in natural disaster, burglary, theft, fire etc;
 - (c) reprovisioning or redevelopment of and extension to an existing school administered under the terms of this Code of Aid; and
 - (d) new initiatives.
 2. Application for provision of the above non-recurrent subsidy will be announced through circular from time to time.
 3. Schools will be notified individually in writing by the responsible Section of the Education Bureau of the grant(s) that has/have been approved, the amount of provision and the due date for requesting the payment/reimbursement of the subsidy. Schools should then proceed with the procurement exercise as soon as possible in accordance with the “Guidelines on Procurement Procedures in Aided Schools” as detailed in the School Administration Guide and relevant circularscircular memorandums in force.
 4. Payment and accounting arrangements of non-recurrent F&E subsidy
 - (a) The arrangements for payment/reimbursement of approved non-recurrent F&E subsidy to aided schools are set out in the respective approval letters to individual schools.
 - (b) Schools should record the income and expenditure separately for the non-recurrent subsidy under F&E Account for individual projects in accordance with the approval letter. The F&E items purchased should be recorded in the Fixed Assets Register. Schools should observe the requirements laid down in the relevant Circular Memorandum on Annual Accounts of Aided Schools.
 5. Schools should ensure that the income and expenditure of all approved non-recurrent subsidy should be properly recorded in the appropriate account books with all receipts and invoices in respect of the purchases being kept in the school for audit inspection purposes.

(updated on 1 September 2017)

B. Major repairs and projects of \$50 million and below

(with effect from 22 January 2021)

1. Requests for subsidy towards the cost of items in respect of internal/external/structural repair works costing \$8,000 (for secondary schools)/\$3,000 (for primary and special schools) or above must be submitted to the EDB via the appropriate channel as detailed in the call circular issued annually to schools. The completed applications should reach the EDB not later than the specified date.
2. In making their application of works, schools will have to specify the location and details of works to be done without giving the estimated costs and state the reasons why the work requests are needed. Applications from schools will be processed in accordance with the procedures for major repairs in respect of estate and non-estate aided schools as detailed in the School Administration Guide.
3. Subject to the availability of funds, the EDB will inform schools of the approved projects.
4. Schools should note that

(a) For Estate Schools

- (i) All approved repair works will be carried out by maintenance term contractors supervised by the term consultants appointed by the EDB.
- (ii) For items involving works in a non-school portion, the school should state clearly when submitting the application. Normally, the term consultants will not be responsible for any works on non-school portion which is separately identifiable from the school portion. The term consultants will only undertake works in a non-school portion when it is inseparable from the school portion at which approved repair works are to be carried out. Prior to commencement of works in the non-school portion, the Incorporated Management Committee of the school is required to agree in writing the scope of work and to pay the necessary costs with an on cost at prevailing rate charged for the works in the non-school portion.
- (iii) The Incorporated Management Committees, as building tenants, should be responsible for the safety and soundness of their buildings. The term consultant appointed by the EDB, acting in its role as works agent, would be responsible only for the sufficiency of the actual repair work projects undertaken by them.

(b) For non-estate schools

- (i) All approved repair works will be carried out by maintenance term contractors supervised by the term consultants appointed by the EDB. (Remarks: For projects of estimated cost exceeding

\$2 million each approved before 1 April 2019, the professional officers of the Architectural Services Department will continue to deliver the projects and arrange contractors to carry out the repair works) (*with effect from 1 April 2019*)

- (ii) For items involving works in a non-school portion, the school should state clearly when submitting the application. Normally, the term consultants/ArchSD will not be responsible for any works on non-school portion which is separately identifiable from the school portion. The term consultants/ArchSD will only undertake works in a non-school portion when it is inseparable from the school portion at which approved repair works are to be carried out. Prior to commencement of works in the non-school portion, the Incorporated Management Committee of the school is required to agree in writing the scope of work and to pay the necessary costs with an on cost at prevailing rate charged for the works in the non-school portion.

- ◆ That the school will be managed in accordance with the Education Ordinance and its subsidiary legislation and the Code of Aid for Aided Schools.
- ◆ That if the trustees or legal representatives of the sponsor should at any time desire to be released from the foregoing obligations, or if for any reason the school ceases to be accepted by the Permanent Secretary as an aided school, the trustees or legal representatives of the sponsor may be required to repay the whole amount of grant to the Government or an equitable proportion of such grant as assessed by the Government.
- ◆ That in the event of any breach or non-performance of any of the terms, covenants and conditions contained in the Deed of covenant, it shall be lawful for the Government to re-enter upon the lot and the school without the payment of any compensation whatsoever.

(*updated on 1 September 2016*)

