

## [Applied Learning Extension Programme for Workplace Experience \(2020\)](#)

The Education Bureau is arranging the captioned extension programme\* for graduates of the following seven Applied Learning (ApL) courses (2018-20). The extension programme aims to provide add-on learning opportunities with workplace experience on top of regular ApL courses and help students get better prepared for career development and further explore their career aspirations.

### **Aviation Studies**

### **Fashion Image Design**

### **Foundation in Chinese Medicine**

### **Applied Learning Chinese (for non-Chinese speaking students)**

### **- Chinese for the Service Industry**

### **Health Care Practice**

### **Hospitality Services in Practice**

### **Medical Laboratory Science**

## [Features](#)

The extension programme of 60-hour duration will be conducted from mid-May to July 2020, providing workplace-related learning activities for students such as practice and exploration of the workplace environment in related industry.

## [Programme Information \(Attachment\)](#)

### [Application Arrangement](#)

1. Students should submit application forms to the Education Bureau through their secondary schools on or before the application deadline of 13 April 2020. Course providers will inform both students and schools of application results afterwards.

### [Application Form \(Attachment\)](#)

2. Students and schools are not required to pay any programme fee. The Education Bureau will provide full subsidies and arrange for payment to course providers directly.

\* Individual extension programme of ApL whether operates or not, subject to the number of student applicants.
