- English writing
- 中文作文

Socrative students

- www.socrative.com

The screenshot shows the Socrative homepage. At the top, there is a navigation bar with links for "Apps", "Resources", "About", "Help", "STUDENT LOGIN", and "TEACHER LOGIN". The main content features a woman with glasses resting on her head, smiling at the camera. She is standing in front of a chalkboard with various mathematical equations written on it, such as $-16 = (1) + 12 + x$, $x =$, $-11 = x + 6$, $-53 = x + 6$, and $1 + 4 + 12 + \dots - 5 = x$. To the left of the woman, text reads: "Visualizing student understanding has never been clearer". Below this text are two buttons: "GET A FREE ACCOUNT" and "WATCH THE OVERVIEW" which includes a play icon.

Advantages

- Instant feedback
- Big data
- Sharing of workload

Whiteboard made better

A better way to create whiteboard surfaces, from walls, to tabletops, and columns.

Light, flexible, durable 3M Whiteboard is the "write" way to create whiteboard surfaces.

Everybody loves using whiteboard because it turns walls into reusable writing surfaces. But specifying it or

Challenges or barriers facing BYOD deployment

The top concerns for BYOD are related to security.

While there are various costs incurred on BYOD, they are not seen as major barriers for deployment.

Function

The screenshot shows a digital textbook interface from www.mceducation.com.hk/apps/ebk360/Book.php. The page title is "11 立體圖形(二)". The first question, "1. 角錐和圓錐", asks: "① 下面的積木都是哪一種立體圖形？說說看。" Below the question are several colorful 3D shapes (cubes, pyramids, cones) and a boy playing with wooden blocks. The second question, "② 卓文把這些積木分成兩類。", shows two boxes labeled "角錐" and "圓錐" for sorting the shapes. The interface includes a navigation bar at the top with links like "eBook360", "Ching", and "Search". A blue banner on the right says "Flip video". Three blue diagonal banners on the left say "Interactive", "Instant feedback", and "Classroom management".