C. Grant for Capital Cost for Building (for projects exceeding \$50 million)
(with effect from 22 January 2021)

1. Subject to funding and policy, the Permanent Secretary may approve non-recurrent grant towards the capital cost for the extension or redevelopment of existing school premises.
2. The application for the grant for capital cost for building by the Incorporated Management Committee (the Applicant) should give full justification for the proposal, including the proposed scope, the estimated cost, and the amount the Applicant will contribute. In addition, the Applicant must state in its application whether it intends to carry out the project by private contract under government subvention. The Applicant should state whether a grant of site is required from the Government or whether the proposed project is to be built on land already available. For a proposed project on private land, the Applicant should check with the relevant District Lands Office that the lease conditions of the land will permit the proposed development. A statement regarding the land title, signed by the trustee or the legal representative of the grantee should be forwarded with the proposal to the Permanent Secretary for consideration. This statement should show the location, lot number of the areas to be used. All expenditure prior to notification in writing by the Permanent Secretary of the approval of the non-recurrent grant will be the sole liability of the Applicant.
3. Consideration and approval for non-recurrent grant are subject to the conditions set out by the Permanent Secretary. Funding consideration is subject to resource allocation and the Finance Committee of the Legislative Council. The proposed project should be carried out in accordance with the requirements of the prevailing subvention policy and conditions set out by the Permanent Secretary.
4. Non-subvented portion if required by the Applicant may be included in the project subject to approval by the Permanent Secretary even when the full cost required, including consultancy and construction, etc., for the non-subvented portion is borne by the Applicant. Such non-subvented portion and the related cost will not be eligible for recurrent or non-recurrent subsidy from the Government.
5. Subject to justification for the proposal, the Permanent Secretary will issue a project definition statement to the Works Agent for feasibility study and follow up action. The Permanent Secretary will issue the project definition statement direct to the Applicant opted to carry out the project under private contract. Under this self-delivery mode, the Applicant will be responsible for preparing a Technical Feasibility Statement for submission to the EDB for comment and approval.

6. Upon written approval of the Technical Feasibility Statement and confirmation to proceed with the pre-tender works, the Applicant can obtain technical and fee proposals for architectural and associated consultancy services and quantity surveying consultancy services. Only registered consultants should be invited for tender and the invitation documents should be forwarded to the Permanent Secretary for comment.
7. The Applicant should submit recommendations for appointment of consultants to the Permanent Secretary for approval on the recommendations of the ArchSD. The technical proposal and fee proposal are to be kept distinctly separated. Any opening of fee proposals prior to the EDB/ArchSD examination of the technical marking will immediately invalidate the tender or disqualify the tender from subvention. The recommended technical and fee proposals should not be accepted until written approval is given by the Permanent Secretary. The Applicant should also submit tender documents for various pre-tender works like site investigation for approval before commissioning the contracts.
8. The Applicant should only proceed into the post-contract stage upon the written notification of the Finance Committee's funding approval. Prior to issue of tender for construction work, the Applicant should forward a list of proposed tenderers together with the draft tender documents for ArchSD's comment and approval by the Permanent Secretary.
9. For post-contract works, a minimum of ten tenderers should be invited to tender. The Applicant should require the tenderers to deposit their tenders into the Public Works Tender Board (PWTB) Tender Box. In this regard, the Applicant should give advance notice to the Secretary of the PWTB of the works and the tender closing date. The tender closing date and time must be set at noon on a Friday not being a public holiday. Upon receipt of tenders, the Applicant will be informed by PWTB for collection of tenders.
10. The Applicant should submit the tender recommendation to the EDB for approval. It should be noted that without exceptionally valid justifications, the Applicant is required to accept the lowest complying tenders. The Applicant must not accept any tender unless there is prior approval from the Permanent Secretary. The school shall be liable for all the consequences of accepting tenders in excess of the approved project estimates without prior approval from the EDB.
11. Any financial commitment accepted without the prior approval of the Permanent Secretary shall be the sole responsibility of the sponsor. After the Permanent Secretary has given approval for the recommended tender, the Applicant may arrange for the signing of the contract and the commencement of construction work in accordance with the terms of the contract. A copy of the signed contract should be submitted to the EDB for record.

12. When a project is not fully financed through the capital subvention, the school should use up its agreed contribution or any other payment arrangement as referred to in the Letter of Approval (excluding contribution to provide furniture and equipment, if applicable) before requesting payment of the subvention. If the total tender price is higher than the estimated construction cost of the school as referred to in the Letter of Approval, the school should also absorb the difference according to the payment arrangement as stated in the Letter of Approval.
13. Where the new building or extension is to be erected on private land, the trustees or legal representatives of the sponsor must execute under seal and register by Memorial in the Lands Department a Deed of Covenant which shall contain such provisions as the Permanent Secretary may require, and shall in particular provide the following:
 - (a) That the premises will be used solely for approved educational purposes or other purposes approved by the Permanent Secretary.
 - (b) That the school will be managed in accordance with the Education Ordinance and its subsidiary legislation and the Code of Aid.
 - (c) That if the sponsor should at any time desire to be released from the foregoing obligations, or if for any reason the school ceases to be accepted by the Permanent Secretary as an aided school, the sponsor may be required to repay the whole amount of grant to Government or an equitable proportion of such grant as assessed by the Government.
 - (d) That in the event of any breach or non-performance of any of the terms, covenants and conditions contained in the Deed of Covenant, it shall be lawful for the Government to re-enter upon the lot and the school without the payment of any compensation whatsoever.
14. Payment of capital subvention to a school is subject to the conditions stated in the Letter of Approval issued by the Permanent Secretary to the school receiving the subvention. Interim payment of building grant may be requested after the agreed contribution of the school towards the building cost has been fully expended. Requests for payment by the Applicant must be supported by properly receipted bills and where an architect is employed, by the architect's certificate to the effect that the work for which payment is claimed, has been satisfactorily completed. Where circumstances justify e.g. the original receipts, invoices or certificates submitted are found not acceptable, the Permanent Secretary could cease to make payment of subvention to the school and the school shall repay partly or fully the subvention received if required by the Permanent Secretary.
15. The final submission of original invoices and receipts for works should be made to the Permanent Secretary within the Period of Final Measurement as stated in the building contract (usually 12 months from the date of practical completion of the project). Under normal circumstances, the account of the project should be closed as soon as possible and in any event within three years from the handover of the completed school building.

16. Current consultancy guidelines mandate Bills of Quantities. It should also be noted that all materials and workmanship for any works must be in accordance with the latest edition of the “General Specification for Buildings” published by the ArchSD.
17. For projects of \$50 million and below, please refer to part B of this section.
