What do?

- **Social knowledge transfer platform**; which custom-designed social awareness programme/ training;
- Provides **experiential learning of extensive social issues** for corporations, schools and universities;
- Covers topics of poverty, social enterprise, ageing society, environment protection, etc.

What address?

- Increase awareness of different class cultures or hot social concepts in HK
- Introduce how particular social problem is defined, social structure is formed and policy behind is operated
- Learn challenges faced by those underserved
- Enhance personal reflections on the knowledge and attitudes regarding those underserved

What aim to?

SOCIAL AWARENESS

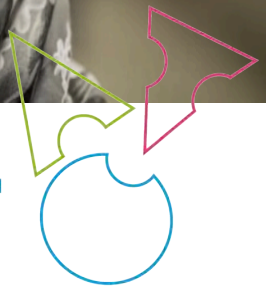

1. Build the social awareness for corporative staffs and school students by providing quality, added value and one-stop experiential programmes / training to meet their needs;

2. Change public attitude towards disadvantaged people from sympathy to empathy, from disability to ability, from fear to care; from passive to active

3. Generate financial income and marketing opportunities for our partnered social enterprises, small NGOs and community organizations.
