How does Hong Kong contribute to the problem mentioned in Question 1?

3. Suggest what the government should be done to combat climate change.

Questions you need to address in the field trip

- Are there any human activities leading to climate change on Lamma Island?
- 2. What measures have been done to combat global warming on Lamma Island? Are they effective enough?
- 3. What other sustainable measures can be used to reduce climate change?
- 4. What can we do to combat climate change in our daily lives?
