## 故事書《我愛大自然》參考資料:原文附簡單英文解釋

"I Love Nature" story book for reference reading: original text with simple English explanation

## P.1-5

| 《我愛大自然》 | I Love Nature                                                                                                                                                                                         |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 我有一雙眼睛, | I have eyes to watch the sun, the clouds, the moon, and the stars.  The nature is beautiful!  I have ears to listen to the sounds of the wind, the rain, and the thunder.  The nature is interesting! |
| 看紅日和白雲, |                                                                                                                                                                                                       |
| 看月亮和星星。 |                                                                                                                                                                                                       |
| 大自然真美麗! |                                                                                                                                                                                                       |
| 我有一雙耳朵, |                                                                                                                                                                                                       |
| 聽風的聲音,  |                                                                                                                                                                                                       |
| 聽雨的聲音,  |                                                                                                                                                                                                       |
| 聽雷的聲音。  |                                                                                                                                                                                                       |
| 大自然真有趣! |                                                                                                                                                                                                       |
